ON CAMPING TRIP.

Roosevelt's Son Kermit Starts on Overland Jaunt on Horseback.

DEADWOOD, S. D., Aug. 21.—Kermit Roosevelt, son of the President, left Sunday on a long overland horseback trip to the ranch on which his father first started on his wild west career, located near Medora, N. D. Regular cow ponies are being used and a round-up outfit provision wagon with camping equipment follows the party. Captain Seth Bullock has charge of the outfit, which consists of 'Bullock's' son, young Roosevelt and several others, including Roosevelt's eastern friend, John Heard.

At Medora young Roosevelt will meet many of his father's old friends, men who rode with him during the stirring days of the cattle rustlers war. The trip will consume a week or ten days, and is purely a camping trip, no hunting being indulged in, although some fishing is being done.

FLEET WAS WELCOME.

Arrival of Chilean Fleet in Valparaiso Harbor Saved the Situation.

NEW YORK, Aug. 21.—A cable to a morning paper from Valparaiso, dated yesterday, says

The opportune arrival of the Chilean fleet, which steamed into Valparaiso harbor, to be here to welcome Secretary of State Root, helped to save the situation following the earthquakes. As in San Francisco, the sailors from the warships were landed and placed in charge of the city pending the arrival of the government troops. They patrolled the water front and guarded the wrecked banks and other buildings containing valuables, with orders to shoot thieves and marauders on sight. The soldiers shot a number of Ladrones who were caught riding the dead and robbing the buildings and their bodies were suspended from telephone poles at the street corners, bearing large placards reading:

"Por ladrones," a warning to looters.

A strange fact in connection with the earthquake is that the daily papers here published a prognostication of the catastrophe several hours in advance of the first shocks.

In Self Defense

Major Hamm, editor and manager of the Constitutionalist, Eminence, Ky., when he was fiercely attacked four years ago by piles, bought a box of Bucklen's Arnica Salve, of which he says: It cured me in ten days and no trouble since." COMMITTS SUICIDE.

LUFKIN, Tex., August 21.—The man John B. Roper, with many aliases, who murdered without cause, two fellow prisoners, whitemen, named Crowder and Terwick, in the county jail here on August 15, beating them to death with a heavy bucket as they slept, ended his life by hanging himself in his cell late last night, using a strip from a blanket. He acknowledged a few days ago that he was a member of the Dalton gang of bank robbers at Longview, Texas, in 1892. Sheriff Watts also has evidence that Roper is the man wanted in Arkansas for the murder of Sheriff Boyd in 1898, and for whom a reward of \$1000 was offered. Roper acknowledged various other atrocious crimes in Texas, Louisiana, and Arkansas.

CONFERENCE BEGINS.

AMHERST, Mass., August 21.—A conference of Chinese students of the Eastern part of the United States began here last night with an address by Paul H. Linn, of Columbia University. The program will run through the next four days.

The object of the conference is to bring into closer contact for purposes of study, discussion, recreation and the enjoyment of social advantages, students from China who are in eastern institutions of learning. Various Chinese educators of prominence will address the meetings and the Chinese minister, Sir Chen Tung Liang Cheng, will speak on Thursday.

A Joke.

The other day a benevolent old gentleman was stopped by a tramp, who asked for money for a night's lodging. "Well, look here, my man," the old gentleman said, "what would you say if I offered you work?" "Bless yer life, sir," came the reply, "I wouldn't mind a bit. I can take a joke same as most people."

NEWS OF OREGON AND THE NORTHWEST.

PROSPEROUS WAVE.

DALLAS, Ore., August 21.—There is now on a house famine in Dallas, many new cottages are being built, but the newcomers cannot be supplied with houses. The question is, what will be the result when people begin to return to town for the winter?

PHOTOGRAPHERS' MEETING.

CORVALLIS, Ore., August 21.—The program of the sixth annual convention of the Photographers of the Pacific Northwest has just been issued, the work having been done by the Corvallis Gazette, and is pronounced by experts to be the finest piece of job work ever turned out here. A total of 750 copies, 48 pages each, is the amount of the order, one of which is sent to every photographer in the Pacific Northwest. The convention will meet this year at Spokane, Wash., from September 5 to 8, inclusive. Last year the photographers convened in Portland.

SUPPLANT JUNIPER WOOD.

BEND, Ore., August 21.—The Hay Creek Coal Mine Company is preparing to place its coal upon the Prineville market during the coming winter to take the place of juniper wood. Members of the company state that recent reports show the coal to be similar to the Rock Spring, Wyoming, coal. This coal is said to be cheaper than juniper wood at \$6 per cord. It can be sold at \$10.50 per ton. This will be of much benefit especially to the country north of Hay Creek, where wood is very scarce and high, and has to be hauled long distances.

TWO BARN BURN.

EUGENE, Ore., August 21.—Two barns on the farm of Henry Godard at Trent, 10 miles southeast of Eugene, were burned yesterday evening about 5 o'clock, together with about 20 tons of

MANY CHICAGO VISITORS.

CHICAGO, August 21.—Fifty thousand visitors were in Chicago last night, according to estimates made by hotel proprietors and the Chicago Commercial Association. They came from all parts of the country, merchants from as far south as the Gulf of Mexico, and as far west as the Rockies and a host of others who were uniting business and pleasure.

After dark it was impossible to get a room in any of the leading downtown hotels.

The reason for such an enormous arrival of out of town people at this season is found in the results of the work of the association. The railroad gave exceedingly low excursion rates to the association, and this was taken advantage of.

PREPARE INDICTMENTS.

CHICAGO, August 21.—In preparing the indictments upon which the Standard Oil Company is to be tried for accepting rebates, the government attorneys are making an especial effort to have the issue clear cut and to that end a conference has been called for Wednesday. District Attorney J. J. Sullivan of Cleveland has been summoned and in company with Assistant Attorney-General Pugin, Special Prosecutor Morrison and his assistants, will examine each indictment carefully and endeavor to so draw it as to prevent it being quashed on a technicality.

PROVIDE FOR EMPLOYMENT.

CHICAGO, August 21.—The State of Illinois, through the agency of its own free employment bureaus in Chicago and other cities, beginning next Monday, will provide employment for and give wholesome, helpful assistance to the men, women and boys released from the various penal and reformatory institutions each year.

Governor Deneen, who has been interested in this problem, and has considered it with his advisers on the several boards, has placed his approval on a carefully mapped out plan to intrust to the state employment agencies the duty of securing work for those who have either served out the sentences imposed by the courts, or by good conduct, have had their punishments mitigated. The system has been perfected so far that the first practical steps will be taken next Monday.

LIGHTNING STRIKES CHURCH.

CHICAGO, August 21.—Three hundred worshippers at the Hegewisch Swedish Lutheran church on 132nd street and

hay, which was in the barns and about 50 tons in a neighboring field, the fire having spread in the dry grass and burned over a considerable territory Mr. Godard's 3-year-old child was playing with some matches in one of the barns, and, striking one, set fire to the hay. The total loss is perhaps \$1500.

FIGHT WITH BIG WHALE.

ABERDEEN, Wash., August 21.—Two fishermen had a strenuous fight with a 60-foot whale in the lower harbor yesterday, the fight lasting from 4 until 11 o'clock. The whale, badly wounded, with a broken oar stuck up one nostril and an ax buried in its head, with the high tide, made its escape over the bar. Such large fish are unusual in this harbor.

THIEF IS ARRESTED.

PORTLAND, August 21.—In the arrest at Troutdale, Oregon, of Frank Graves tonight, Detective Fitzgerald of the Oregon Railroad & Navigation Company believes he has secured one of a gang of box car thieves, which has been causing the railroad company considerable trouble recently. The man, who was caught in the possession of stolen goods, first denied his guilt, but after reaching jail broke down and confessed.

TO RECEIVE FAIRBANKS.

BOISE, August 21.—Elaborate arrangements are being made for a reception to be tendered Vice-President Fairbanks upon his visit to Boise during the coming session of the National Irrigation Congress. Word has been received that he will arrive on September 3, labor day, and the Boise labor unions are preparing a monster celebration for that day and the vice-president, will if possible be secured to address the assemblage. A monster reception is being planned in the evening in his honor.

Ontario avenue, were thrown into a panic yesterday by a bolt of lightning which set fire to the building. Axel Anderson and Miss Anna Olson were thrown to the floor and rendered unconscious, but were latter revived. The church was crowded, and because of the heat several of the windows had been opened to admit the air.

A bolt of lightning struck the edifice and traveled downward and through the open window.

The woodwork was set afire by the bolt, and the worshippers, becoming frightened, fled panic stricken from the place. None was injured in leaving the place, and, acting under the direction of the pastor, several of the men returned to the church and extinguished the fire.

PRICE OF SUGAR DROPS.

SAN FRANCISCO, Aug. 21.—The Examiner says today

After five months competition between the Western Sugar Refinery and the California and Hawaiian Sugar Refining Company the price of sugar has dropped from \$5.15 to \$4.30. In New York the price is \$4.80, while at the Missouri River it is \$5.00. The \$4.30 price in the local market means the ruling figure for all the Pacific Coast states. This figure is so low that southern and other coast beet sugar makers refuse to sell here, and are shipping all their output to the Missouri river.

Both the local refineries are also shipping to the Missouri river. Their fight, however is to control the Pacific coast field. It is estimated that the 85 cent reduction will affect 150,000,000 pounds, and that there will be a reduction of from 27 to 40 cents per hundred pounds on 350,000,000 pounds.

FREIGHT CONGESTION RELIEVED.

SAN FRANCISCO, August 21.—The freight blockade in Oakland is ended, and the Southern Pacific officials have removed the embargo on the five or six classes of bulky freight which has been in existence for several weeks. Any and all kinds of freight are now being shipped into Oakland. In this city, the Southern Pacific people state that the freight congestion is rapidly disappearing. Yesterday the company lifted the embargo on lime, cement and brick shipments.

Freight shipments from San Francisco to state and coast points are moving freely, showing that jobbers are doing an excellent trade with their interior customers. The Southern Pacific and Santa Fe are handling jointly out of the city about 300 cars of freight daily.
