

FOR U. S. SENATOR

Hon. H. W. Cake and the Platform He Stands Upon.

PLAIN STATEMENT OF FACTS

Republican Principles the Basis of All—Development of Oregon—Labor Interests—Opposition to Trusts—Railroad Legislation.

H. M. Cake, republican candidate for United States Senator, has announced the platform upon which he will go before the people of Oregon at the primaries. The man and the platform will certainly meet with the approval of the people. Loyalty to Republican principles, devotion to the development of Oregon, improvement of rivers and harbors, a vigorous policy in the reclamation of arid lands, Government ownership of the Oregon City locks, tariff for protection and not for monopoly, opposition to trusts, equitable railroad rate legislation aid to deserving veterans, a fair trial of the primary law, construction of the Panama canal, a strong position on the rights of labor, exclusion of Chinese coolie labor, direct election of United States Senators, and a strong stand with the President for the people, are some of the propositions upon which Mr. Cake faces the people of Oregon.

He holds the enforced principles of the Republican party a condition necessary to the prosperity of the people and the maintenance of our institutions, and points to the progress the nation has made along all lines under Republican administration. He declares for harmony in the party and advocates that consideration be shown those who have assisted in maintaining the

protection, not for monopoly, and takes the position that when a particular industry has become able to take care of itself, the tariff should be modified to meet the changed conditions. The tariff laws, he says, should not be manipulated in the interests of a monopoly of any commodity of the people's necessities.

A strong stand is taken in opposition to trusts which Mr. Cake declares to be a menace to the liberties of the people and contrary to every principle of public policy, and he declares in favor of the prohibition of trust combines from carrying on business, their dissolution, and the punishment of violators of the law in this respect; besides such additional legislation as is necessary to correct the evil.

He strongly favors giving the Interstate Commerce Commission power to regulate railroads and other corporations carrying on an interstate business.

He favors national aid for deserving veterans of the Civil War, declaring that those who risked life, limb, and property for their country in times of national danger, are entitled to aid from the Government. He is in entire accord with the policy of aiding those deserving veterans.

The primary law, says Mr. Cake, has been adopted by an overwhelming vote of the people and he favors giving it a full, fair, and complete trial.

He stands for the completion of the Panama Canal with all possible dispatch in the interests of American commerce, and as a means of facilitating the movements of the American navy.

He declares the right of the American workingman to organize for the protection of his rights to be an inherent one and the only means by which he can compete with organized capital. He is in favor of reducing the hours of labor and takes the position that the employment of children in classes of labor that injure them in mind and body, should be prohibited by law.

The platform takes a strong stand in opposition to the modification or repeal of the Chinese exclusion act.

stability of the organization, and condemns discord, factions and unsettled allegiance to its principles.

He urges the necessity of strong efforts to develop the resources and industries of Oregon and movements to procure Federal appropriations to aid in building up the state. In the subject of improvement of rivers and harbors he pledges himself, in the event of his election, to spare no effort to procure Federal appropriations for the completion of jetty construction at the mouth of the Columbia opening of the Dalles-Celilo canal, the dredging of the Willamette river, and the deepening of the harbors of Tillamook, Coos and Yaquina Bays and the Coquille River. He advocates continuing contracts whereby the improvement work will be permanent and effective and not more contingent appropriations which result in little good.

His platform favors a more vigorous prosecution of the work of reclaiming arid lands in Oregon than has been the case heretofore.

He takes a strong stand for Government ownership of the Oregon City locks as a means of affording relief to the people of the Willamette Valley from tolls on their traffic.

He declares in favor of a tariff for

ed States Senators is unsatisfactory, says Mr. Cake, and he fully endorses the policy of electing United States Senators by direct vote of the people. He applauds the stand taken by President Roosevelt in opposition to trusts and combines of capital, and pledges himself that in the event of his election, he will stand with the President on the side of the people in the fight against organized greed.
