

THE MORNING ASTORIAN, ASTORIA, OREGON.

Royal Baking Powder Absolutely Pure

Made from Pure Grape Cream of Tartar

In baking powder Royal is the standard, the powder of highest reputation; found by the United States Government tests of greatest strength and purity.

It renders the food more healthful and palatable and is most economical in practical use.

Housekeepers are sometimes importuned to buy alum powders because they are "cheap." Yet some of the cheapest made powders are sold to consumers at the highest price.

Housekeepers should stop and think. Is it not better to buy the Royal and take no chancesthe powder whose goodness and honesty are never questioned ?

Is it economy to spoil your digestion by an alum-phosphate or other adultered powder to save a few pennies?

Study the Map

Thirteen states and territories of the Middle West are traversed by Rock Island lines. There are more cities of 25,000 population and upwards on the Rock Island System than on any other Western road! From Minnesota to Texas, from the Rocky Mountains to the Great Lakes, it is Rock Island country. The Rock Island System occupies a strategic position in the western railway world.

Going somewhere? Get a Rock Island folder and study the map-ten to one your destination is on the Rock Island or reached by way of it.

Note our several offices maintained in the Northwest:

Portland, Seattle, Spokane,

have been coming in more freely than butterfat, 25@27hc. the commission merchants think advisable, and these men are finding it hard work to dispose of them. As usual at this season, the dairymen of the Northwest are anxious to get rid of their surplus calves, and so even the retail, butchers are heavily supplied, direct from the country.

"We want no calves; in fact, we have calves to sell you," is the answer retailers give wholesalers who are trying to work off the large number of calves that come in.

High price and poor condition governing other fresh meats have enabled dealers to work off their calves so far; without a slump in price, but quotations today came doyn in spite of all that could be done to keep them up, and 7he was considered the top notch.
