**ASTORIA---EUGENE--- TODAY**

FOOTBALLISTS WILL MEET ON UNIVERSITY GIRDIRON THIS AFTERNOON—ASTORIA AWAITS THE GOOD NEWS.

The Astoria football team left yesterday morning for Eugene to contest football honors this afternoon with the team representing the University of Oregon.

This is the first game played under the new rules and a great deal of interest is manifested by those concerned in the home team, as to what amount they will give of themselves under the changed conditions.

Of course, it must be taken into consideration that the university team is trained to the minute, while the members of the Astoria team are all hard working boys, having little time to devote to getting themselves into condition. The Eugene hold their practice out-of-doors every afternoon, while the Astorians only have a chance to practice for a few minutes in the evening indoors.

Beckel, the Eugene coach, assures the patrons of the sport at the university that his team will pile up a big score, but there are those who differ with him here and while much is conceded the superiority of the Oregon team in training and team work, it is not believed that the difference will amount to more than two points in their favor.

Astoria's defense should be strong, though weak in offense, and their home friends do not look for them to win, and if the game is tied, then Astoria may well feel proud and can virtually claim victory. The line-up of the Astorians is as follows:

- Center—Bay.
- Left Guard—Benson.
- Right Guard—Dvorack.
- Left Tackle—Henderson.
- Right Tackle—Minard.
- Left End—White Bear.
- Right End—Watson.
- Quarterback—Harry Graham.
- Left Half-back—Roxey Graham.
- Right Half-back—Carlson.
- Full-back—Hoover.

More, The Merrier—A company has been incorporated by Portland people for \$21,000 and has purchased 650 acres of water front land on Netarts Bay, Tillamook, and will shortly lay out a town-site that is expected to rival Seaside as a summer resort, as soon as railroad connections have been made between here and the Tillamook country. The corporation is called the Netarts Bay company, and among the stockholders are W. W. Cotton, Bernard Albers, Chester G. Murphy, H. B. Adams, Phil Metschan, Sr., Phil Metschan, Jr., John Mannin, G. C. Moser, B. E. Haney, B. O. Snuffer and Woodard, Clarke & Co. An application has already been received to build a 400-room hotel on the land, and another proposition has been advanced to erect a hotel, the size not specified. A preliminary survey is being made to establish a water system, the supply for which is in the land. Phil Metschan, Sr., is president, and H. B. Adams secretary and treasurer of the company.

Re-Incorporated.—As announced in these columns some days ago, the Scandinavian Benevolent Society yesterday filed articles of incorporation with county Clerk Clinton, re-incorporating the society upon the fraternity basis. Messrs. Ludwig Larsen, John Nordstrom, Chris Christensen, Olaf Anderson and C. S. Gauderson, as incorporators.

Brought in the Proof—Officer Elmsley Houghton of the Astoria police force, who is enjoying his vacation, arrived home yesterday afternoon from a two-day hunt in the Olney country, with the antlers, head and dressed carcass of a fine young deer. He is a dead shot and generally puts up tangible proof of his successes in that line. Speaking of deer-killing, an Astorian reporter ran up against a well known and popular pastor of this city yesterday, who was just back from a deer hunt on which the reverend gentleman had achieved similar success to Mr. Houghton's and on being asked if it did not conflict somewhat with his ethical ideas to shoot down a beautiful and harmless animal, replied that "When he fired at the deer he thought nothing of it, but in skinning and dressing it afterward, he was full of self-reproach for the deed."

Four Generations Arrive—Yesterday's noon express from Portland brought to this city Mark W. Petersen and family, from St. Paul, Minn. Mr. Petersen was for some time a linotype operator in the office of the Astorian. They went back to the middle west some months ago, but concluded the coast country was preferable, in all ways including. He has returned and will follow his business in the printing plant of the Oregonian, at Portland, and will shortly be followed by his parents and grandparents, and their families, thus installing the four generations of clever people out here, which is a pretty fair index of the attractiveness of the hereabout.

Spreading Out.—Chris Greenwald of the Gold Star Hotel, at the depot, is putting a two story addition on the west of the wellknown hotel and will equip it with every convenience for the traveling public. The extension covers 55 feet, and will contain a handsome dining room and lunch stand and the second floor will be equipped with eight handsomely furnished rooms in addition to those all ready in service.

Ear Troubles Him—A. R. Johnson, the well known grocer, is suffering from a serious inflammation in his left ear, and is temporarily out of business. It has been very painful and annoying, but is gradually healing and he will soon be back at the store.

A Good Score—The third afternoon of the Swain-Gevurtz bowling match drew large patronage at the Wigwam yesterday afternoon. Despite the fact that under ordinary circumstances Mr. Swain does not know a bowling ball from a high ball, he made the remarkably high score of 152. This gentleman's remarkable physique and innate ability assures him a prominent location in western bowling records. The series will continue to the perspiring end, the aggressors getting together at 3 p. m. every day.
