

FOREIGN PREJUDICE

Not Caused By Boycott But By Racial Hatred.

CHINA FOR THE CHINESE

Boycott Stated to be More Imaginary Than Real—Millions of Orientals in Interior Cities Not Reached by Boycott Proclamation.

CHICAGO, March 3.—A dispatch to the Tribune from Washington, D. C., says:

Neither the boycott in China nor the lack of an efficient consular service is entirely responsible for the failure of American trade in the Orient to reach the proportions to which it is fairly entitled.

The consular bill may or may not go through Congress, the present outlook being unfavorable.

The boycott is more imaginary than real, according to reports received. That is to say millions of Chinese in the interior cities are not reached by any boycott proclamation. There is a feeling against foreigners, that is directed today towards America, tomorrow towards Germany, later on against England and last of all, Japan will be reached. This is merely a feeling, however, of a desire to build up China for itself.

The failure of American trade to increase as rapidly as it should do is declared to be the fault of American merchants who have not yet discovered that they must adapt their methods of manufacture and sale to the market they are looking after. Some extraordinary reports have been sent in the department of commerce and labor, going to show that much of the supposed animosity displayed by the Chinese against American goods is caused by the persistence of our manufacturers in refusing to study the Chinese market and to make themselves acquainted with the Oriental mind.

GAIN INJUNCTION.

NEW YORK, March 3.—The typethetae of the city of New York has obtained from Justice Blanchard, of the supreme court, a temporary injunction against Typographical Union No. 6 and all the officers and members of the union and their agents and servants and associates. DENIES REPORT.

Colombian Minister Will Not Withdraw From Washington.

NEW YORK, March 3.—Colombian Minister Mendosa who has been staying at a hotel in this city for the last ten days denied tonight that he had any intention of withdrawing from Washington, as has been reported.

"There is absolutely no foundation for the report," he said. "I am in New York on some business for my government. When I have finished with that, which will be in a few days I shall return to Washington and continue to present the claims of Colombia growing out of the Panama affair and try to have them satisfied. There is no truth in the report of any feeling of resentment felt by me, but I shall use every effort to obtain justice for Colombia."

BIG PRAIRIE FIRE.

ROSWELL, N. M., March 3.—Over 1,000,000 acres of fine pasture land just east of Portales, N. M., have been burned in a prairie fire that has been sweeping east and south for two days and is still beyond control with a head fifteen miles wide under a stiff wind.

J. P. White of the Yellow house ranch and L. F. Douthit, one of the biggest stockraisers in the southwest, estimated that the loss is already \$1,000,000. Probably a dozen big ranches have been robbed of their feed.

KILLED BY INDIANS.

BISMARCK, N. D., March 3.—Word has been received that Alfred Von Steger of Wilton, North Dakota, has been killed by Yaqui Indians in the mountains of Sonora, Mexico. Von Steger went to Mexico three weeks ago for his health and to investigate some mining property and it is presumed that he met his death while in the mountains looking at the mines. Von Steger was reported to be a German baron.

The government through Augustine Birrell, president of the board of education, and John Burns, the president of the local government, said the ministers would endeavor to secure the passage of the measure at this session.

Sir Charles Dilke's bill providing for the enfranchisement of women and the removal of their political disabilities was introduced and discussed, but there is no probability of its revival during the present session.
