Is The Moon Inhabited?

Science has proven that the moon has an atmosphere, which makes life in some form possible on that satellite, but not for human beings, who have a hard enough time on this earth of ours; especially those who don't know that Electric Bitters cure Headache, Biliousness, Malaria Chills and Fever, Jaundice, Dyspepsia, Dizziness, Torpid Liver, Kidney complaints, General Debility and Female weaknesses. Unequaled as a general Tonic and Appetizer for weak persons and especially for the aged. It induces sound sleep. Fully guaranteed by Chas. Rogers, Druggist. Price only 50c.

RAISE LARGE SUM

Gotham's Churches, Theatres and Institutions Give Aid.

TO CALIFORNIA SUFFERERS

American League Team Gives Gate Receipts and large amount of Money is Secured for Needy Californians.

NEW YORK, April 30.—In church and theatre here yesterday thousands thronged to contribute to the San Francisco relief fund. In all the Roman Catholic churches a collection was taken. There were meetings for this purpose in all of the branches of the Y. M. C. A. Baseball at the American League Park contributed and a big sum was collected at a meeting of the Volunteers of America.

At a meeting of the Central Federated Union it was reported in behalf of the committee appointed last week to co-operate with the Actors Protective Union in a series of benefits in aid of the San Francisco sufferers that it had given up the idea and recommended another plan. The new one is to hold a labor carnival next Sunday. It is planned to have a parade of workmen who will carry American flags to collect money on the line of march. Behind the flags large baskets are to be carried. The recommendation was unanimously endorsed.

MANY DENVER FIRES.

DENVER, April 30.—Beginning at about four o'clock yesterday morning, the fire department was kept continuously for several hours responding to alarms. The most destructive fire burned the Twenty Third Avenue Presbyterian Church, located at the corner of Twenty Third Avenue and Ogden street, causing the loss of \$25,000. A block away stands the Calvary Baptist church which took fire but was not badly damaged. Something like twenty residences in the same neighborhood reported fires, doing more or less damage. The loss will total over \$50,000. Two firemen were crushed by falling walls at the Presbyterian church and seriously injured.

GORKY WILL SPEAK.

CHICAGO, April 30.—It was announced today that Maxim Gorky, Russian revolutionist will speak at two public meetings here Sunday, May 6. The meetings will be held under the auspices of the conference of Chicago Workmen's Organizations.

The two meetings at which other speakers will be present, will constitute a protest against the condition of the mining classes in Colorado and Idaho.

STRIKE POSTPONED.

NEW YORK, April 30.—The threatened strike of thirty thousand members of the packmen and excavators union against the members of the Contractors Protective Association for an increase in wages, scheduled to take place on May 1, has been postponed and may not take place at all.

DIES FROM INJURIES.

DENVER, April 30.—Mrs. Dorothea Towne whose husband, James A. Towne, cut his throat after assaulting her with a hatchet in a jealous frenzy last week dying the next day, is dead from the effects of her injuries. Mrs. Towne came here from Chicago and some of her relatives are now living at 640 South Oakley ave., in that city.

SUICIDE BELIEVED.

Harvard Professor Thought to Have Committed Suicide From Grief.

CHICAGO, April 30.—That Eric Muentzer, brooding over the charges that he murdered his wife in Cambridge, Mass., and depressed to the verge of melancholia by grief because of her death has committed suicide, is the belief of those who knew him while he lived in Chicago.

"I am convinced that Muentzer did not kill his wife," said Professor J. M. Crowe, of the University of Chicago, yesterday. Muentzer lived with Professor Crowe while he was an instructor at the university. "I believe, however, that he has committed suicide. Knowing his temperament as well as I do, I do not believe that he withstood the shock of his wife's death and the blow which followed in charges that he murdered her. He was of a morose disposition at best, and such misfortune as has overtaken him would be calculated to drive him to desperation. The fact that he left his children with his sisters would seem to me to strengthen the theory that he contemplated committing suicide when he left the home of his relatives."

IRON WORKERS STRIKE.

Chicago Building Will be Practically at a Standstill.

CHICAGO, April 30.—With a walkout of nearly 1000 structural iron workers, building operations now in progress in Chicago and surrounding suburbs will come practically to a standstill next Wednesday morning.

Besides marking the first important labor disturbance of the year, the iron workers' strike may bring in its wake general upheavals in the building industry. There are no direct indications at present that sympathetic strikes will occur, but the chief workers are affiliated with the associated Building Trades which recently has outlined a policy of supporting kindred unions in this way.

DETECTIVES RETURN.

CHICAGO, April 30.—Lieutenant John D. Hartford and nine Chicago detectives who were sent to San Francisco by Mayor Dunne, returned yesterday. When they reached San Francisco they were compelled to hire an expressman to drive them fifteen miles to the city limits. There they were refused admittance until they had found Chief of Police Dinan.

"We had a pleasant trip," said Lieutenant Hartford. "The published stories that we were treated shabbily by Chief Dinan and Mayor Schmitz are false. In fact, we never met the Mayor. The city was under martial law and we could do nothing."

"Chief of Police Dinan treated us royally," said Sergeant Timothy DeRoche. "That is, as well as he could under the circumstances. Soldiers guarded everything and there were few thieves in town."

STRIKE DECLARED.

PCNSUXTAWNY, Penn., April 30.—A strike of miners has been declared in the soft coal district of Clearfield. Several thousand men are involved. The operators granted the 1903 scale, but the miners held out for a recognition of the union.

EFFORTS UNSUCCESSFUL.

Seaside Tries for a New Life-Saving Boat But Fails, This Year.

Several weeks ago the editor of the Signal addressed a letter to Senator Fulton asking that he use his influence with the life-saving service authorities toward having a life boat and one or two men detailed for duty at Clatsop beach the coming season. His reply at the time was published, and last week we received a second communication from him as follows:

"Washington, D. C., April 13, 1906. The Seaside Signal—Gentlemen:—I enclose herewith letter I have just received from the superintendent of the life-saving service, relative to the matter of a life boat and crew being stationed at Clatsop during the summer season. I regret that the prospect is against securing such service. Thinking this might be of service to your readers, however, I enclose the same to you.

Very Sincerely Yours, C. W. FULTON.

Treasury Department, Washington, April 13, 1906. Hon. C. W. Fulton, United States Senate—Sir:—I am in receipt of your letter of the 7th instant, asking whether some arrangements can be made to have a boat and a life-saving crew, or a boat and two or three good men stationed at Clatsop Beach, Clatsop County, state of Oregon during the summer season. In reply I would state that life-saving stations are established for the pur-
