YOUTH RUNS AWAY FROM HOME

ARRIVES IN ASTORIA WITH NO MONEY AND IS TAKEN IN CHARGE OF BY AUTHORITIES—RETURNED TO PORTLAND.

A youth by the name of Oscar Groves arrived in Astoria late Monday night from Portland. When the train arrived it was noticed the child was unaccompanied and inquiries were made of him. The boy said that he lived with his mother in Portland at University Park, and that he had come to Astoria to find his father, Ole Groves, who lived on Woody Island, and was engaged in fishing on the river. It was also ascertained that the boy had stolen \$5.00 from his mother and after spending the day and the greater part of the money at the Oaks, had purchased a ticket to Astoria with the remainder. Lodging was found for him for the night and yesterday morning the police were notified. They at once communicated with his mother, and last night he was sent back to his home in Portland.

Grand Concert.—The Norwegian Singing Society assisted by local talent will give a concert at Foard & Stokes' hall, Sunday, August 5th, at 3:00 p. m. The concert is given for the benefit of paying the Singing Society's traveling expenses to Tacoma, Wash., where 300 singers of the Pacific Coast Saengerbund meet, August 25 to 27. The Singing Society of Astoria has always been willing to help at entertainment and are willing to assist in what they can. Let the people of Astoria turn out Sunday at 3:00 p. m. and help the boys as well as enjoy a good concert and entertainment. Tickets will be for sale at the door and elsewhere. Admission 50c.

Talking About Dogs!—There is a dog in this city whose particular chum is a little black, smutty-nosed kitten. The two are inseparable, and the dog unquestionably the boss. When the kitten makes a sortie into the street her friend and sponsor immediately catches her in his teeth, head, leg or tail, it makes no difference to him, and waltzes her back to the house and safety. They eat together, sleep in a bunch, and frolic eternally all over the place. And there is but one season in which the cat is momentarily the head of the outfit, and that is when they fall out; the little black pussy being altogether too much for the pup. She whips him to a standstill, and he is always surprised at the result, but soon forgets it.

An Error Corrected.—By a piece of deliberate misinformation supplied this office, this paper was made to say on Monday last that the Browns took the game at Fort Columbia, on Sunday, by a score of 14 to 0, when the real record was a clean-up for the Columbias by a score of 19 to 0.

THE OTHER SIDE OF THE STRIKE STORY

SUPERINTENDENT TROYER TELLS OF THE COMPANY'S ATTITUDE IN THE PENDING UNPLEASANTNESS.

The following statement of the company's relation to the pending strike at the Astoria Iron Works, is presented, with the same disinterested good-will with which the employees' side of the question was offered the Astorians' yesterday morning:

"Editor Astorian: In view of the statement in your paper of the 31st regarding the difficulties between ourselves and employees, we consider it advisable to make the following statement:

"This is the second instance where a workman was forced out of our employ and in neither case was the matter first brought to our attention; this last one, the Finn referred to, stated the morning after quitting, that he had been advised or told to do so by this Mr. Glennon, whom we discharged, as we told him, for interfering with our business. The Finn stated that he was willing to join their union and would write east from where he came, for a card as to his ability as a machinist; he was probably just as good as several we have had lately who doubtless belonged to the union. We ground a drill for him but it was done on a drill grinding machine that had been relegated to the scrap pile, condemned by some of the men some time ago as no good, and we did not suppose the Finn would know any more about it than they did.

"We have been short of men for the past two and one-half months; have applications in San Francisco, Los Angeles, Portland, and on the Sound. Mr. Fox has made several trips in quest of more men and all the Portland shops have been advised to send down any they can; it has been the intention of the company to increase the capacity of the shop both in space and machine tools, several of which have already been ordered; but it is a useless expense if we cannot get enough machinists to turn out the work.

"We, at no time, discriminated against union men, but being in need of men, employ any who apply, paying the regulation wages.

"There is nothing against any of the men that have with the company for years and when they feel so disposed they have the privilege of returning to work under the same conditions that existed heretofore.

Signed,
"N. TROYER,
"Superintendent Astoria Iron Works."

Will Leave City.—W. W. Casper, acting as manager of the local Western Union office, during the absence of Manager Powell, expects to leave Astoria within a few days for Wallace, Idaho, where he has accepted the management of the company's office. Mr. Casper, during his residence in this city has made many friends who will regret his departure, though pleased to know of his promotion.

Challenge Shamrocks.—The Browns have again challenged the Shamrocks to a game to be played in this city next Sunday on the A. F. C. grounds, and to form an inducement have raised and deposited in one of the banks the sum of \$100, which will be awarded to the winner. The gate receipts in addition are to go to the winning team. Whether the Shamrocks will accept this proposition has not yet been decided.

Commercial Street Next.—It was said yesterday by one in authority, that the re-decking of Commercial street, from Ninth to Fourteenth, would be properly boached, by resolution, at the meeting of the common council on next Monday night. It is getting in such shape as to commend itself to the powers that be, and it is hoped nothing will arise to hinder the improvement, as it is one of the most pressing in the city at the present moment.

Office Changed.—The office of the Columbia River Quarantine Station and the U. S. Quarantine Station, has been changed, from the Spexarth building to rooms over the store of S. Danziger & Company at the corner of Commercial and Eleventh streets; Dr. McKeon being still in charge of the station.

Rev. W. L. Riley, L. L. I can give it unqualified recommendation. 25c, 50c, \$1.00. Sold by Hart's drug store."

Fire Alarm.—Some excitement was caused yesterday noon when a fire alarm was turned in from the new St. Mary's hospital. The department responded but their services were not needed as it was found that nothing more than a steam pipe in the basement had burst and one of the chimneys was burning out. A crowd quickly gathered but their fears were soon allayed.

A WONDERFUL PERFORMANCE.

"The Bells" Presented Last Night at Star Theatre by Willard Company.

The wonderfully, artistic and strong portrayal in "The Bells" was witnessed last night by a big audience, who were held spellbound throughout the entirety of the most tremendously strong creation of the drama of today. Mr. Willard carries the onus of the entire play on his shoulders, as very few of today's actors can do, and has portrayal of this part in every respect a most artistically strong conception. Those who have not as yet seen "The Bells" can ill afford to miss this opportunity to witness real downright genius. Mr. Willard's support was most excellent last night and the performance was in every respect a huge success.

Thursday night that beautiful and romantic drama, "Monte Cristo" will be produced. For an exceptionally strong attraction "Monte Cristo" can head the list, for during the entire play not a moment is without action and strength. The stage manager of the Star theatre is sparing no efforts to make the production of "Monte Cristo" a feature not to be forgotten for a long time to come.

The Regatta Committee.—The committee in charge of the regatta subscriptions were busy all day yesterday, and though the contributions were not all that might be desired, nor the spirit manifested all that might be considered encouraging, the committee is still in good humor; and the work will go forward. There will be about \$4000 available, and there are many yet to see.

Lawn Party.—The Epworth League of the First Methodist Church will give a lawn social tomorrow evening at the residence of Captain and Mrs. H. P. Kindred. All friends and members of the society are invited to attend.

Department Busy.—During the month of July the fire department responded tot a total of 15 alarms, which is more than has ever occurred in Astoria, within the space of a month. The property loss from these fires was less than \$100.

ARE YOU A BON VIVANT?

The pith of life, after all, is a good feed. The good things of this life are not as a rule easily found, so that it is a pleasure to find so close at hand a first-class up-to-date establishment, where one gets those good things at every meal, like the Palace Restaurant, on Commercial street. The home of the bon vivant.
