

OPEN REIGN OF TERROR

Fighting Organizations Start Their Work.

MANIFESTO SENT OUT

Social Revolutionists and Social Democrats Re-Open Terroristic Campaign.

TO CALL A GENERAL STRIKE

Campaign of Agitation For General Strike Will Be Followed By Rising in the Cities and Country.

ST. PETERSBURG, July 28.—The fighting organization of the social revolutionists, which declared a truce while Parliament was in session, has decided to re-open the campaign of intrigue and terrorism. Its work will be supplemented by a similar "fighting organization," recently formed among the social democrats. Over a million copies of the manifesto, to the army and navy, peasants and workmen, which was adopted yesterday and are ready printed at Viborg, and St. Petersburg, have been started to the interior through underground revolutionary channels. It is learned that the almost determining factor of a postponement of the rising was the information that the many fresh troops, who have been brought into St. Petersburg and Moscow, were strangers to the revolutionary propaganda, having been carefully selected for this reason.

It is evident that the proletariat organizations' refusal to accept the challenge at this time upon the grounds of the government's choosing does not mean that it is not their intention to give battle later. Indeed, the proletariat organizations backed by all the political parties, including the group of toil, social revolutionists, socialists and the peasant league, have thrown themselves into the campaign of agitation for a simultaneous general strike, to be followed by a rising in the cities and the country. Although the time is not as propitious for the peasantry, as the country is in the midst of the harvest season, the leaders believe a month or six weeks at the most, will suffice for this and it is confidently expected their campaign will be aided by universal repressions, to which the government will be compelled to resort in its policy on open warfare against the revolution.

The constitutional democrats are holding aloof, fearing to throw in their lot with their former allies, yet they are ready if the masses rise and the government fails to seize the use of the victory.

Premier Stolypin evidently is sincere and honest in his desire to inaugurate a policy of "Strong Handed Reform" but the best evidence that he is not master of the situation, is his vain appeal for co-operation, to men like Count M. Heydon, M. Shipoff and Prince Livoff, who have seen too many well intentioned minister broken on the wheel, when they decline to conform to the policy dictated by the court cabal.

WILL EXPLOIT RESOURCES.

TACOMA, July 28.—For the purpose of exploiting the advantages and resources of the State of Washington, the next legislature will be asked to appropriate \$200,000 to be expended in publicity during the two years preceding the Alaska-Yukon exposition. The above action was agreed upon today at a meeting of representatives of the most active commercial organizations of the state.

It was the boldest crime in Boston in many years. Two robbers were arrested, but the third escaped. The robbers went to Hickey's office and demanded money. He refused and they shot him in the neck. He struggled with his assailants, who fled to the street where a running fight with the police occurred.

HOGGE GETS ONLY 4 MONTHS

Marie Ware-McKinley Pleads Not Guilty to Conspiracy Charge—Husband's Bond Declared Forfeited—Bench Warrants Issued.

PORTLAND, July 28.—Judge William H. Hunt, in the United States Circuit Court this morning, sentenced Henry W. Miller, arch conspirator in the "Emmettsburg of New Zealand" swindling scheme, and Frank E. Kincart, his chief co-conspirator, to serve terms of one year each at hard labor on McNeil's Island, Washington. Martin G. Hoge, who stood trial with Charles Nickell, ex-United States Commissioner at Medford, and was convicted after a 10 days' trial, out of consideration of his poor state of health and the intervention of Special Prosecutor Heney in his behalf, was sentenced to serve but four months in the County Jail of Multnomah County and pay a fine of \$500. Miller and Kincart will be taken to McNeil's Island tomorrow or Monday, while Hoge began serving his sentence today shortly before noon. Mrs. Ida M. Hoge, his faithful wife, was in the court room when he was sentenced.

Marie Ware-McKinley Sentenced.

Marie Ware-McKinley, through Lew Tarpley, her lawyer, entered a plea of not guilty to an indictment charging her, State Senator Mays and others with conspiracy to defraud the government. She appeared in court heavily veiled, and left the room immediately after her plea had been entered.

Special Prosecutor Francis J. Heney asked for and was given an order forfeiting Horace G. McKinley's bond in the case in which he was convicted and in another case still pending. Mr. Heney asked that bench warrants issue for his arrest. McKinley's bondsmen, who will have to stand the penalty of his non-appearance, are Eugene Blazier and Jack Grant, both of this city. McKinley is believed by government officials to be in China. Efforts are being made to bring him back.

Severance Is Granted.

Mr. Heney also took an order for a severance in the case wherein Hermann Williamson, F. P. Mays, Willard N. Jones and George Sorenson are jointly indicted for conspiracy. The severance affects Hermann and Williamson, and the case against them will go over for the term.

Following these proceedings, the case on trial against Hamilton H. Hendricks, of Fossil, was resumed. George W. Hawk, one of the government's most important witnesses, gave some damaging evidence against the defendant.

MANY MEN AVAILABLE

Democrats Can Easily Fill Governor's Chair.

IN NEW YORK STATE

Alton B. Parker Says Party is Rich in Available Candidates.

HEARST IS SEVERELY SCORED

Even As One of the Party, Hearst Does Not Look Good to Parker—Is Allied With the Independents.

UTICA, N. Y., July 28.—Former Judge Alton B. Parker, in an interview here today, discussed the coming State election. He declared that the democratic party was rich in men who could fill the office of Governor. He said that while with possibly two exceptions, none of these men was a candidate, yet he did not believe that any of them would refuse to serve if called upon.

"But," said the interviewer, "you have not mentioned Mr. Hearst, who is discussed every day as a candidate."

"The last utterance of Mr. Hearst I have read," said the judge, "was to the effect that he intended to accept the nomination of the Independence League. He stated in an interview in the Brooklyn Eagle of June 12: 'If I am nominated by the Independence party, it will be on a platform that expresses the principles I believe, and I will make the campaign on that platform and no other consideration will enter into the matter. There will be no deal or bargain made with the leaders of any political machine, but everyone endorsing the sentiments of the Independence party will be invited to support its candidates.' That language is unambiguous and announces clearly his intention to be a candidate on the platform only of the Independence League."

"While I know," added Mr. Parker, "that such assertions are constantly made and that some delegates to the democratic convention favorable to Mr. Hearst have been chosen, it would seem as if all this should be credited to over-zealous friends, for certainly Mr. Hearst is too shrewd a man to believe it possible that a democratic convention will ever be made up of delegates so absolutely pusillanimous as to surrender to one demanding that the party deliver up to him the honor and power he covets."

COOLING SHOWER AT SALEM.

SALEM, July 28.—Preceded by a series of lightning flashes and thunder shocks, Salem was visited this morning by the first refreshing shower of rain since early in June. It was of but short duration, but it served in cooling off the atmosphere and making life in the city more comfortable. The sky was almost clear when the first flash of lightning came, and in the brief space of two minutes after the consequent thunder shock a cloud overhung the city and rain began to fall.

BARLEY GROWERS FORMING POOL.

DAYTON, Wash., July 28.—It is announced by the Columbia County farmers that, encouraged by their success last year, when they sold their barley at \$18 a ton, that they will pool their barley again this year and hold it for \$20 a ton. The 20 farmers composing the pool last year, will have their number greatly enlarged this year.

Some crops valued at \$30,000 each will in this manner be sold. Money will be borrowed on the grain at 4 per cent in order to buy the crop of any member that wishes to withdraw from the pool for independent sale.

It is estimated that 200,000 sacks, nearly all the barley in the county, will be pooled, as against 123,000 sacks pooled last year. The whole sale will be made at one time and to one buyer or company of buyers.

Bryan Expected to Do So at Kansas City.

Stone Announces That the Nebraskan Will Strike the Democratic Key-note in This, His Opening Speech of Campaign.

KANSAS CITY, July 28.—William J. Bryan will open the democratic campaign in Missouri with a speech in Kansas City on the night of September 4, according to a statement of United States Senator William J. Stone, in this city last night.

The Senator said that Mr. Bryan's address here would be a key-note speech. After his speech here Mr. Bryan will go back to his home at Lincoln, the Senator said.

Senator Stone said that he expected 250 Missouri democrats to go to New York to participate in the Bryan reception there. The Senator said that he would not attend that reception because of speaking dates scheduled at that time.

The Senator would not discuss the rumor that he is to succeed Thomas Taggart as chairman of the national democratic committee.

"I have not been approached regarding the chairmanship," the Senator said.

TERRIFIC COLLISION

S. P. Train Striks Pasadena Electric Car.

ONE WOMAN IS KILLED

Accident Occurs at Oneonta Junction—Over 35 Passengers Injured.

ELECTRIC CAR CREW CARELESS

As the Car Reaches Middle of the Track, Passenger Train Comes Round Curve and Demolishes the Car.

LOS ANGELES, July 28.—One woman was killed and several fatally injured and upwards of 35 hurt, many seriously, in a collision this afternoon between a local Southern Pacific passenger train running between this city and Pasadena, and a car of the Sierra Madre division of the Pacific Electric Railway Company at Oneonta Junction, a suburb of South Pasadena. The electric car left here with 42 passengers. Arriving at Oneonta, the car stopped and the conductor went ahead to the Southern Pacific crossing at this point. He saw no train approaching and started ahead reaching the center of the crossing when a train from Pasadena for Los Angeles suddenly rounded the curve and crashed into the car. The impact was terrible, the body of the electric car being torn from its trucks and carried two hundred feet down the tracks before portions of the wreckage went under the wheels and threw the engine off the rails. The engine and tender went into a ditch and the combination baggage and smoker were partially derailed. The passengers on the electric car were hurled in every direction. Many of them were thrown beneath the train and horribly mangled. One woman was instantly killed and several persons believed to be dying were taken from the wreckage.

The injured were placed in an electric car and taken to Pasadena and Los Angeles. Scarcely a person on the electric car escaped injury. It is believed none of the train passengers were hurt. Southern Pacific officials say the accident was entirely the fault of the electric car crew.

The dead woman was a Mexican aged about 60 and unidentified. All of the injured reside in Southern California, mostly in Los Angeles.

Another Collision.

LOS ANGELES, July 28.—In a street car collision here tonight one man was killed and seven injured, at least two fatally.

The accident is said to have resulted from a misunderstanding as to the right of way. A Grand avenue car was running at high speed and struck a Pico Heights car in the center and overturned it.

TESTIFIES BEFORE GRAND JURY.

SAN FRANCISCO, July 28.—R. R. Manners, adjuster for the Eagle Insurance Company, testified yesterday before the grand jury that within the last week he had received advices from New York to the effect that he was to have the power to settle all claims in which it was decided the company is liable at 100 cents on the dollar. Last week he told the grand jury that he had been instructed not to pay over 75 cents. His first instructions were 50 cents but they were later changed. Manner proposes to settle all claims at 100 cents on the dollar except those in which the company's counsel, H. C. Quinby, who also testified before the inquisitors, says there is a doubt as to the company's liability.

TO SELL ISLANDS

Ex-President of Ecuador Offers to Sell Galapagos Island.

PROPOSITION MADE SECRETLY

Garcia First Offers to Sell the Islands to France and Then to United States—Roosevelt Answers the Proposal.

GUAYAQUIL, July 28.—Government newspapers have caused a sensation here by the publication of documents found among ex-President Garcia's private papers.

The document found treats of the sale of the Galapagos Islands to the United States. It appears the islands were first offered to France. Garcia's memorandum says:

"While in Washington I visited President Roosevelt and inquired into the question whether the United States was disposed to take over the Galapagos Islands, paying Ecuador \$5000 in gold for them. Mr. Roosevelt's reply said he would recommend the proposal to Congress and was sure it would be accepted offering to appoint the American minister to continue negotiations in Quito. A few days later Joseph W. J. Lee, the American minister to Ecuador arrived in Ecuador." It appears the Alvaro revolution, which resulted in the overthrow of Garcia ended the negotiations.

The official papers call Garcia and his minister traitors for trying to sell part of the national territory. Negotiations with France are said to have been interrupted owing to the belief that United States would not consent to a European power acquiring the islands. A meeting was called at Quito, the capital last night to protest against this action of Garcia and his ministers.
