PORCHITE

THAT there is a demand for a paint especially adapted to Porch Floors is proven by the large number of people who use, with more or less unsatisfactory results, paints intended for interior floors only.

A PORCH PAINT

should dry hard and tough; it should be elastic, to overcome the effects of the widely varying temperatures to which it is subjected, and to resist wear; it should have good water-proof qualities, and its colors should be permanent.

PORCHITE lacks none of the essential qualities of a superior porch-paint. It is made in eight well-chosen shades.

One gallon of PORCHITE will cover 350 square feet, two coats, on an average surface. Two coats are necessary for a good job.

Put up in quart, half-gallon and gallon cans.

Malthoid Roofing

There is no better covering for your poultry houses than Malthoid Roofing. It is offensive to insects, clean and odorless, and will remain proof against the severest cold and hot weather. Poultry houses covered with Malthoid are warmer in winter and cooler in summer than those covered with roofs of shingles, boards, tin, iron and many inferior grades of prepared roofing. Send for booklet.

WILL MAKE CHANGE

Roosevelt Determined to Change Packing House Conditions.

RECEIVED MANY COMPLAINTS

President Announces That He Will Compell the Packing Houses to Improve Their Plants in Sanitary Manner.

CHICAGO, May 25.—A dispatch to the Tribune from Washington says:

The condition of some of the packing houses at Chicago was severely criticized by President Roosevelt during an interview he had with W. E. Skinner and W. L. Carlisle, representing the livestock interests of the country, and representative Madden of Chicago, Cox of New York, and Brooks of Colorado.

Mr. Skinner is the representative of the Union Stock Yards, at Chicago, and Mr. Carlisle is dean of the National Agricultural College of Colorado.

These men at the request of the livestock interests all over the country, conferred with the packers on Monday and then came to Washington to see the President.

The President announced that he proposed to see conditions, of which complaints have been made, in the packing houses changed as promptly as possible, that the buildings should be remodeled in order to obtain better ventilation and more light; that ample facilities should be provided for employes, far enough removed from the rooms in which meat is prepared for food to prevent contamination and that there should be lavatories to insure personal cleanliness.

Speaking for the livestock interests and for the packers, Mr. Skinner assured the President that the packers had authorized him to state that if the President would appoint a commission of high grade scientific sanitation experts, including one practical man versed in inspection and animal husbandry, they would be glad to adopt any suggestions the commission might make for improvements or changes, not only in the method of slaughtering but in the sanitary conditions of packing houses.

Mr. Skinner went a step farther than the packing houses proposed. He urged the President to appoint a national sanitary committee which should be authorized to deal with the whole subject of food products. He represented that it was unfair to single out one industry to the exclusion of all others, and make it a subject of criticism so as to injure it throughout the world.

The President's concern, however, is to secure fresh, clean, uncontaminated meat for the American people and to remove the suspicion which exists abroad regarding our meat products, and which necessarily affects the extent of the sales. He assumed his callers he was most anxious the industry should not be disastrously affected. At the same time he said he intended to see that proper sanitary conditions existed, and he wanted it to be distinctly understood once the conditions were established he would not permit any letup in their enforcement.

Sciatica Cured After Twenty Years of Torture.

For more than twenty years Mr. J. B. Massey, of 3322 Clinton St., Minneapolis, Minn., was tortured by sciatica. The pain and suffering which he endured during this time is beyond comprehension. Nothing gave him any permanent relief until he used Chamberlain's Pain Balm. One application of that liniment relieved the pain and made sleep and rest possible, and less than one bottle has effected a permanent cure. If troubled with sciatica or rheumatism why not try a 5-cent bottle of Pain Balm and see for yourself how quickly it relieves the pain. For sale by Frank Hart, and leading druggists.

LIFE OF PLEASURE GETS HEAVY FINE

Prominent Society Man Dies Suddenly in Chicago.

MADE FORTUNE IN NEBRASKA

Once Ran For Nebraska State Treasurer Spending \$100,000 Only to be Defeated—Then Came to Chicago.

CHICAGO, May 25.—Charles E. Casey, known as a thorough "Man about town," was found dead in the Palmer House yesterday. At the end of ten years spent solely in the pursuit of pleasure his line was brought suddenly to an end.

"Colonel" Casey as he was known to proprietors and waiters in resorts throughout the city, especially on the south side, had done nothing since he came to Chicago about 1896 except to spend the money he had made in Nebraska. He was born in Jerseyville, Ill. in 1885 and when a young man became a banker in Pawnee City, Neb. There he made a fortune in handling farm mortgage loans.

In 1896 he was nominated for state treasurer of Nebraska on the republican ticket and was beaten by a small margin. He had spent a great deal of money in the campaign—he said it cost him nearly \$100,000—and the disappointment was a severe one to him.

He removed to Chicago with his family but did not engage in business. The greater part of his money was invested in dividends paying securities and he carried a large bank balance. This gave him the opportunity for a life of pleasure.

Mr. Casey was a member of the Knights Templar and of the Loyal Legion, his father having been a surgeon in the civil war.

PUTER COMING TO OREGON.

SAN FRANCISCO, May 25.—S. A. D. Puter will be taken back to Portland, tonight. He waived examination before United States Commissioner Hancock yesterday and was taken before Judge DeHaven in the District Court where the formal order of removal was made. The government used as the basis of complaint one of the land fraud indictments on which Puter has not been tried.

Not it as Rich as Rockefeller.

If you had all the wealth of Rockefeller, the Standard Oil magnate, you could not buy a better medicine for bowel complaints than Chamberlain's Colic, Cholera and Diarrhoea Remedy. The most eminent physician can not prescribe a better preparation for colic and diarrhoea, both for children and adults. The uniform success of this remedy has shown it to be superior to all others. It never fails, and when reduced with water and sweetened, is pleasant to take. Every family should be supplied with it. Sold by Frank Hart, and leading druggist.

BOTH FIGHTERS CONFIDENT.

NEW YORK, May 25.—The world today says:

Britt and McGovern are adhering to the oldest rule of a prize fighter—the claim of being a sure winner. No two fighters ever stepped into a ring with more confidence than these will in Madison Square Garden on Monday night. It will be Britt's first fight in the East. Their confidence has caused them to look further ahead than Monday night, with a view toward meeting "Batling" Nelson. Harry Pollock, manager of the Twentieth Century Athletic Club, last night wired Billy Nolan, Nelson's manager, who is in Los Angeles, asking upon what terms Nelson would box the winner of Monday night's battle. Pollock stipulated ten rounds with no decision, on either June 8th or 25th.

RAIN CAUSES SUFFERING.

SAN FRANCISCO, May 25.—A heavy rain and windstorm which began last night at 5 o'clock, continued throughout the night. It caused much suffering among the thousands of refugees living in tents and improvised shelters in the public parks, presidio and vacant lots. The majority of these unfortunate are provided with good tents, but hundreds are poorly protected against the inclement weather. In addition to the rain and wind, the night was very cold.

Second Hand Dealer Buys Soldier's Uniform.

ARRESTED BY U. S. MARSHAL

Park Row "Puller In" Learns Something About the Federal Law at Cost of One Thousand Dollars.

NEW YORK, May 25.—The Times today says:

Samuel Linderman, one of the most expert of the Park Row pullers-in for the retail dry goods business, learned some things about the federal law yesterday. Recently he "pulled-in" private R. P. Chusick of Company G, Fifth United States Infantry and induced him to dispose of his uniform, receiving in exchange a second-hand suit of civilians clothes.

The clothes deal between the United States and Park Row was reported to United States Marshal, however, and yesterday the puller-in was arrested. Judge Thomas, in the United States District Court yesterday broke the news to Mr. Linderman that a law was in existence imposing a fine of \$1000 on anyone introducing the army uniform into the second-hand business. His employer paid the fine.

Fortunate Missourians.

"When I was a druggist, of Livonia, Mo.," writes T. J. Dwyer, now of Graysville, Mo., "three of my customers were permanently cured of consumption by Dr. King's New Discovery, and are well and strong today. One was trying to sell his property and move to Arizona, but after using New Discovery a short time he found it unnecessary to do so. I regard Dr. King's New Discovery as the most wonderful medicine in existence." Surest Cough and Cold cure and Throat and Lung healer. Guaranteed by Charles Rogers, druggist, 50c and \$1. Trial bottle free.

LIBEL FILED.

SAN FRANCISCO, May 25.—The Humboldt Lumber Manufacturers' Association filed a libel in the United States District Court yesterday to recover \$4000 damages from the steamer Wasp for a collision between the Wasp and the tug Ranger on Humboldt Bar on March 31, while the tug was towing the Newsboy.
