**WILL HUNT IN OREGON.**

ALBANY, Ore., August 14.—The first hunter from outside the state to take out a hunting license in Linn county this year is Rev. J. E. Snyder, of Vancouver, Wash. He paid \$10 for the privilege of hunting in Oregon the remainder of the year. Rev. Mr. Snyder was formerly pastor of the Presbyterian church at Brownsville, and makes an annual trip here to hunt, being a keen sportsman. He is now on his way to the mountains after deer.

Several licenses are issued in Linn county every year to nonresident hunters, but most of them come for the pheasant season in October. Last year hunters from Kansas, Ohio and South Dakota were included in the list.

In anticipation of the opening of the season for buck deer tomorrow, a great many licenses are being issued in this county now. The total thus far issued

is 320. Last year a total of 1443 was issued here, and the opening of the pheasant season will probably bring this year's total up to that figure.

**ALMOST DISASTROUS END.**

TACOMA, August 14.—In a race between the steamers Burton and Vashon last night from Tacoma to Quartermaster Harbor, the Vashon passed the Burton six miles out. Passengers aboard the Vashon say the Burton turned to port directly toward her rival and rammed her on the starboard side. There was much excitement aboard the Vashon which carried the Orpheus Club and guests, 160 in all, to their annual clam-bake. A rush was made for life-preservers. Water rushed over the Vashon's deck and flooded the engine pit. It was soon seen the Vashon was not seriously damaged, and she proceeded.

**WEALTHY CITIZEN EXPIRES.**

ALBANY, Ore., August 14.—John Conser, an Oregon pioneer of 1848, and one of Linn county's wealthiest citizens, died at his home between Albany and Jefferson yesterday. He never recovered completely from a paralytic stroke received about three years ago. Born in Illinois in 1841, Mr. Conser came to Oregon when 7 years old. When a young man he settled in Linn county, and lived in the same place for half a century. As a farmer he made a fortune, and his wealth is estimated at \$50,000. Mr. Conser leaves a wife and two sons, Lester and Rocky, both residing at the home place. He had several brothers and sisters living in the Northwest: Shan Conser, the well-known Southern Pacific conductor; Lou Conser and Mrs. Mollie Thomas, of Portland; George Conser, of Heppner; Mrs. Phoebe Watson, of Chehalis, Wash., and Henry and Hope Conser, residing near Albany.

**RETURN FROM TRIP.**

NEW YORK, August 14.—Senator W. A. Clark arrived at his Wall Street office yesterday, fresh from a seven weeks' trip through the mining belt from Montana to New Mexico.

The Clark party, which included mining engineers and railroad men, traveled most of the time in the Senator's private car, but when a visit was made to the Tonopah district of Nevada, where the Senator is building the Las Vegas and Tonopah Railroad, they took two automobiles for the trip through the desert. Senator Clark is booked to sail on the Cunard liner Caronia, for Liverpool today.

Morning Astorian. 60 cents per month, delivered by carrier.

**ARE YOU A BON VIVANT?**

The pith of life, after all, is a good feed. The good things of this life are not as a rule easily found, so that it is a pleasure to find so close at hand a first-class up-to-date establishment, where one gets those good things at every meal, like the Palace Restaurant, on Commercial street. The home of the bon vivant. tt

**SEVERE SEATTLE FIRE.**

SEATTLE, August 14.—Fire, said to be of spontaneous origin caused about \$85,000 damage to the building at First Avenue and Cherry street, occupied by the Treen Shoe Company and the F. W. Merriek Clothing store. The Treen Shoe Company lost \$45,000 and the F. W. Merriek Clothing store, \$18,000. The remainder of the loss was on the building.

**WONDERFUL WATERFALL.**

BEND, Ore., August 14.—The Oregon Eastern survey crew, under Chief Engineer Miller, reports the discovery of a waterfall on Spring Creek a short distance west of the summit in Odell pass. It has a fall of 240 feet, and is dropping that distance the water turns to spray and resembles a column of smoke. It makes a very beautiful sight. This is supposed to be the first discovery of this fall, as no record of such a fall can be found.
