**Eruption Broke Out in Spots All Over Body—Caused a Continual Itching for Two Years—Doctor's Medicine Did no Good—Cured at Expense of only \$1.25 and Now**

### THANKS CUTICURA FOR COMPLETE CURE

"Some time ago I wrote you for a book on the Cuticura Remedies and received it O. K. and went and bought the Soap, Ointment, and Pills. They did me more good than any medicine I ever used. They cured me of my skin disease, and I am very thankful to you. My trouble was eruption of the skin, which broke out in spots all over my body, and caused a continual itching which nearly drove me wild at times. I got medicine of a doctor, but it did not cure me, and when I saw in a paper your ad., I sent you for the Cuticura book and I studied my case in it. I then went to the drug store and bought one cake of Cuticura Soap, one box of Cuticura Ointment, and one vial of Cuticura Pills. From the first application I received relief. I used the first set and two extra cakes of Cuticura Soap, and was completely cured. I had suffered for two years, and I again thank Cuticura for my cure. If you wish, you may publish this. Your friend forever, Claude N. Johnson, Maple Grove Farm, R. F. D. 2, Walnut, Kan., June 15, 1905."

sentiment as a result of his speech-making tour. The enthusiasm of Mr. Bryan's Southern receptions have varied according to locality, although everywhere he has been received with great respect and manifestations of affection. In some sections the outpourings and manner of greetings have recalled the Bryan adulation of 1896, while in other places the demonstrations have been only formally enthusiastic.

The contest already on in Virginia between Bryan Enthusiasts and Bryan Conservatives is of vital interest. Senator Daniel of Virginia was the first Democrat of national prominence to express disapproval of Mr. Bryan's government ownership doctrine. There was nothing surprising in this. Opposition to the idea was natural to him, and it was a matter of course that no fear of personal consequences would silence him. Therefore, Senator Daniel spoke and the opportunity was instantly seized by his opponents. State Senator Thomas of Lynchburg, who opposed the reelection of Major Daniel to the United States Senate, is out with a declaration for government ownership and has issued a rallying-cry to all Virginia Democrats of a like way of thinking.

In the Old Dominion, therefore, is to be fought the first battle in which the "Bryan Paramount" is the issue; and Virginia's sister states will look on with bated breath. It is not at all hard to believe that Virginia's verdict on government ownership may be made the verdict of the national Democracy, and that thereby Virginia may again take her place as a leader in Democratic thought. Should Virginia's voice be for government ownership, it is not improbable that other Southern states would follow her lead, and with the South committed to the doctrine nothing could prevent its being written into the next national Democratic platform.

It is true that the South's men of national prominence, so far as heard from, have been almost unanimous in condemning Mr. Bryan's new idea, and the Southern press is generally against it. But in the South, as nowhere else, does the Democratic rank and file have the opportunity to make its opinions felt, and it is just possible that neither leaders nor press speak authoritatively for the people. In the West, it is reported, sentiment is strong for government ownership and the results of the New York primaries indicate that the Empire State is ready to accept Bryan's most radical views. Conservatives have been looking to the South to save the Democratic party from extreme radicalism. That there is sufficient government ownership sentiment in Virginia to warrant a well-informed politician making it an issue in a contest against so strong a man as Senator Daniel comes as a distinct surprise, and the opinion is now frequently heard that Mr. Bryan's task of converting the Democratic party may not be so gigantic as had been believed.

OYSTER BAY, Sept. 24.—President Roosevelt has contributed \$100 to be used by Rear-Admiral Thomas in a legal lawsuit instituted recently at Newport, R. I., to determine whether or not a man may be excluded from a public place of entertainment because he wears the uniform of the United States Army or Navy.

The President today made public the following letter, which he has sent to Rear-Admiral Thomas:

"Oyster Bay, Sept. 24, 1906.—Dear Admiral Thomas: I inclose \$100 to be used in that suit which, thanks to you, has been so wisely undertaken to test the legality of excluding any man from any public place of entertainment because he wears the United States uniform. I feel that it is the duty of every good citizen to endeavor in every shape and way to make it plain that he regards the uniform of the United States Army and Navy just as much when worn by an enlisted man as when worn by an officer—as a badge of honor, and therefore entitling the wearer, so long as he behaves decently, to respectful treatment.

"There is no finer body of men in all our country than the enlisted men of the Army and Navy of the United States, and I cannot sufficiently express my indignation and contempt for any man who treats his uniform save with the respect to which it is entitled. If a man misbehaves himself, then no matter what uniform he wears, he should be dealt with accordingly; but the fact of wearing the United States uniform should be accepted as presumptive evidence that the man thus discriminating is all wrong.

"Sincerely yours,  
"THEODORE ROOSEVELT."

Rear-Admiral Thomas is reported to be paying half the expenses of a suit for \$500 damages brought by Chief Yeoman F. J. Bunzle, against the Newport Amusement Company, of Newport, on the ground that he was excluded from the place while in uniform. Bunzle is on duty at the naval-training station at Newport. The suit will not be tried until October 2 of later.

out his threats. Reports from part of Atlanta since the sun went down and after the most careful investigation possible, have sifted down into one fight between a number of country police and deputies, and some unknown negroes. The number of negroes dead is not known and possibly never will be. The officers claim they counted from six to fifteen dead, but the excitement and darkness make the counting very uncertain. The reported killing at Howell's Station, is declared to be false, at military headquarters.

### SITUATION AT ATLANTA.

Saloons All Closed and Sale of Guns is Stopped.

ATLANTA, Sept. 24.—The body of Zeb Long, a negro, was found early today hanging in the woods near East Point, a suburb eight miles south of Atlanta. Long was locked up in the East Point jail charged with disorderly conduct. The jail was broken into after midnight and Long was taken out. The usual mystery surrounds the affair. It is not known yet whether Long was suspected of any connection with any of the recent assaults on white women.

The situation at 3 o'clock this afternoon was quiet. There is no apprehension of trouble tonight, but every precaution has been taken to guard against a repetition of the rioting. A cold northeast rain, accompanied by high winds, has commenced to fall and will aid materially in preserving the present status. The local situation at noon seemed more favorable than at any time since Saturday night. The authorities have dismissed and sent home all outside militia companies except those belonging to the Fifth regiment.

This leaves one full regiment in charge excepting that guards have been posted at the hardware stores to protect

them from possible raids for firearms and ammunition. The sale of firearms and ammunition has been stopped. All saloons have been closed until further orders.

The feature of the situation is the scarcity of negroes usually employed about the city. The telegraph companies are advertising for white delivery clerks, and the postoffice is experiencing great difficulty in sending out special delivery mail. Domestic servants are frightened and an exodus of large proportions of negroes from the city is reported. The authorities, however, believe they have the situation well in hand.

Seventeen companies of state militia were in complete control of the situation this morning. All saloons were closed for the day under the orders of the Mayor. Business has assumed normal conditions, the street car schedules have been resumed, the schools are open as usual, and public confidence is being restored under the energetic measures taken by the authorities, city, county and state, to maintain order. No further outbreak is anticipated.
