**A Dandy for Burns.**

Dr. Bergin, Pana, Ill. writes: "I have used Ballard's Snow Liniment; always recommended it to my friends, as I am confident there is no better made. It is a dandy for burns. Those who live on farms are especially liable to many accidental cuts, burns, bruises, which heal rapidly when Ballard's Snow Liniment is applied. It should always be kept in the house for cases of emergency." 25c, 50c and \$1.00. Sold by Hart's Drug Store.

**MEN ARE POWERLESS**

**To Fight Against Disease Unless They Strike at the Underlying Cause.**

To treat Dandruff, and Falling Hair, with irritants or oils on which a parasitic germ will prosper, is like scooping water from the ocean to prevent the tide from rising.

You cannot accomplish a satisfactory cure without having a right understanding of the fundamental causes of the trouble.

You must kill the Dandruff Germ. Newbro's Herpicide does this because it is specially made to do that very thing.

When the germ is removed, the hair has no choice but to resume healthy growth and beauty.

"Destroy the cause, you remove the effect."

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

## CATHOLIC Y. M. C. A.

**Plan For National Association in Considered.**

### PROMINENT MEN AT THE HEAD

Wealthy Catholics All Over United States Contributing Money Toward The Movement—Will Be Same as Y. M. C. A.

NEW YORK, April 9.—A plan, to establish in this country a national Association for Catholic Young Men, on the lines of the Young Men's Christian Association, has already taken definite shape, says today's Tribune and has the approval of Cardinal Gibbons, archbishops Cleland Farley and Ryan and leading Catholic laymen of the country.

John D. Crimmins, Mayor Dunne of Chicago, W. Bourke Cockran, Justice McKenna, of the United States supreme court the Countess Leary and other wealthy Catholics have offered their aid to the movement. A million dollars trust fund has been suggested as a fundation for the movement. The plans will be thoroughly discussed in Baltimore next month at the close of the Centennial celebration of the Baltimore Cathedral and a national committee formed. The idea has been endorsed by the leading Catholic weeklies.

There would, according to present plans be a national body, with national headquarters having jurisdiction over all branches throughout the country. Present clubs and societies would be done away with as absorbed. The movement is discussed in the calendar of the Paullist fathers issued yesterday.

### "ICED WATER ;HOT HOTELS."

Actress Gives Her Vivid Impression of America.

LONDON, April 8.—Miss Marie Hall the talented young violinist, has just arrived from New York. Interviewed as to her impressions and experiences she said:

"It has been a strenuous time but a happy tour. If I wished to give my impression of America in two words as American newspapers asked me. I should use four—"iced water, hot hotels."

"I began my tour in New York on November 2 and in four months I played in 60 cities. It was one long whirl of railway travel, hotels and work"

### SAVED FROM LYNCHING.

MERIDAN, Miss. April 9.—The coolness of Professor W. J. Reeson, of the Meridian Female Club prevented the lynching of a negro who shot Branson Farmer a street car conductor. Early yesterday morning a mob located the negro at the college where he had been employed and prepared to make an attack. Professor Reeson secreted the negro and argued the mob into dispersing by promising to deliver the negro to the police on Monday. The shooting occurred over the refusal of the negro to pay fare for a 12 year old boy, who accompanied him on the car. The conductor, it is believed, will recover.

## VINDICATE PEOPLE

Insurance Investigations Vindicate People's Moral Sense.

### IS NO "HONEST 'GRAFT'"

Insurance Investigator Hughes Deplores Fact That Success Obtained by Dishonesty and Chicanery Has its Effect.

NEW YORK, April 9.—Charles E. Hughes, counsel for the Legislative insurance investigating committee and former Mayor Low spoke yesterday before the society of Ethical Culture on "The Moral Lesson of the Recent Insurance Investigation." Mr. Hughes said that the most striking result of the investigation was its vindication of the sound moral sense of the people.

Public sentiment, he said, had demanded the investigation and made imperative the reforms.

Mr. Hughes praised the career of men like Marshall Field and deplored the fact that success obtained by dishonesty and chicanery had its effect on young men. He declared that the responsibilities of trustees had been almost lost sight of, and that today men accepted such trusts as degrees from some commercial university. He asked how many insurance directors had taken any real interest in the expenditures of their corporations or even asked or cared about the enormous sums charged as legal expenses. In times of prosperity they had supposed officers would do their duty and felt there was no occasion for close scrutiny. Had there been a little inquisitiveness, resulting which honest men would have felt bound to follow up would have been disclosed and an investigation started.

Mr. Low said the use of corporate money to influence legislation would continue so long as men were elected to public office who demanded blackmail. He declared that there was no such thing as "honest graft."

### MAKE MOTOR CARS LIABLE

German Government, Fernist Promiscuous Riding.

BERLIN, APRIL 8.—The German government will shortly introduce a bill into the reichstag rendering owners of motor cars liable for injuries caused to persons or property.

The bill provides that the owners of cars must make permanent provisions for the widows and orphans of any persons killed by their cars besides bearing the costs of the funeral and any other expenses caused by the accidents. In cases where persons are injured the owner of the motor car is to be compelled to pay all medical costs as well as to support the victim until the latter is sufficiently recovered to resume his or her daily occupation. If the injured person is responsible for the support of a wife, children or other relatives, the owner of the motor car must defray the costs of the maintenance of these persons for the same length of time.

If the person is permanently prevented from following his or her occupation by the accident, the owner of the car must grant him a pension for life, while if the injured person's earnings have been partially diminished as a result of the accident, a smaller pension is to be paid for life. These provisions do not apply to cases where the injured person is driving the car or is being conveyed therein at his or her own desire; neither do they apply to cases where the motor is incapable of traveling at a greater speed than ten miles an hour.

Its equal as a curative agent does not exist. So perfect is the medical action as to challenge the admiration of the medical profession. Such is Hollister's Rocky Mountain Tea. 35 cents, Tea or Tablets, Sold by Frank Hart.

### Cures Coughs and Colds

Mrs. C. Peterson, 625 Lake St, Topeka, Kans, says "Of all cough remedies Ballard's Horehound Syrup is my favorite; it has done and will do all that is claimed for it—to speedily cure all coughs and colds—and it is so sweet and pleasant to the taste. Sold by Hart's Drug Store."

It has been discovered that newspaper subscriptions are almost an infallible test of a man's honesty. If he is dishonest he will cheat the printer and if he cheats the printer he is dishonest, hence there is no escape. The editor's subscription book will be on hand at the judgment day, and some fellows will pray for the mountains to fall on them because they didn't square up with the printer.
