PORTLAND, April 25.—Front street was more than usually bare this morning, especially of green vegetables. The Baracouta was not permitted to leave the harbor of San Francisco, as she carried a cargo of foodstuffs, most of which was consigned to this city. Dealers express themselves as well pleased that the ship had not put to sea as the supplies could be used to release sufferers at once.

Stocks of such supplies as were called upon in the emergency were of rather larger proportions, so that the unusual demand was promptly met. The call could be duplicated if required, without seriously impairing purely local necessities.

Thirteen states and territories of the Middle West are traversed by Rock Island lines. There are more cities of 25,000 population and upwards on the Rock Island System than on any other Western road! From Minnesota to Texas, from the Rocky Mountains to the Great Lakes, it is Rock Island country. The Rock Island System occupies a strategic position in the western railway world.
Going somewhere? Get a Rock Island folder and study the map—ten to one your destination is on the Rock Island or reached by way of it.
