

## BRYAN GETS GLAD HAND

### Receives Ovation on Arrival in New York.

### "HOME FOLKS" FIRST

### Nebraska Delegation First to Greet Idol of Democratic Party.

### REFUSES TO GIVE INTERVIEW

### Bryan Will Not Discuss Politics—Will Make Formal Entry into New York City Today on Yacht "Illini."

NEW YORK, Aug. 29.—In exuberant spirits and bronzed by the sun of many nations, William Jennings Bryan today received an ovation from the large welcoming parties, which went down to quarantine to meet and cheer the incoming steamer Princess Irene and its distinguished passenger. Bryan will not enter New York city proper until tomorrow afternoon, when he will be received at the Battery by delegations of prominent Democrats from all parts of the country and escorted to a hotel where he will make his headquarters while here. He was taken off the Princess Irene by special permission of President Roosevelt shortly after the vessel anchored in quarantine. First he went aboard two tugs chartered by "Bryan's Nebraska home folks," where he was exultantly greeted and hailed as the next president.

He then went aboard the trim little yacht "Illini," belonging to his life long friend Edward F. Galtra of St. Louis, and where such well known Democrats as Norman E. Mack and Daniel J. Campan were awaiting him. Bryan was taken to the landing of the Ocean Yacht club at Stapleton on Staten Island, where he landed and was whirled away in an automobile to the home of Lewis Nixon, "Ben Braw," on the heights of Tomkinsville overlooking the harbor. Here Bryan spent the night, the evening being devoted to a serious conference with his intimate personal friends and the men of prominence in his party. No especial political significance is attached to the conference by those who attended it, and who declared its purpose merely to learn Bryan's wishes regarding the plans which have been made for him during the next few weeks and to acquaint him with the drift of affairs at home. Bryan could not be drawn into a discussion of political questions today.

He declared what he had to say will be said tomorrow evening at Madison Square Garden reception. It was said tonight's conference might have some weight regarding the features of tomorrow night's speech, which will be in the nature of a response by Mr. Bryan to the endorsements which recently have been accorded him by the various state conventions as to his next Democratic presidential candidacy. Asked pointedly regarding the probability of his candidacy, Bryan said he had nothing to add to the letter he wrote former Senator Jones in which he said he might accept a third nomination under certain conditions which he named.

Bryan will spend tomorrow opening the vast quantity of mail which was handed him today on board the steamer. He will work with his secretary answering such communications as are urgent and will then board the "Illini" to make his formal entry into New York.

## SECURITIES SAFE.

### Presbyterian Funds Believed to Be Intact.

PHILADELPHIA, Aug. 29.—Receiver Earle today took charge of the affairs of the Real Estate Trust company, which failed yesterday. Until Earle completes his investigations, the condition of the company's affairs cannot be told. The receiver, however, expressed the belief that the trust funds are intact. John H. Converse, a director of the company and one of the foremost Presbyterian laymen in the country, today said he was satisfied the securities of the Presbyterian church are safe. The Presbyterian Hospital, of which the late President Hipple was treasurer, today elected a fidelity trust company as his successor, and through that concern learned that the institution's securities, amounting to a million and a half, are intact. While it is believed the securities of the General Assembly are safe, it will be necessary to elect a new treasurer before the fact can be determined. One of the rumors said today that the local banks have evolved a plan to raise a guarantee fund of \$7,000,000 with which to rehabilitate the trust company, but this could not be verified.

It is the hope of the directors, however, to reopen the doors of the bank, and with this end in view they held numerous meetings today with the receiver.

Adolf Segal, who is the central figure in the collapse of the Trust company, stated tonight that he had some days ago placed in the hands of the company several million dollars worth of bonds, in order to make his borrowings absolutely secure.

## MUST KEEP PEACE.

### Mayor Schmitz Determined Strike Shall Be Peaceful.

SAN FRANCISCO, Aug. 29.—Mayor Schmitz this afternoon had a long conference with the president and secretary of the Carpenters' Union, which was utterly without result. State Labor Commissioner Stafford had an interview with President Cornelius of the union and President Calhoun of the Railways Company in an effort to keep out the strike breakers. He secured some concessions from Calhoun.

After the conferences today Mayor Schmitz made this significant statement: "I talked very plainly to both Calhoun and Cornelius, and they know I mean business. I don't propose to tolerate any rioting in this town if we have to disarm the men supposed to be on the way here, when they arrive from the east."

## SERIOUS REVOLT.

### Indians on Skeena River in State of Turmoil and Troops are Needed.

VANCOUVER, B. C., Aug. 29.—The Babine Indians on the Skeena river have revolted and the rising is of such a serious nature that a call has been sent for the military. Operatives on the Skeena have declared they are utterly unable to cope with the situation and unless a force of military is rushed north there is grave danger that murder will be done. It is declared a force of not less than one hundred is absolutely essential as no smaller body will be able to effect the arrest of the Indians, who have become terribly excited.

## DISINTER VALENCIA BODIES.

### Revenue Cutter Grant Will Carry Fifteen Bodies to Seattle.

WASHINGTON, Aug. 29.—The Treasury department has directed the revenue cutter Grant to proceed to British Columbia and receive fifteen bodies of the victims of the Valencia disaster and take them to Seattle. These bodies were buried on a very rough part of the coast inaccessible except to small boats. An ocean tug has been provided for the friends of the victims, who will disinter the bodies and transfer them to the Grant.

## RUSSIAN CONSUL DIES.

TIEN TSIN, (Thursday) Aug. 30.—M. Laptew, the Russian consul here who was shot yesterday by a Russian contractor named Levinsky, died this morning. he murdered is not a revolutionist.

## REVOLUTION IS GAINING

### Insurrection Spreads All Through Provinces.

### PEOPLE ARE RESTLESS

### Recruits Cannot Be Relied On By Cuban Government to Remain Loyal.

### REBELS WANT INTERVENTION

### Insurgent Leader Colonel Asbert Says America Should Intervene—Campaign of Destruction Scheduled to Begin September 15.

HAVANA, Aug. 29.—The surrender today of some of the more vigorous leaders in the province of Matanzas and Santa Clara and the coming in of a few scattering bands of insurgents in response to the government's offer of amnesty is vastly more than offset by the insurgent sentiment looking stronger daily in the country districts of the provinces of Havana, Pinar del Rio, and Santa Clara, and which is now reported to be gaining headway in Santiago. The testimony of persons arriving here from the country is unanimous to the effect that the people are restless and becoming more and more excited. There are grave doubts of the loyalty of the recruits and especially of the negro recruits, who are suspected of willingness to join the other side with which many of their race are identified.

## Government is Weak.

Considerable doubt exists as to the ability of the government to cope with the movement and interest centers in the projected meeting of Cuban Veterans and other prominent men to consider the question of compromising with Guerrero. Meanwhile a rapid fire artillery corps, with American officers, is being organized. The insurrection in Pinar del Rio has spread across the mountains to the north coast and the town of Cabanas is reported in the hands of the insurgents. Guerrero again threatens railroad officials. No conflicts today were reported in Havana province, though small bands are numerous.

In Matanzas there is no fighting and in Santa Clara the insurgents are evidently avoiding engagements, since their recent defeats.

## Hunting for Rebels.

Captain Peppy Cardenas, President Palma's personal aide, started this afternoon with two hundred mounted men in the direction of Guines, in Havana province, with the object of encountering the insurgents under Col. Asbert. Asbert, who is the leader in Havana province, in an interview today, said he had orders that if the government did not accede to the insurgents demands by Sept. 15, to begin an active campaign, destroying trains and burning personal property without regard to foreign ownership. He added: "We prefer American intervention, which would guarantee legal elections, for which we are contending. In order to avoid contact with the troops and therefore bloodshed, we are changing our camps every eight hours."

## ANSEL IN LEAD.

COLUMBIA, S. C., Aug. 29.—Returns from the Democratic primaries give Ansel, the anti-dispensary, a good lead for governor. The legislature is still in doubt and will require an official count. Senator Tillman has been heavily scratched, amounting from 30 to 35 per cent.

## DICK MAKES STATEMENT.

### Personally He Regrets Antagonism Toward Ohio Senators and Friends.

AKRON, Ohio, Aug. 29.—Following the statement given out by Senator Foraker Sunday night on the issue of endorsement of the Ohio senators by the Republican convention and other matters, Senator Charles Dick gave out a statement yesterday. Both of the statements follow the address of Harry M. Daugherty, former chairman of the Republican State committee, at Cleveland last Saturday, in which he urged the retirement of Senator Dick as chairman of the state executive committee and a less cordial endorsement of Senators Foraker and Dick than of President Roosevelt by the State committee.

Senator Dick in his statement says "Personally no one can regret more than I the antagonism or opposition toward Ohio senators and their friends.

"If the Ohio senators were disposed, for any reason to retire from the conflict, they could not do so now. They owe it to their friends over the entire state as well as to themselves to fight this matter to a finish. In this contest their friends will be found on one side, their enemies on the other. In the controversy however, the national administration is not involved, since no one opposes a strong and emphatic endorsement of the president. The whole situation has shifted to one of opposition to the Ohio senators, and the present party organization. The coming state convention, all delegates participating, must decide these matters."

## MAY NOT GIVE BONDS.

CHICAGO, Aug. 29.—The question of whether the Standard Oil company will be required to give bond for its appearance on each of the indictments returned Monday by the federal grand jury on charges of accepting rebates from railroads has not been settled. A bond of \$25,000 was filed by Judge Beetha when the first indictment was returned against the company several weeks ago. The indictment was on 19 counts and if the same ratio is maintained with the 6,428 counts in the ten returned on Monday, the required bond would be \$8,350,000.

"I don't think bond will be required," said John S. Miller, attorney for the Standard Oil company, yesterday. So far as I have been able to discover there is no provision requiring it from a corporation when indicted. The Standard Oil company is not going to run off to Europe. It is different when an individual is charged with crime."

## BABE IS BAPTIZED.

### Little Grandson of Kaiser is Christened.

POTS DAM, Aug. 29.—The son of Crown Prince Frederick William was baptized this afternoon, in the so-called Jaspis Gallery of the Palace which had been arranged as a chapel, in the presence of the royal family, the Crown Princess of Greece, representing the Queen of Greece; Prince Christian of Schleswig Holstein, representing the King of England; Archduke Joseph, representing the Emperor of Austria; Grand Duke Vladimir, representing the Emperor of Russia; the Duke of Genoa, representing the King of Italy; the diplomatic corps; Prince Von Bulow and other members of the German cabinet; and high military officers. The child was named William Frederick Francis Joseph Christian Olaf. The infant has nineteen god-parents. After the ceremony the Crown Princess Sophie seated beside the cradle, held a levee. A dinner followed in the marble hall at which Emperor William toasted his first grandchild.

## OPEN REPUBLICAN CAMPAIGN.

CHICAGO, Aug. 29.—Arrangements were practically completed last night for the opening of the Republican fall campaign in the west with a monster mass meeting, as it is called on the posters, at the Auditorium on the night of September 22.

Senator Albert J. Beveridge of Indiana will be the chief speaker of that occasion. It is expected that Speaker Joseph G. Cannon and J. Adam Bede, congressman from Minnesota, will also address the meeting. The "dollar dinner" idea has been abandoned.

## WANTED TO SAVE SON

### Mrs. Ormsby Begged Husband to Tell All.

### DISGRACE WAS FEARED

### Mother Pleaded for Husband to Confess What He Knew of Herman's Conduct.

### ORMSBY AVOIDS THE TRUTH

### Ex-Superintendent of Forests Admits He Lied to Government Officials—Defendant Would Protect Binger Herman.

PORTLAND, Aug. 29.—In the effort to save her son, Merritt, from being punished for his alleged complicity in the conspiracy to defraud the government in the Blue Mountain reserve case Mrs. Addie Ormsby, the wife of Capt. S. B. Ormsby, formerly superintendent of forests, fell on her knees before her husband in the office of Attorney L. H. Tarpley and begged him to tell Special Assistant Attorney-General Heney and Secret Service Agent Burns what he knew of Binger Hermann's connection with the land frauds.

This was elicited from Captain Ormsby by counsel for the defense this morning in the trial of Franklin Pierce Mays, Willard N. Jones and George Sorenson, in the Federal Court, before Judge Hunt and a jury, while he was being questioned as to conferences which he held with Heney and Burns at the Portland Hotel. Captain Ormsby was represented by counsel at these meetings and had been fully advised of his rights.

A systematic effort, it is claimed, was made to protect Hermann, as it is intimated by counsel that their clients cannot be punished unless he is also dealt with as a lawbreaker. Congressman Williamson, as well as Binger Hermann, figured in the hearing this morning.

Captain Ormsby was forced to admit that he had described sections of land in the Blue Mountain reserve which he had never seen and on which grew nothing but sagebrush, as densely timbered, because of the influences brought to bear on him by others and the bribes given him by Mays. His veracity was questioned several times and he admitted that he had not told the truth in conversations with government officers.

## STEAMER PRINCESS SINKS.

SELKIRK MAN, Aug. 29.—The steamer City of Selkirk arrived here tonight from the north end of Lake Winnipeg and reported that the steamer Princess, with 16 hands on board, ran into a rock near Swampy Island Sunday and six of the crew were drowned. Only one body was recovered. The vessel was engaged in the fishing trade. It is supposed she was too heavily laden and being strained by the storm, broke in two.

## CAN SHOOT AT WILL.

MOSCOW, Aug. 29.—On account of the frequency of the attacks on policemen, the prefect of police today issued an order declaring the men were wounded owing to their own fault in not taking precautions, adding that they must hereafter employ their arms in the most energetic fashion in case suspects should attempt to approach them. There is considerable apprehension in consequence of this virtual license to shoot at will.

## TO US ELECTRICITY.

### S. P. Will Employ Electric Power in Carrying Freight Over Mountains.

SAN FRANCISCO, Aug. 29.—The Southern Pacific is seriously considering the use of electric power to take the heavy freight and passenger trains over the steep grades of the Sierra Nevada mountains. Electric power can be easily installed, according to the preliminary reports, to do the work, with an increase over the present speed of trains of about 100 per cent. The best speed of the powerful locomotives now hauling the freight cars can attain over the steep grades is 8 miles an hour, and sometimes three locomotives have to be attached to attain this. It is understood that the new electric power will take the cars over the grades at a minimum rate of 15 miles an hour.

It is proposed by the Southern Pacific to do away with some of the hardest grades by the use of tunnels, which will be bored in the vicinity of Summit and Truckee.

In all probability the solution of the power question will be found in a plant on the mountains. It is urged that such a plant can be built and equipped at a moderate cost, using oil as fuel and can supply all the power necessary.

If the proposed improvements are made, it is estimated that the cost of hauling the trains will be cut in half and the freight carrying capacity of the road over the summit of the Sierras will be almost doubled. Oil will be used with the electric engines and the expense will be considerably decreased.

## BOMB FOUND IN TIME.

### Infernal Machine in Ship's Hold Discovered Just Before It Explodes.

PHILADELPHIA, Aug. 29.—An infernal machine was discovered today in the hold of the steamship Eagle Point, as the vessel lay in the Delaware river. The steamer was saved from destruction by the fraction of a second, for the bomb exploded as it touched the water after being thrown overboard. The infernal machine endangered the life of Captain Robertson and his crew of thirty men. It was discovered in the after hold by a stevedore, who carried it to the captain. The captain threw it overboard. As it sank it exploded, sending a column of water fifty feet into the air. It is hinted that a former member of the crew, who felt aggrieved at the captain, placed the bomb on the vessel.

## WILL GO IN BODY.

NEW YORK, Aug. 29.—There was an informal call for a conference of members of the Democratic national committee today at the Hoffman House, at which it was decided the members should meet tomorrow evening and proceed to Madison Square Garden in a body. Thomas Taggart, the chairman, and Committeeman Roger Sullivan of Illinois, were not present.

## BAR ASSOCIATION MEETS.

ST. PAUL, Aug. 29.—Tonight's session of the American Bar Association's twenty-eighth annual meeting drew an attendance which filled the large chamber of the house of representatives in the State capitol to the doors. Roscoe Pond, of Lincoln, Neb., and J. J. Jenkins, chairman of the judiciary committee of the national house of representatives, were speakers.

At today's session the principal event was an address by President Peck.

## ST. PAUL BUILDINGS BURN.

ST. PAUL, Aug. 29.—Fire which started in the plant of the Heinze Pickle Company, on the West Side, shortly after midnight, destroyed that plant, the large factory of the American Can Company, and a three-story frame tenement building.

## POPE IS OPPOSED.

MADRID, Aug. 28.—A royal decree published today restores the civil marriage formalities and suppresses the obligation on the part of the parties desiring to get married to declare their religion. This is directly opposed to the Papal nuncio's claim.
