BONDSMEN BECOME WORRIED

Hasten to See Heney as They Fear Hogg Will Try to Escape—Prosecution Rests Its Case.

A despatch from Portland says that Martin G. Hogg, on trial for land frauds, had so far recovered this morning as to walk into court and take the witness stand. Special Prosecutor Heney's threat to forfeit his bond if he did not appear today seemed to have an elixir effect, and the man whose counsel said yesterday probably would be dead today seemed to be himself this morning. His eyes, which yesterday were lusterless, were bright when he came into court leaning on the arm of Deputy Marshal Glenn Bushy.

That Hogg's alleged shamming of illness came near getting him into trouble, aside from any measures the government might take, is evident from the fact that W. H. Bradshaw, Washington Rawlings, and L. L. Hamilton, his bondsmen, of Medford, came to Portland this morning for the express purpose of surrendering him to the United States Marshal. They had become suspicious that he might flee certain that they got word of Mr. Heney's threat to declare the bond forfeited, for last night they boarded the Portland-bound train in a body and called on Mr. Heney. It is probable, however, that they will not surrender him while the trial is in progress.

Today witnessed the resting of the government's and the beginning of the defense's case. Mr. Heney rested for the prosecution with the testimony of several additional witnesses, and Judge O'Day began the defense with the testimony of Mrs. Ida M. Hogg, wife of the defendant, and Hogg himself. The burden of Hogg's story was that he had been uncoined and "played for a sucker" by Miller in common with the several "batches" victimized from Placer and Medford.

WILL URGE USE OF OLD CHANNEL

CHAMBER OF COMMERCE OF THIS CITY TAKES THE MATTER UP AND WILL TRY TO HAVE THE DREDGE PUT ON.

For some time it has been mooted among many leading citizens, that the old city channel extending immediately along the harbor line inshore and direct to, and from, Tongue Point, was still available and if cleared out in certain shoal spots, a much better waterway, and a shorter one, than the cross-bay channel from Taylor's Sands, now used by all the river pilots in the Portland and up-river service.

Yesterday morning the Navigation Committee of the Astoria Chamber of Commerce, Messrs. J. Q. A. Bowly, B. Van Dusen and G. W. Lounsbury, accompanied by Captains Granville Reid and J. W. Babbidge, went over the old course on the steamer Volga.

Soundings were taken that demonstrate the channel to be in fine shape for use, except at one or two points, where some light dredging will be necessary, and it is the purpose of the Chamber of Commerce to communicate with the proper authorities with a view of re-establishing the old steamer course, as the most advantageous in points of time and directness, and the better facility it offers for cleaning itself and carrying the sands to sea instead of deflecting them into Young's Bay, which is the case with the newer trans-bay channel in use now.

REGATTA NOTICE

All citizens interested in holding a Regatta for the year 1906, are requested to meet at the Police Court Room of the City Hall, Wednesday evening, July 25, 1906, at 8 o'clock P. M. Subscriptions up to date amount to \$1306.00, which amount could probably be increased to \$2500. The committee considering this amount insufficient to defray expenses, urgently requests all interested to attend and express their views on the matter.

(Signed), COMMITTEE. 7-24-26.

WILL DECIDE ON REGATTA

THE MATTER OF THE TWELFTH ANNUAL REGATTA WILL COME UP TONIGHT FOR FINAL SETTLEMENT AT THE CITY HALL.

The meeting called by the Regatta Committee for tonight, at the city hall, to finally and fully determine the mooted question of the 1906 Regatta, should be well attended, if only to lend emphasis to the decision whatever it may be.

The committee has had a hard task in securing subscriptions, and has had more or less cause to doubt the public desire for the festival, but are not willing to relinquish the work unless it is made evident that the people do not want it. They have secured subscriptions to the amount of \$1306, and this with the \$700 on hand from the last Regatta, and the \$600 left from the Fourth of July Celebration, makes a possible \$2500, to operate on, and it is not at all improbable the necessary \$1500 can be readily raised at the hands of those who have not yet subscribed, and those who may increase sums they have already given in this behalf.

However, the whole city will have a chance to declare itself, singly, and en masse, tonight, and the issue ought to be settled. It will be well if Astoria can contrive to give her popular and own peculiar entertainment and if the decision falls that way, the Astorian will be squarely behind it until it is closed in its usual blaze of glory and success.

"TRY AGAIN" ADVICE.

You say you have tried a dozen times, and failed. Well, what of it? Try again. Nothing worth while is won without effort. "Keeping everlastingly at it" brings success—but be sure you go at it in the right way. It isn't so much the doing, as the manner of doing.

Suppose conditions are adverse to success. Are you going to let that handicap you, or are you going to rise above it and make things easier for someone else? The world wants your smiles, your hopes, your aspirations. She already has too many frowns and tears.

Open mind and heart. Be awake to possibilities of the moment. Opportunity, like a will-o'-the-wisp, flits before him who has no time or is too indolent stretch forth his hand and makes her his own. Lovingly she comrades with him whose wish is will; whose will is to dare; whose daring is to achieve.

Remember energy, ambition, and tireless effort alone spell the great secret of success. Be sure your vision is clear, your purpose right, then push on with might and main. "Let nothing you dismay."—Davenport Times.

He Likes Astoria.—W. L. Gould, representing the American De Forest Wireless Telegraph Company, one of the biggest commercial institutions in the country among its newer enterprises, arrived in the city yesterday, in the interest of his principals, and will spend some time here. He is delighted with the city and its cool, bracing airs, and says it beats anything he has seen on the coast for summer comfort. He is an interesting man with an interesting business, and will meet a good many people before he leaves the city. Astoria is to be the first point in Oregon to have a station, on account of its situation on the coast. Operation will shortly be commenced on this station. The company have just finished the stations at San Francisco and Eureka, Astoria is to be the next point. With this station completed and in operation, Astoria will be in direct communication with Alaska, as well as having a direct connection with Honolulu, the Philippines, and the Orient.

BIG CROWDS AT STAR.

Usual Crowded House Grooms Willard Company Last Night.

Again last night the Star theatre was crowded with a most fashionable audience. In fact, it seemed that all the elite were there showing that the people of Astoria appreciate the most beautiful of all plays, "Kathleen Mavourneen," most justly so too, for it is exceedingly well produced by the Willard Company. Mr. Willard as Terrance O'Moor, has the most beautiful interpretation of the part. The various members of the company are all most excellent in their parts.

Thursday night the change of program will be an exceedingly strong drama with lots of comedy, entitled "A Southern Romance." Saturday matinee will be the reproduction of "Kathleen Mavourneen."

Morning Astorian, 65 cents per month, delivered by carrier.

IMPORTANT DOCUMENTS.

Two Heavy Mortgages Filed in Clatsop County Yesterday.

Two voluminous and heavy instruments were presented to County Clerk Clinton for record yesterday, both mortgages or trust deeds. One was from the Willamette Valley Company to the Germantown Trust Company, of Philadelphia, and in the sum of \$800,000. It covers a large lot of real and personal properties of the company in this county, and in Lane and includes the light and power plant at Seaside.

The other was more significant. It was filed by the Pacific Railway & Navigation Company (the Lytle system) to the Union Trust Company, of San Francisco, in the sum of \$5,200,000, and covers all the railway and telegraph properties in Oregon between the cities of Portland and Astoria. The document lays down the projected line of road as from Portland to a point near Oswego, thence along the Tualatin river, including Hillsboro and thence, in a northwest course direct to Astoria, via the Dairy Creek Valley and the valley of the Nehalem.

Thus there is record proof of still another rail line headed for the City-by-the-Sea.

With its companions, heart burn, flatulence, torpidity of the liver, constipation, palpitation of the heart, poor circulation, headache and other nervous symptoms, sallow skin, four tongue, offensive breath and a legion of other ailments, is at once the most widespread and destructive malady among the American people. All Have Consented.—It seems that the larger merchants of the city have deprecated the keeping open of the lesser stores on the side streets of the city, after the hour of 6 in the evening, the time at which all the leading establishments have been in the habit of closing; and the Clerks' Union of this city have endeavored to induce the others to meet the situation at the same time, and have succeeded. The stores of Astoria, big and little, will all close hereafter promptly at 6 o'clock p. m. and this report has been filed with the union, who have made it known to the complaining merchants.

Fishy, But True.—A friend at the reporter's elbow said, yesterday, that the United States was doing a heavy business in the propagation of fish, and was wondering how much of the largesse fell to the Columbia and its tributaries. It seems that Uncle Sam furnishes the following lot of fish eggs, annually: Pike perch, 400,000,000; white fish, 300,000,000; salmon 130,000,000; brook trout, 10,000,000; shad, 33,000,000; cod, 170,000,000; or a total of 1,750,000,000 of all sorts.

Off For An Outing.—Hon. Dan J. Ingalls left for Portland, last night on the Lurline. The veteran of the civil war and all the republican campaigns since then, is tired of the inertia of an idle life in Astoria, and will go to St. Martin's Springs, where he will be joined by his brother, Walt Ingalls as soon as the latter shall have recovered from an operation to be performed on his head, at Portland, today. They will both miss the cooling airs of the coast country before they have been there many days.

ARE YOU A BON VIVANT?

The pith of life, after all, is a good feed. The good things of this life are not as a rule easily found, so that it is a pleasure to find so close at hand a first-class up-to-date establishment, where one gets those good things at every meal, like the Palace Restaurant, on Commercial street. The home of the bon vivant. tf
