ARE YOU A BON VIVANT?

The pith of life, after all, is a good feed. The good things of this life are not as a rule easily found, so that it is a pleasure to find so close at hand a first-class up-to-date establishment, where one gets those good things at every meal, like the Palace Restaurant, on Commercial street. The home of the bon vivant.

A Mystery Solved.

"How to keep off periodic attacks of biliousness and habitual constipation was a mystery that Dr. King's New Life Pills solved for me" writes John N. Pleasant of Magnolia, Ind. BANK TO OPEN DAY AND NIGHT

PITTSBURG TO SOON HAVE 24-HOUR BANK—CAPITALIZATION WILL BE \$250,000—WILL BE NATIONAL BANK.

PITTSBURG, August 6.—A national bank that will do business every one of twenty-four hours of the day and night is a project that was announced in this city last night. Already steps have been taken toward the organization of the institution and so far has progress been made that several locations in the down-town district are under consideration. The treasurer of the new bank is to be David J. Richardson, who is now cashier of the Cosmopolitan National Bank. Letters announcing the organization of the new bank have been sent to bankers throughout the state. These letters state that the new institution will have a capital of \$250,000 and a paid in surplus of not less than \$62,500, while it is claimed that deposits of about \$1,000,000 are assured.

The local institution will be a national bank with a savings department and the prospectus announces that the stockholders, directors and others will be composed principally of bankers and business men, of well known financial standing.

AN ASTORIA CASE.

Many More Like It In Astoria.

The following case is but one of many similar occurring daily in Astoria. It is an easy matter to verify its correctness. Surely you cannot ask for better proof than such conclusive evidence. D. E. Duncan, who is employed with his brother at the Astoria Soda Works, 426 Duane street, and who resides at the corner of Duane and Ninth streets, says: "I suffered from a weakness of the back and kidneys for a number of years. There was a constant dull aching pain in the loins and as far up as the shoulders. Not only did my back ache but there was a weakness from the kidney secretions which was very annoying and disturbed my rest. I heard about Doan's Kidney Pills and one day I stepped into Charles Rogers' drug store and got a box. I found them to be a great benefit. After the first few doses felt better. I know of others who have used them with the same results."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

UNIFORM DIVORCE LAW.

SALEM, August 8.—Governor Chamberlain is in receipt of a printed copy of John Gibson Hale's proposed amendment to the Federal Constitution which contemplates authorizing Congress to provide for a uniform marriage and divorce law. It is accompanied by a letter from the author, who requests the governor to bring the matter to the attention of the next legislature for approval, as it requires the favorable action of three-fourths of the states of the Union before the Federal Constitution can be amended, and the author expresses the belief that he will be successful in securing favorable action from congress at the next session.

NEWS OF OREGON AND THE NORTHWEST.

FOREST IS AFLAME.

VICTORIA, B. C., August 8.—Upwards of 30 square miles of forest reserves in the Columbia & Western grant, between Cascade and Bulldog tunnel, this province, are not on fire, and it is estimated that several hundred thousand dollars' loss has already been occasioned. At Farron the station buildings, round house, tanks, company boarding house, etc., were burned with a loss of \$20,000. The entire available railway force between Cascade and Robson is engaged fighting the fires, working night and day in the hope of saving trestles on the line.

SELLS TIMBER LANDS.

VICTORIA, B. C., August 8.—It is announced on what seems to be excellent authority that the Canadian Pacific Railway Company has disposed of all timber lands comprised in the recently acquired Esquimalt & Nanaimo railway belt, on Vancouver Island, to the Ross-MacLaren Timber Company, composed chiefly of Ottawa and Montreal capitalists, already operators of large mills on the North Arm of the Fraser River, near Vancouver. The price paid is stated at \$10 an acre, at which the company realizes \$3,000,000-odd, or considerably more than it paid the Dunsmuir company for the entire land grant, with the railroad and its equipment.

MONTANA REGIMENT LEAVES.

BUTTE, August 8.—The second regiment of Montana National Guards about 800 strong, will leave Helena tomorrow for American Lake to take part in the annual encampment.

PORTLAND LAWYER DIES.

PORTLAND, August 8.—O. F. Paxton, one of the most prominent lawyers of Portland, died tonight of stomach troubles after a long illness. He was about 45 years old.

WILL NOT CHANGE POLICY.

Mutual Has Not Reconsidered Its Intention to Withdraw From France.

NEW YORK, August 8.—Emory McClintock, first vice-president of the Mutual Life Insurance Company on his return from Europe yesterday denied the reports that the Mutual Life proposed to reconsider its decision to withdraw from France, in view of the recent action of the New York Life. Mr. McClintock said there had been no suggestion of such re-consideration by anyone connected with the company in this country. He declared that at the time of his departure from England, the English branch of the International Policyholders Committee had not begun to send out any circulars to policyholders. Soon after his arrival, Mr. McClintock was in conference with President Peabody. After Mr. Peabody had conferred with Frederick V. Allen and Walter Shaw Brewster it was said that Mr. Peabody would oppose the International Committee's demand for the company's special list of policyholders. Justice Geigie in the Supreme Court this morning will hear arguments on the mandamus writ sought by the committee to compel the company to furnish the list to the committee. The trustees of the New York Life Insurance Company will hold their regular monthly meeting today.

DIES OF BLOOD POISONING.

NEW YORK, August 8.—Word has been received of the death from blood poisoning at Liverpool, England, yesterday of Samuel Goodman, aged 70 years, industrial agent for the New York Central Railroad. His home was at Irvington.

DISCOURAGING REPORTS.

SEATTLE, August 8.—It is believed by local fishermen that the run of sockeye salmon is off. Discouraging reports continue to come from the San Juan fishing banks. Fair hauls have been made in some cases, but there is good cause to fear that the season will prove a failure. Where hundreds of thousands of fish should have been taken there were taken only to the extent of \$15,000 to \$20,000.

Many fishermen are ready to give up all hope of catching any fish this season. If such is the case thousands of dollars will be lost, as many fishermen mortgaged their boats in order to secure gear.

WEDDED IN CALIFORNIA.

THE DALLES, Ore., August 8.—Word has just been received here by D. J. Cooper that his youngest son, Kenneth, was married in Oakland, Cal., on Monday. Kenneth has been with a surveying party in California. Young Cooper, who for the past two seasons has attended the Oregon Agricultural College, and has been prominent in football, is well known here, and has a host of friends. It seems that while on a trip with the football team last season to California he met the girl he afterwards married, but whose name is unknown here.

POSTOFFICE LOOTED.

CHEHALIS, Ore., August 8.—Littell postoffice, four miles west of Chehalis, was burglarized last night. All the stamps, money and much merchandise from Postmaster Littell's store were taken.

LOCAL OPTION FIGHT AT ILWACO.

ILWACO, Wash., August 8.—The sentiment in favor of local option here is gaining ground rapidly. A meeting of voters was held at the Presbyterian church Sunday night to discuss the matter.

No Pleasure Trips For Them.

An amusing scene was witnessed one day last summer in a country town. An old lady, with her coachman, drove up in a large brake and stopped opposite a huge red brick building.

Her ring was answered by an official in uniform.

"I am come," she began, "to take the inmates for a picnic in the green fields and flowery meadows. It's a beautiful day, and it will do them a world of good, cooped up as they are in this building day after day."

The official gasped for breath. Never in all his long experience had he heard such a cool request. He simply gazed at her in astonishment.

"They can't come, madam," was all he could utter.

"Yes, they can. Let them all come—every one of them."

"We never let them out," he added in a hoarse whisper.

"Oh, yes, you do! I met two of the dear old men just now in their long smock frocks."

A whole flood of light suddenly burst upon the astonished attendant. He saw everything clearly now.

"Ah, I see," replied he. "You want the workhouse. It's just around the corner. This is the county jail."—London Graphic.

Unnecessary Expense.

Acute attacks of colic and diarrhoea come on without warning and prompt relief must be obtained. There is no necessity of incurring the expense of a physician's services in such cases if Chamberlain's Colic, Cholera and Diarrhoea Remedy is at hand. A dose of this remedy will relieve the patient before the doctor could arrive. It has never been known to fail, even in the most severe and dangerous cases and no family should be without it. For sale by Frank Hart, leading druggist.

Summer Diarrhoea in Children.

During the hot weather of the summer months the first unnatural looseness of a child's bowels should have immediate attention, so as to check the disease before it becomes serious. All that is necessary is a few doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy followed by a dose of Castor oil to cleanse the system. Rev. M. O. Stockland, pastor of the first M. E. Church of Little Falls, Minn., writes: "We have used Chamberlain's Colic, Cholera and Diarrhoea Remedy for several years and find it a very valuable remedy, especially for summer disorders in children." Sold by Frank Hart, leading druggist.

APPEARANCES

Often a person is sized up by his appearance; by the tone that surrounds him. And more often a business house is sized up by the stationary it uses. A cheap letter head or a poor bill head gives a mighty poor first impression and makes business harder to transact. **Good printing costs no more than poor printing.** The first impression is half the battle in business. You wouldn't employ a "sloppy" salesman; why put up with "sloppy" stationery, that gives a wrong impression of the importance of your business. Let us do your printing and help you to make that ten strike.
