THE ANARCHISTIC TREND.

Go where one will, the world over, every development that has to do with anarchistic people and influences, the pre-eminent, grateful fact that no America names figure in the lists of the discovered, or suspected, wretches, is plainly apparent. We are glad, infinitely glad, of this. It is bad enough to have the onus of its development in our midst, without the additional disgrace of our citizenry being mixed up and proclaimed in their dangerous and dirty programs. That some few foolish, weak and easily-led Americans are involved in the cult, no one will deny; but for the vastly greater part they are made up of the debris dumped upon the coasts of the country, from lands where they are no longer tolerated, and whose police are directly responsible for the exodus thence. The unfolding of the personnel of the brood always shows the foreign trend and the lowest phases of that. There are three things that should be constantly invoked in behalf of the suppression of these evil people, namely, the insane asylums, the extradition penalties, and the penitentiaries.

EDITORIAL SALAD.

With six months in the year each year in which to attend to what may seem more important matters, a baseball player might reasonably consent to devote his undivided attention during the summer to playing baseball.

United States Post Offices in the South close on Jefferson Davis's birthday. Mr. Davis had a scheme for closing United States Post Offices in the South the 364 other days of the year, but something slipped.

The virtual system of negro slavery established in one of the counties of southeast Missouri suddenly stopped when Uncle Sam discovered it. It may result in some more servitude, but it will be of a penal nature.

Jesse E. James of Missouri, son of the notorious Jesse James seems to be of quite a different sort. He has just been admitted to the bar. Outlaw and in law!

A Bryan boomer says it is the American people that have changed. Views of this nature have been frequent, but thus far have not been sustained at the polls.

At the Kentucky jubilee a statue has been unveiled to a man who wrote the songs of the nation, and it is true that he will be remembered longer than most of the lawmakers.

A Kentucky court has held the Sunday closing saloon law unconstitutional. It took only three Sundays to demonstrate what the Kentucky constitution demands.

Oklahoma is the forty-sixth star, and a bright particular sparkler when its size is compared with that of other states at the time of their admission.

As Governor Folk insists he is running Missouri properly, no one else can feel justified in objecting to Mr. Jerome going right off on that vacation.

Delaware has left open its senatorial question as to whether it was the tainted politics or the tainted money that gave out first.

To find the one democrat who is letting all the others do the worrying, address W. J. B. Lincoln, Neb. (please forward.)

Some people use one-quarter of their strength in doing a job, and three-quarters in bragging about it after 'tis done.

Heavy firing all the week from Mr. Speaker's artillery indicates that the action has got inside the picket lines.

If leafy June is to preserve its reputation as a summer month, it should lose no time in turning a new leaf.

The previousness of the Bryan boom is largely due to the forlorn outlook for democratic state campaigns in 1906.

Following the Flag.
When our soldiers went to Cuba and the Philippines, health was the most important consideration. Willis T. Morgan, retired Commissary Sergeant U. S. A., of Rural Route 1, Concord, N. H., says "I was two years in Cuba and two years in the Philippines, and being subject to colds, I took Dr. King's New Discovery for Consumption, which kept me in perfect health. And now, in New Hampshire, we find it the best medicine in the world for coughs, colds, bronchial troubles and all lung diseases. Guaranteed at Charles Rogers, druggist. Price 50c and \$1.00. WORKS WONDERS.
A Wonderful Compound—Cures Piles, Eczema, Skin Itching, Skin Eruptions, Cuts and Bruises.

Doan's Ointment is the best skin treatment, and the cheapest, because so little is required to cure. It cures piles after years of torture. It cures obstinate cases of eczema. It cures all skin itching. It cures skin eruptions. It heals cuts, bruises, scratches and abrasions without leaving a scar. It cures permanently. Astoria testimony proves it.

Mrs. Helen Lewis, of 52 Astor street, Astoria, Ore., says: "Doan's Ointment proved its healing qualities several years ago when I used and told in a published statement the great relief and cure I obtained from it. I used it for a breaking out around my mouth and lips which had troubled me for a number of years, despite all I could do to get rid of it. My lips would crack and become sore when cold weather set in, and this lasted until it got warm again. I was finally induced to try Doan's Ointment, procuring it at Charles Rogers' drug store. In a short time after beginning to apply it I was cured of the annoyance, and I have been entirely free from it since."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Hay and cotton are called kings, but the potato has come to be a potentate of no small influence.

Deadly Serpent Bites are as common in India as are stomach and liver disorders with us. For the latter however there is a sure remedy: Electric Bitters; the great restorative medicine, of which S. A. Brown, of Bennettville, S. C., says: "They restored my wife to perfect health, after years of suffering with dyspepsia and a chronically torpid liver." Electric Bitters cure chills and fever, malarial, biliousness, lame back, kidney troubles and bladder disorders. Sold on guarantee by Charles Rogers, druggist. Price 50c.

Woman's Health

Every woman may be attractive. Bright eyes, pink cheeks and red lips are her nature-given right. A sallow skin, lack of animation, low spirits and weak nerves may be avoided by the use of Beecham's Pills, a remedy that well deserves the confidence of every woman. Again and again they have proved to be invaluable at those recurring times when so many women feel debilitated and suffer from nervousness, headache and depression. It is wonderful the way these pills assist Nature and relieve the suffering. Every woman who values health and good looks should become a user of

Death From Lockjaw never follows an injury dressed with Bucklen's Arnica Salve. Its antiseptic and healing properties prevent blood poisoning. Chas. Oswald, merchant, of Rensselaersville, N. Y., says: "It cured Seth Burch, of this place, of the ugliest sore on his neck I ever saw." Cures Cuts, Wounds, Burns and Sores. 25c at Charles Rogers, drug store.

Get the children a camera. Many of the scenes of childhood can be better remembered by pictures than from memory alone. The pictures will be much prized in later years.

An Alarming Situation frequently results from neglect of clogged bowels and torpid liver, until constipation becomes chronic. This condition is unknown to those who use Dr. King's New Life Pills; the best and gentlest regulators of Stomach and Bowels. Guaranteed by Charles Rogers, druggist. Price 25c.

THE PANAMA CANAL.

The fight is practically off, in Washington, upon the long-drawn-out question as to whether the Panama canal should be a lock canal or a sea-level canal; the President has had his way, as he usually has it, because it is the right way, and the canal will be a twin-lock canal. So far, so good. But what this country wants is the Panama canal. It wants it just as the Texan "wanted his pistols." Therefore, the sooner the commission gets down to actual business and builds the great ditch, the better it will be for this and all other nations. That it has not been a well-defined piece of work long ago, is owing, of course, to the warfare of the railroads, but the country is getting woefully tired of that, and when the country gets real weary of anything, there is bound to be swift and subsequent "doins," and this is a case in point. Dirt will fly with vigor and speed from now on! Even Astoria will be directly and notably benefitted by the consummation of this magnificent enterprise.

"TRUSTS AND BURGLARS."

William Jennings Bryan, the "Perennial," has sounded his new slogan! It is a cold day when the redundant William cannot produce a ringing war-cry from the swirl of his accumulated diction. This year it is that the "Trusts are burglars" and that he intends to treat them as such just as soon as he is elected to the Presidency (?), (?), (?). Now, considering the strenuous and detailed manner in which his predecessor, Theodore Roosevelt, has been digging into the clan, and the meagre, yet acceptable, results attained, William will find that his slogan is the most active element of his engagement; but this can hardly disconcert William, since he, and the country at large, have long since recognized "hot air" as the one keen phase of his electoral battles. It is hardly necessary to observe that the trusts are facing the probabilities of annihilation at his hands with an equanimity wholly justifiable. "First catch your presidency," etc., etc.

A RUSH OF GOOD THINGS.

Just at this moment Astoria is overwhelmed with a plethora of good things; some underway; some due to arrive; all of inestimable value to the city; with the new hotel in the lead. And while there seems to be a remarkable simultaneousness in the garnering of the harvest that is making it a bit hard for the generous citizens to meet with entire complacency the demands of the hour, there can be no doubt they will cover the whole ground, allowing nothing to go by default in the list of advantages so imminent. Nothing comes except by hard knocks, anyway, and it is idle to discriminate as to the time and manner of their coming. The main thing is to seize them while they are seizable, whatever the volume of cost, and then settle down to the enjoyment and profit wrought by the sacrifice.

The outside world thoroughly approves compelling Allegheny to call itself Pittsburg, since the visitor's collar gets dirty just as quickly in Allegheny as in Pittsburg.

DRIFTING TOWARDS BRIGHT'S DISEASE

Many people who are neglecting symptoms of kidney trouble, hoping "it will wear away," are drifting towards Bright's Disease, which is kidney trouble in one of its worst forms.

FOLEY'S KIDNEY CURE

stops irregularities, strengthens the urinary organs and builds up the worn-out tissues of the kidneys so they will perform their functions properly. Healthy kidneys strain out the impurities from the blood as it passes through them. Diseased kidneys do not, and the poisonous waste matter is carried by the circulation to every part of the body, causing dizziness, backache, stomach trouble, sluggish liver, irregular heart action, etc.

If you have any signs of Kidney or Bladder Trouble commence taking FOLEY'S KIDNEY CURE at once, as it will cure a slight disorder in a few days and prevent a fatal malady. It is pleasant to take and benefits the whole system.

How to Find Out.
You can easily determine if your kidneys are out of order by setting aside for 24 hours a bottle of the urine passed upon arising. If upon examination it is cloudy or milky or has a brick-dust sediment or small particles float about in it, your kidneys are diseased, and FOLEY'S KIDNEY CURE should be taken at once.

G. B. Burhans Testifies After Four Years.
G. B. Burhans of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick-dust sediment and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed, and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to any one suffering from kidney or bladder trouble."
