ASTORIA, OREGON, SUNDAY, NOVEMBER 4, 1906

PRICE FIVE CENTS

CAMPAIGN IN NEW YORK

The Campaign Was Practically Closed Last Night.

INTENSE EXCITEMENT

Both Sides Claim the State By Large Majorities Next Tuesday.

CAMPAIGN OF PERSONALITIES

Republicans Concede Hearst a Majority in Greater New York, But Claim Will Come to the Bronx With 200,000.

NEW YORK, Nov. 3.—Today practically closed the most extraordinary campaign for governor in the political history of the state, although both candidates will continue speechmaking until Monday night. It has been a campaign of personalities rather than policies; of men instead of measures, and it has stirred the greatest interest among the voters of the Empire State to its utmost boundary.

For vigor and vituperation it has been without precedent and for persistency of appeals to the voters by the two candidates it stands alone. The close of the campaign finds the political situation unprecedented in this state and some of the shrewdest politicians admit that the usual sources of political prognostications are all but worthless. Hearst claims the undivided support of all the labor unions and the Independence League. He asserts that the Republican machine and ring in the upstate counties is so broken down as to make impossible the huge Republican majorities heretofore given and which has come down to the Bronx and wiped out the tremendous Democratic majorities of Greater New York. Hughes and Republican campaign managers admit defeat in the Republican ranks, especially among the laboring element, but assert that it will be more than offset by the promised support of the "Old Line Democrats." Murphy claims that Hearst will carry Greater New York by from eighty to one hundred thousand. The Republicans say they are elated over this prediction, for they claim that Hughes will come to the Bronx with two hundred thousand votes to spare.

WILL BE PUNISHED.

Havana Horse Thieves to be Given the Full Limit.

HAVANA, Nov. 3.—Governor Magoon is determined to prevent horse stealing here and all persons found guilty of this offense will be arrested and punished. The provisional government believes that all good citizens in the recent uprising have disbanded. Persons henceforth assembling in bands will be considered actuated by illegal motives and will be dealt with accordingly.

BOOKS ARE TRASH.

Private Libraries Are Filled with Trash.

NEW YORK, Nov. 3.—Mrs. Florence Maybrick, in an address to the New York Equal Suffrage League yesterday, asked that organization to request Andrew Carnegie to supply books for prison libraries in this country.

"Good books constitute the only helpful influences these people have," she said. "At present one-third of the stuff they read is absolute trash."

MIKADO'S BIRTHDAY.

Japanese Attack and Fatally Injure Mate of Schooner.

LONG BEACH, Cal., Nov. 3.—Ivor Hansen, mate of the schooner W. F. Garmis, was today set upon by three Japanese, brutally beaten and probably fatally injured, because he was expostulating with the Japs about the noise they were making on board the vessel. A Japanese cabin boy and two friends were celebrating the Mikado's birthday and resented the interference on the part of the mate.

JAPANESE LOVERS.

Foreign Missionary Society Pass Resolutions for Japs.

BUFFALO, Nov. 3.—The general missionary committee of the M. E. church assembled in Buffalo to make its annual appropriations to home and foreign missions today, and expressed itself in the strongest terms in a resolution condemning the anti-Japanese agitation in California.

UNREQUITTED LOVE.

Seattle Logger Kills Flora M. Shannon at Her Home.

SEATTLE, Nov. 3.—A man named Brady, a logger, this afternoon shot and killed Flora M. Shannon at her home and then attempted suicide. He will recover. Unrequited love is the cause for the shooting.

FOUR MEN KILLED.

CORNING, Ohio, Nov. 3.—Four men were killed and two seriously injured in an accident at Santoyne today. The men were crushed in a mine cage, the bodies being hurled to the bottom of the shaft, a distance of 150 feet.

CAMPAIGN IS CLOSED

Washington Voters Take Little Interest in Election.

STATE WILL GO REPUBLICAN

Humphrey, Cushman and Jones Will Be Elected to Congress—Indications That Legislature Will Be Strongly Republican.

SEATTLE, Nov. 3.—The state campaign practically closed tonight, although several political meetings are scheduled for Monday night. The indications are that the entire Republican state ticket will be elected by a good majority. The Republicans will have a majority in the legislature, although it is probable that the Democrats will have more strength in the next legislature than the last, when the Republican majority on joint ballot was nine. The election of Humphrey, Jones and Cushman to congress is conceded. There is very little interest taken in the election, except in a few counties where local issues are involved. There is no governor or state officers to be elected, which accounts for the apparent apathy on the part of voters.

TAFT AT BOISE.

Addresses Voters at Different Points in the State.

BOISE, Nov. 3.—Secretary Taft left Pocatello at 6:45 this morning on a special train, accompanied by Gov. Gooding, State Chairman Brady and Calvin Cobb of the Boise Statesman. Secretary Taft addressed gatherings at Mindoka, Glens Ferry, Mountain Home, Nampa and Shoshone, the home of the governor. He appealed to the people to stand by Governor Gooding and for the enforcement of law and order and to vote for the Republican congressional ticket. Tonight Secretary Taft and his secretary dined at Boise at the home of Mr. and Mrs. Calvin Cobb. Tonight he addressed a large meeting at the opera house, appealing to the voters to sustain President Roosevelt by electing Republican candidates to congress and Gooding for governor.

SEARCH FOR NORTH POLE

Commander Peary Encounters Great Difficulties.

ON RETURN VOYAGE

Steamer Roosevelt at Hopedale, Labrador Waiting for Mail Steamer Supplies.

STEAMER IS BADLY DAMAGED

Encountered Storms and Head Winds to the Labrador Coast, Carrying Away Two Rudders and Two Propeller Blades.

LENOX, Mass., Nov. 3.—That Commodore Peary encountered unusual difficulties in his search for the north pole is indicated by a telegram received today by Morris K. Jessup, president of the Peary Arctic club. The most significant portion of the telegram, however, intimates that Peary will again try to find the north pole. The telegram follows: Hopedale, Labrador, by way of Twillingate, Newfoundland.

"Steamer Roosevelt now here. Repairing rudder and stern, taking ballast, awaiting arrival of mail steamer to secure coal. The return voyage was an incessant struggle with ice to Cape York, September 26. Then storms and head winds to Labrador coast October 23, carried away two rudders, stern post, and two blades of propeller, foretop mast and shank-er boom. Lost one boat, burned all the coal and some interior beams, using wood and blubber along the coast. Expect to communicate again from Chapeau Bay. All progress will be slow. Have no anxiety for our safety and give no credence to exaggerated reports. The Roosevelt is returning this year for additional supplies and for repairs. Several tons of whale meat and dog food were thrown away last fall after poisoning a number of dogs. Other supplies were lost by breaking of the ice in April.

"PEARY."

GREAT YEAR FOR RAISINS.

SAN FRANCISCO, Nov. 3.—The present year is a record breaker in the raisin business in California. So declares the president of a Fresno Packing company according to this authority fifty per cent of the estimated output of Valencia and Malaga raisins that compete with the California product was ruined. Practically all the Canadian demand was therefore turned over to California.

A great raisin crop, it is said, was expected in California. The grapes grew, but mysteriously, they lacked in sugar. This caused them to shrink. There is a great shortage in the weight of the expected home supply. One unexpected happening has followed another and now the large dealers in raisins who do business in this city declare that the crop is oversold and that all transactions have come absolutely to a standstill.

One of the large raisin dealers here says that the California raisin crop is from 10,000 to 15,000 tons short of early expectations.

SEA FOOD SCARCE.

NEW YORK, Nov. 3.—New York is experiencing a scarcity of sea food and as a result prices are higher than the oldest dealers in the Fulton market can recall. The stormy weather which has prevailed along the coast for three weeks past is responsible for the scarcity.

SOLDIERS KILLED.

Row in a Saloon Over a Game of Cards.

KANSAS CITY, Nov. 3.—A special to the Times from El Paso, Texas, says: Negro soldiers of the 25th infantry at Fort Bliss, five miles from here, fought in a saloon outside the reservation last night. Private Mathews was killed and Private Lewis and Alexander Johnson, a saloonkeeper, were wounded. It is said Johnson cannot recover. Other troops from the fort have been dispatched to arrest the men. A card game is said to have prompted the affair.

BOY FORGES CHECK.

Held up the Family Butcher on a Forged Check.

NEW YORK, Nov. 3.—Louis Greenberg, 12 years old, is under arrest here, charged with forgery. He will be arraigned with the children's court today. Greenberg cashed a check which was for \$19.12, on the family butcher. Isadore Shulock, 10 years old, schoolmate, is also under arrest, charged with petit larceny. Shulock, it is alleged, stole a blank check and gave it to Greenberg. The police say Greenberg is the youngest forger ever arrested here.

SCOTCH POET.

J. P. Morgan Purchases Some Valuable Manuscripts.

NEW YORK, Nov. 3.—J. P. Morgan imported yesterday what is said to be the most complete set in existence of the original manuscripts and private letters of Robert Burns, the Scotch poet. Mr. Morgan's agents have been scouring Great Britain for the last fifteen years, in order to secure the documents.

CHAUFFER'S STRIKE

Mob of Two Thousand Chuffers and Sympathizers.

DETECTIVES SHOOT STRIKER

Car Attacked by Strikers and Crowd Fired Upon by Detectives, Hitting One Man—The Detectives Are Arrested.

NEW YORK, Nov. 3.—A mob of two thousand sympathizers with the striking chuffers attacked a street car tonight containing a dozen strike-breakers. Private detectives who were on the car, fired into the crowd, shooting one man through the throat. Augustus Lamb, a striking chuffer, was shot through the neck tonight when a street car in which were a dozen strike breakers and the same number of detectives were riding. The car was attacked by strikers and their sympathizers and were fired upon by the detectives. Lamb and the detectives were arrested.

MAMMA IN HEAVEN.

NEW YORK, Nov. 3.—A letter addressed to "Mamma in Heaven" came to Atlantic City in the mail bag from Philadelphia last night. It contained in a childish scrawl, the message: "Dear mamma, please come and see your boys, and bring papa, too. We pray for you. (Signed) JOSIE GEORGIE." No clue is given to the home of the childish writers or their identity and the letter will be forwarded to Washington.

BASEBALL.

At Fresno—Portland, 4; Fresno, 4, darkness. At Los Angeles—Seattle, 0; Los Angeles, 1. At Oakland—San Francisco, 4; Oakland, 1.

LELAND BROS.

SAN FRANCISCO, Nov. 3.—The British ship Leland Brothers arrived here today from Antwerp. Six of the crew are sick with scurvy. During the voyage the ships steward died.

POLITICAL FORECAST

Democrats Claim the Next House of Congress.

SUPPORT PRESIDENT

Battle Cry of the Republicans and Necessitates the Power of Administration.

REPUBLICANS ARE CONFIDENT

Greatest Interest Centers in the State of New York Over One of the Greatest Fights in the History of the Country.

WASHINGTON, Nov. 3.—With but two full days intervening before the country will elect the Sixtieth congress, there is decidedly a general area of high pressure in the political atmosphere. The expert prognosticators have stopped analyzing local conditions. They have made their final claim covering the whole area, and are sitting tight and waiting for Tuesday. The Republicans claim, emanating from the headquarters of the Republican committee in New York, is to the effect that the Republicans will have a majority of 58 in the next house of representatives. An analysis of this claim is as follows: Sure Republican districts, 222 sure Democratic, 190 doubtful, but probably Republican, 21 doubtful, but probably Democratic, 13.

The Democratic congressional campaign committee from their headquarters in Washington, has figured out 67 Democratic gain over its present representation in the house. Chairman James M. Griggs thinks this claim rather conservative and is quoted as saying: "The claim of a Democratic gain in New York is safe." The Democratic committee claim a gain of one congressman from each in the states of Massachusetts, North Carolina, Kentucky, Montana, Delaware, Rhode Island, Connecticut, Idaho and Virginia, and there seems to be no doubt but this claim is good. The claim of six in Pennsylvania is too conservative. The same may be said of six in Illinois. We will gain eight in Missouri, sure, said Chairman Griggs. The Republican concede to us five in Ohio, but we will do better than that. The computation that puts us down for a gain of only one in Indiana is erroneous. We can safely count on a gain of three in New Jersey, while gains will be made in California, Nebraska and Iowa.

Should the Democrats gain 67, which seems probable tonight, that party will have a majority of 22 in the Sixtieth congress. While from a national standpoint, the congressional election is regarded emphatically important, in some localities it has been thrown entirely in the background by state politics. Twenty-three states elect governors; twenty elect legislatures; ten choose minor officers or justices of the supreme courts. Oklahoma will pass upon her state constitution. Arizona and New Mexico will decide the question of joint statehood.

New York with its fight between Hughes and Hearst for the governorship has furnished the spectacular feature of the entire campaign and the eyes of the entire country are centered on this election, which is the most important in years, having a bearing on the next presidential election. If Hearst is elected, New York will be safe in the Democratic column even if Roosevelt should run for a third term, and means Bryan as the Democratic candidate for President. Mr. Bryan evidently had this in view when he came out and endorsed Mr. Hearst. He must have

Hearst's support to win. Here, in New York, the red fire will not cease to burn until dawn of Tuesday, when the white heat of battle will take its place. Perhaps the most notable feature of the campaign in all its ramifications has been to the extent in which the personality of President Roosevelt has been brought forward. "Support the President," was the battle cry of the Republicans in every congressional district. "We can support him better than you," was the defiant answer of some of the leaders. President Roosevelt has made it known that he wants a Republican congress. All but two of his cabinet officers have taken the stump to further this desire. The President will vote at Oyster Bay Tuesday. He will reach the White House in the evening and receive returns.

JOINT STATEHOOD.

Indications That Arizona and New Mexico Will Vote Affirmatively.

ALBUQUERQUE, Nov. 3.—From both the Republican and Democratic headquarters, the estimates of the campaign managers are that the joint statehood proposition will receive a majority vote in New Mexico of from ten to twelve thousand. No estimate can be given of the vote in Arizona, which will probably be close.

HARRIMAN WILL WIN.

Will Probably Control Directorates of Illinois Central.

CHICAGO, Nov. 3.—According to the Chicago Tribune the indications are daily growing stronger that E. H. Harriman will win a decisive victory for the control of the Illinois Central over Stuyvesant Fish at the special meeting of the board next Tuesday for the purpose of electing officers.

IMPORTANT MEETING

American Association of Masters Mates and Pilots.

WITH CONVENE THIS MONTH

Amendments Will Be Prepared to the Laws Governing the Navigation of all Steam Vessels in the United States.

NEW YORK, Nov. 3.—An important meeting of the American Association of Masters, Mates and Pilot will be held in this city November 12 and 13. The laws governing the navigation of steam vessels will be discussed. The object sought for is to make recommendations, if possible, for amendments to the different laws governing the navigation of steam vessels. Addresses will be made by General George Uhler, United States supervising inspector general of steam vessels; Ira Harris, United States supervising inspector of steam vessels for the second district W Irving Coombs, the well known marine underwriter W. S. VanKureau, state supervising inspector of steam vessels for the inland lakes; John Silva, president of the American Association of Masters and Pilots. The subjects to be discussed will include the inland rule as laid by the government and the responsibility of the masters and pilots to the board of underwriters.

SEVERAL GAMES PLAYED.

Multnomah Defeats Astoria; Oregon University Defeats Willamette.

PORTLAND, Nov. 3.—Yesterday was football day throughout the country. The following is the result of games played: At Baker City—Boise, 0; Baker City 17.

At Eugene—University of Oregon, 4; Willamette University, 0. At Portland—Multnomah, 16; Astoria, 5.

At Corvallis—Albany Athletic, 6; Corvallis, 6.
