LOGIC, OR NO LOGIC.

We are not caring for the logic, nor absence of logic, in the matter of Mr. Roosevelt's second elective term in the presidency. We believe in the man, just as millions of his fellows do, and are satisfied to trust him in the critical issues that confront the nation.

ASTORIA REPUBLICANS (?)

It might be well for the Republicans of Astoria and Clatsop county to do a bit of straight-forward thinking upon the subject of their real status in city and county; that is, of course, if there are any Republicans left in the territory named, whereof we have grave and perfectly reasonable doubts, especially in the city.

emanated from the county and city central committees to that effect. As it is they are the laughing-stock of the people who are usurping their offices and doing their duties. Another year and another campaign will just about wipe the Republican element out of existence.

BEVERIDGE ON THE TARIFF.

The South Bend (Ind.) Times of the 18th of October declares that "In his speech at Logansport Wednesday night Senator Beveridge knocked into a cocked hat the flimsy plea of the stand-patters that a partial revision of the tariff cannot be effected without disturbing business.

The paper quotes: "There should be changes in some tariff schedules, because the conditions those schedules were made to fit have changed, and because we must not imperil the whole protective system by putting off admittedly needed changes until so many of them accumulate that their combined force compels a general revision.

"It is not true that you cannot change one schedule without overhauling the entire tariff. We took off the tariff on anthracite coal without touching another schedule. We took off the revenue on denatured alcohol at the last session of Congress without touching the remainder of the internal revenue system.

"To say that we must tear up the whole tariff if we attempt to make a few changes, which everybody admits to be necessary, is to say that any tariff enacted must remain, as a whole, until the enemies of protection revise the entire scheme, hard times result and the friends of protection come into power again, once more revise the whole tariff by adjusting it afresh to changed conditions.

Commenting upon this, Mr. Alvin H. Sanders, chairman of the American Reciprocal Tariff League, says: "There is common sense in Senator Beveridge's statement. The mere fact that a tree needs trimming is no reason why it should be slashed all over root and branch. We have reached the point where such duties as are no longer needed for honest protection to capital and labor should be traded off—not given away as a free gift to somebody—in exchange for valuable concessions made to us. Limited tariff revision as a leverage for extending our markets should be the policy of the government for the immediate future."

EDITORIAL SALAD.

Know-it-all scientists are wrestling with the problem of, way longevity is highest where least attention is paid to the so-called laws of health?

Trust-busters are also getting busy in Europe. Italy has just canceled an order for armor plate it had given our steel trust.

Another Nevada town—Tonopah—has arranged for a line of advertising through a slugging match.

The cattle raisers are getting ready to hand Congress a hot line of talk this winter, in their efforts to rope in a little remedial legislation.

Some American girls are hard to convince. A daughter of Mr. Shonts of the Panama Canal Commission, has announced her intention to tempt fate by marrying a French duke.

A trust never lacks excuse. Though the government pays for the meat inspection, the meat trust says the raise in prices was made necessary by the heavy expenses of the inspection.

The average young woman of today is busy and has no time to devote to anything but health and beauty. It comes to ninety-nine out of every hundred who take Hollister's Rocky Mountain Tea, Tea or Tablets, 35 cents. For sale by Frank Hart.

Cured of Bright's Disease.

Mr. Robert O. Burke, of Elnora, N. Y., writes: "Before I started to use Foley's Kidney Cure I had to get up from twelve to twenty times a night, and I was all bloated up with dropsy and my eyesight was so impaired that I could scarcely see one of my family across the room. I had given up hope of living, when a friend recommended Foley's Kidney Cure. One 50 cent bottle worked wonders and before I had taken the third bottle the dropsy had gone, as well as all other symptoms of Bright's Disease." T. F. Lauren, Owl Drug Store.

When you're broke the girls are shy. They turn and fly as you come nigh. Brace up, old man, show some pluck. Take Rocky Mountain Tea; twill change your luck. For sale by Frank Hart.

Had a Close Call.

"A dangerous surgical operation, involving the removal of a malignant ulcer, as large as my hand, from my daughter's hip, was prevented by the application of Bucklen's Arnica Salve," says A. C. Stichel, of Milletus, W. Va. "Persistent use of the Salve completely cured it." Cures Cuts, Burns, and Injuries. 25c at Chas. Rogers', druggist.

INVESTIGATING GRAFTERS.

San Francisco Grand Jury Organized and Instructed.

SAN FRANCISCO, Nov. 9.—R. P. Oliver, a prominent real estate dealer, was chosen foreman of the grand jury today. Judge Graham instructed the jury that they must find indictments against all men when competent evidence is produced before them. Sensational developments are expected next week.

ALWAYS WAS SICK.

When a man says he is always sick, troubled with a cough that lasted all winter—what would you think if he should say—he never was sick since using Ballard's Horehound Syrup.

Such a man exists: Mr. J. C. Clark, Denver, Colorado, writes: "For years I was troubled with a severe cough that would last all winter. This cough left me in a miserable condition. I tried Ballard's Horehound Syrup and have not had a sick day since. That's what it did for me." Hart's Drug Store

ALL WELL.

BALTIMORE, Nov. 10.—The wireless station here received a communication at 10:30 tonight from the battleship Louisiana, conveying President Roosevelt to Panama. Location of the battleship not given, but "All Well" reported.

A Year of Blood.

The year 1903 will long be remembered in the home of F. N. Tackett, of Alliance, Ky., as a year of blood; which flowed so copiously from Mr. Tackett's lungs that death seemed very near. He writes: "Severe bleeding from the lungs and a frightful cough had brought me at death's door, when I began taking Dr. Kings New Discovery for Consumption, with the astonishing result that after taking four bottles I was completely restored and as time has proven, permanently cured." Guaranteed for Sore Lungs, Coughs and Colds, at Chas. Rogers' drug store. Price 50c and \$1.00. Trial bottle free.

Avoid alum and alum phosphate baking powders. The label law requires that all the ingredients be named on the labels. Look out for the alum compounds.

NOTE.—Safety lies in buying only Royal Baking Powder, which is a pure, cream of tartar baking powder, and the best that can be made.
