Fourth In Astoria.—The Fourth in this city was observed in fitting style, and the immense crowds which came in from the surrounding country and towns, thronged the streets from daylight until late at night, these additional people, together with the citizens made the fourth a complete success in every way. The regular program of the day began at 1 o'clock by the big parade, which wound through the main thoroughfares and was watched by the crowds which were lined up on either side. In the line were the Astoria police force, followed by the Eagle military band; then in order came two companies of soldiers from forts Columbia and Stevens; The G. A. R. veterans followed the soldiers. The liberty car, containing the goddess of Liberty, and her aides, was the only float in line. The officials of the day and the city officials came next. This composed the first division, which was led by Grand Marshal Brown and his aides. The second division was in command of Chief of Staff J. C. McCue, and aides. In the second division marched the members of the different local lodges and the labor unions. The parade disbanded at the city hall where exercises were held. Rev. W. S. Gilbert, pastor of the First Presbyterian church of this city delivered the oration of the day, speaking on the subject "The Spirit of Liberty." During the course of the afternoon, sports consisting of races, and the usual recreations, were indulged in by the younger element. The day was closed by the exhibition of fireworks under charge of Max Pohl. So far as reported there were no accidents of any kind to mar the day's pleasure.

Killed On Fourth.—Frank L. Harding, a young man about 25 years old, living 1 1/2 miles south of Clatskanie, was almost instantly killed at 2 o'clock on July 4th, while preparing to fire a Fourth of July salute from an improvised bomb loaded with a smokeless powder of his own manufacture, the recipe for which was obtained from an Eastern advertising fakir. He had taken a piece of two-inch gas pipe 14 inches long and stopped up one end. Filling the pipe with the explosive, he was in the act of plugging the other end, when the friction caused it to explode, tearing off his right arm between the elbow and wrist, shattering his right leg, and otherwise mangle him. Harding leaves a father, who is a telegraph operator on the Great Northern Railroad at some station near Spokane; a mother, two sisters and a brother, the latter living on the farm near here, where he met his death. He will be buried in Clatskanie Saturday by the Modern Woodmen of the World of which organization he was a member.

Well, There's Fish Left.—There was quite a meat famine in this city yesterday and the day before, very little coming down from the metropolis, and the restaurants felt the shortage plainly, but made good with other good things. There was evidently a big reservation made in Portland, in view of the Fourth, but it re-acted here and everywhere else, where supplies are drawn from that center. Up to going to press, however, there are no reports of any starvation cases. And besides, the canneries were running full blast.

Vacation Deferred.—Edgar G. Gearhart, who has so acceptably filled the post of second deputy in the office of Sheriff Thomas Linville, and who left that department upon the taking over of that office by Sheriff Pomeroy, had laid his plans carefully, for a delightful outing of a month's duration, in the beautiful Nehalem woods, and would have left yesterday, but his services were pre-empted by County Clerk Clinton, to fill the vacancy caused by the vacation outing of Deputy G. L. J. Zigler, who departs on the 13th. Mr. Gearhart will squeeze in a week's outing at Collin's Springs before assuming Mr. Zigler's functions at the court house.

Patience For Awhile.—News was received here from Portland yesterday that one of the parties to the new hotel investment had left the city on important business and would be away until about the 15th of this month. In the meantime the hotel matter will remain in statu quo, and upon his return, will be carried to a successful issue if it lies in the power of man. A little patience and a big inning.

**GLAD TO BE HOME
ONCE MORE**

SENATOR CHARLES W. FULTON RETURNS FROM WASHINGTON LAST NIGHT—SUMMER WILL BE SPENT ON SEASHORE—REST NEEDED.

"How good to be home again!" exclaimed Senator Charles W. Fulton last night as he stepped from the train, which bore him to Astoria, and breathed once more the refreshing atmosphere of the ocean breezes.

With these words, the Senator expressed his thankfulness to be in his home town once more, away from his strenuous duties in the nation's capitol. Mr. Fulton looked in the best of health, despite his arduous labors in the interests of Oregon and the country in general.

Said he, "I have come home and am going to rest, for we had a strenuous session in Congress and everybody worked hard." He stated that he would probably go with his family in a few days after he had greeted his friends here, to the coast, and remain there for the summer.

Senator Fulton did not discuss things political last night, being fatigued from his journey, and anxious to reach home.

Lost His Life.—A young Japanese, by the name of Kotsuzo Manatu, was fishing from the dock at the McGowan cannery on the northshore, on the 4th, and his hook caught upon one of the piling below the water level. He did his best to loosen the thing, but could not, from above; and being a good swimmer, plunged into the bay to try his luck at close quarters. Unhappily he was taken with a severe cramp, and before anyone could get to him in answer to his cries for help, he had drifted away and drowned. The body was recovered and will be brought to this city, and prepared by Coroner W. C. A. Pohl, for shipment to friends in Portland.

**CELEBRATE FOURTH
IN OLNEY.**

ONE HUNDRED PERSONS ENJOY PICNIC GIVEN BY THE DORCAS SOCIETY—SPORTS ARE ENJOYED BY ALL.

According to arrangement, the Dorcas Society and friends, a little over a 100 in number, celebrated the 4th of July by a picnic in the grove on the Kamm farm at Olney. The day was excellent and the steamer Mayflower left the dock at 9:15 a. m., carrying her limit of picnickers, and the surplus was taken on the launch Louise, arriving at the grounds at about eleven o'clock. After partaking of a basket-lunch the program of sports was carried out.

After the program of sports was concluded, the crowd wended their way again to where the bountifully laden baskets were stored, and as the sun was sinking low in the western sky, the clothes were spread upon the green, and the wants of the inner person were again satisfied, after which some of the national airs were sung, followed by a prayer by Rev. Rydquist. A. Y. Anderson read the Declaration of Independence, after which Rev. Sandstedt delivered an interesting and eloquent address.

At the conclusion of the address Mr. John Peterson proposed three cheers for the Fourth of July, and for the great native born upon that day. These were given with tremendous energy, and the happy throng departed on their homeward way, while the words were still echoing with patriotic ardor.

Shot Through The Head.—Ben Larson, a young man of about eighteen years, became too "flossie" with his 32-calibre revolver on the afternoon of the fourth, while at the Skamokawa seining grounds and as a result the weapon was discharged, the contents finding lodgement in his left hand. He came to Astoria yesterday, and Dr. Fineh dressed the wound.

Yesterday's Proceeding in County Court—Commissioner Masten in Place.

The county court met yesterday morning at 9 o'clock, with Judge C. J. Trencahd presiding, and Commissioners Larsen and Masen on the bench with him. County Clerk Clinton being in charge of the records and documents, as usual.

W. L. Oudley, the local representative of the Astoria-Seaside Interurban Railway Company, was present and presented a strong plea in behalf of the franchise heretofore asked for, in favor of that road, over certain of the county highways. In the absence of District Attorney Harrison Allen and the fact that he had not reported an opinion upon the subject as yet, induced the court to take the matter under advisement until he can be heard in the premises.

The court took into consideration the present conditions of Cook's Slough, as a commercial channel, and directed the clerk of the court to address a letter on the subject to Major Roessler, of the United States Engineers, at Portland.

An order was made by the court, requiring all bills presented by the various road supervisors of the county, without their "O. K.", and all bills for oil and bridge supplies, presented by bridge-keepers without their receipt, to be denied official filing by the clerk hereafter.

The court, at the afternoon session, made detailed and close scrutiny of the general bills and accounts of the county before making the necessary order for the warrants to issue in behalf of the same.

Mr. Edwards was given the contract to clear the right-of-way on the John Day road, for one and one-half miles, twenty-four feet wide, and clear the ground of everything except stumps, at 95 cents per rod.

LIMB WASTED WITH ECZEMA

Obliged to Lie With Limbs Higher Than Head—Suffered Untold Agonies and Could Not Walk—Doctor Said It Was the Worst Case he Ever Saw.

ANOTHER WONDERFUL CURE BY CUTICURA

"I received your letter asking for information about using the Cuticura Remedies. I used them for eczema. The doctor said it was the worst case he ever saw. It was on both limbs, from the knees to the ankles. We tried everything the doctors knew of, but the Cuticura Remedies did the most good. I was obliged to lie with my limbs higher than my head, for the pain was so terrible I could not walk. I suffered untold agonies. One limb wasted away a great deal smaller than the other, there was so much discharge from it. I found the Cuticura Remedies very soothing, and I still keep them in the house. I am very thankful to say that I am cured, and you can publish this statement if you wish. I found the Cuticura Remedies all that you say they are. I hope that you may be spared many years to make the Cuticura Remedies for the benefit of persons suffering from the torture of skin diseases, such as I had. I remain, yours respectfully, Mrs. Golding, Box 8, Ayr, Canada, June 6, 1905."

CURED OF CHAPPED HANDS

"I have used the Cuticura Soap for chapped hands, which I had been troubled with for about three years. I suffered intense pain and itching. I used nearly two cakes of the Cuticura Soap, and my hands were completely cured and have never troubled me since. I also took the Cuticura Resolvent for the blood at the same time. I can recommend the Cuticura Remedies to others suffering the same. Chas. Young, Plattsville, Ontario, Canada, Sept. 29, 1905."
