YOUR HAT

May Be a Stylish One, But It Makes Trouble.

A man usually buys a hat that's "in style," but the modern hat for men has lots to answer for.

Baldheads are growing more numerous every day. Hats make excellent breeding places for the parasitic germs which sap the life from the roots of the hair.

When your hair begins to fall out and your scalp is full of dandruff it is a sure sign that these countless germs are busily at work.

There is but one way to overcome the trouble and kill the germs—that way is to apply Newbro's Herpicide to the scalp—it will kill the germs and healthy hair is sure to result.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

SIMPSON MILLS.

No Doubt Now Exists As To The Actual Fact.

That the Simpson Lumber Company's mills at this place together with all its timber land in this county, is sold is almost an assured fact.

Captain Simpson, while here, and the gentleman who was negotiating the purchase were both quite reticent regarding the matter but it is currently rumored and is probably true that E. L. Gaudette, of Bellingham has taken a twenty days' option on the property at a price approximating \$600,000 and that a forfeit of \$5000 has been deposited in the bank. It is not believed that Jno. F. Soule of Hoquiam, who was also negotiating for the purchase of the mill has any connection with the company for whom Mr. Gaudette is acting.

Mr. Gaudette has personally cruised all the timber in this county belonging to the Simpson Lumber company and is said to be well pleased with it. The Simpson property at this place is well known to be among the best mill and timber properties on the coast and the purchasers have undoubtedly secured a bargain if the sale is consummated and the large forfeit deposited is a pretty good indication that it will be.

Captain Simpson, Mr. Gaudette and Mr. Soule left here Sunday morning. Captain Simpson was taken on the tug Astoria to the Columbia river where he was fortunate in meeting the steamer Alliance at the mouth of the river en route for San Francisco and he was transferred to that steamer. Captain Simpson himself as well as the manager of his property interests

here are very popular with the people of South Bend and it is pretty generally hoped that there will be a few if any changes in the personnel of the employees. The new company is supposed to be a very wealthy one and it is expected that the capacity of the plant will be considerably enlarged under the new management.

The probabilities are that the new management will do, principally, a rail shipment business and it may be that the old and well worn question of a railroad through town or along the water front will be on deck again in a short time. If the deal is closed at the expiration of the option the new company is expected to take immediate possession. It is understood that the deal includes all the company's timber in this county, amounting to 8414 acres, but does not include the bar tug Astoria nor the Columbia mill near Knappton. The deal also includes a large amount of valuable city property in the South Bend addition to South Bend.

HOLD EGG-LAYING CONTEST.

White Leghorns Win the Day for the Best Work.

DUBLIN, April 1.—Irish poultry keepers will be interested to know that the ninth annual poultry-laying competition has just been held by the Utility Poultry Club in the grounds of Lady Warwick's Agricultural College at Studley castle, Warwickshire. In Australia, where egg-laying competitions are quite common, the contests last a year. In England so far they have not extended beyond sixteen weeks, but these cover the most trying times for egg-laying hens, beginning in October and ending in February. The birds were put up in houses with wire and glass fronts, and had large runs; and they were all fed alike. The winners in the competition were White Leghorns.

Caught Cold While Hunting a Burglar.

Mr. Wm. Thos. Lonorgan, provincial constable at Chapleau, Ontario, says: "I caught a severe cold while hunting a burglar in the forest swamp last fall. Hearing of Chamberlain's Cough Remedy, I tried it, and after using two small bottles, I was completely cured." This remedy is intended especially for coughs and colds. It will loosen and relieve a severe cold in less time than by any other treatment and is a favorite wherever its superior excellence has become known. For sale by Frank Hart and Leading Druggists.

CAKE IN FAVOR OF ALL PARTS OF STATE OPPOSED TO TRUST.

If H. M. Cake of Portland is elected to the United States Senate, every section of Oregon will have in him a representative of its interest. Mr. Cake has shown himself to be in favor of the development and up-building of Oregon. He does not believe the interests of any one part of the State should be put above those of any other part, and if sent to the Senate, will see to it that the remotest section of Oregon is given as much consideration as the most populous and wealthy section.

Every combination of capital known as a trust should be placed under the ban of the law, not only should trust corporations themselves be barred from doing business, but the individuals responsible for the combinations should be punished as provided by law, says Mr. Cake.

There is probably no man in the State of Oregon more pronounced in his opinion upon this subject than Mr. Cake,

as evidenced by his actions and past utterances.

He is not the attorney for, is not interested in, nor does he represent, directly or indirectly, any trust.

He believes in the absolute freedom of competition in all lines of business—the preservation of the equal rights of the entire citizenship of the country free from interference by combinations of capital.

Mr. Cake is a firm believer in the rights of the American working man to protect himself by means of labor organizations against the oppressions of organized capital.

The great common people of the country can depend upon it that Mr. Cake is friendly to their interests, for he is one of the common people.

He is friendly to every section and interest of the State, and if elected to the Senate, will do everything he can for the development and prosperity of all Oregon.
