

REMARKABLE DEMAND FOR COOPER MEDICINES

The Phenomenal sale of L. T. Cooper's new preparations proves the many reports of their marvelous curative properties

MR. H. JORDAN.

Charles Rogers

The demand for Cooper's New Discovery and Quick Relief, which have effected such remarkable cures of stomach trouble, rheumatism, deafness and catarrh, has become enormous. Newspapers in every city have commented upon the curative powers and on the unprecedented demand of these remedies. Thousands of letters come every day to Mr. Cooper describing some of the most remarkable recoveries from the ravages of disease that have been brought to the attention of the public in recent years. A most remarkable letter was recently received from Mr. H. Jordan, a well known restaurant proprietor of Scranton, who writes Mr. Cooper as follows:

"I have suffered for the past three years with a severe case of stomach trouble. I could eat next to nothing and suffered untold agonies from indigestion. My food would sour after eating and I would have sick headaches and dizzy spells. I lost forty pounds in weight and grew weak and nervous. I doctored with many different physicians and tried a number of so-called remedies, but received no relief. Reading of the remarkable cures of stomach trouble effected by Cooper's New Medicines, I decided to give them a trial. I secured a bottle of the New Discovery and received almost immediate relief. My appetite has returned and I do not experience any difficulty in digesting anything I eat. All pain and nervousness have disappeared and I am rapidly gaining in strength and weight. I desire to thank you for the good these remarkable remedies have done for me." Signed: MR. HENRY JORDAN, 136 Penn Ave., Scranton, Pa.

Nearly all diseases originate in the stomach. Cooper's New Discovery acts directly on the stomach and digestive organs. It increases the gastric juices, which are an all-important factor in the proper digestion of food. Cooper's New Discovery and Cooper's Quick Relief are the preparations with which L. T. Cooper effected his remarkable cures in St. Louis, New Orleans and other large cities, and results have amply proven that they can be used in the home with as much success as though administered personally by Mr. Cooper or his physicians.

Cooper's New Discovery costs \$1.00 per bottle; six for \$5.00. Cooper's Quick Relief costs 50c. You can get them of

STRIKE IS IMMINENT.

Locomotive Firemen Will Decide the Question by a Vote.

NEW YORK, Nov. 12.—Grand Chief Hannahan of the Brotherhood of Locomotive Firemen, in speaking last night of the strike vote now being taken by the Erie firemen, whose demands were refused by the railroad officials, said:

"From my observations at this end of the line, I am certain that the vote for a strike will be unanimous. It is not usual to make public the fact that a poll of the question of a strike is to be taken, but we think it only fair to shippers and others whose interests would be affected by a strike, should a strike be effected by a strike they should know exactly how matters stand, so as to be prepared.

"We have not been looking for a strike, but anyone who knows the hours of work on the railroads and the long strain on the men, coupled with the low wages will realize that our demands are very moderate. We want to be as fairly treated as men of other vocations."

Among the trainmen at the Grand Central Hotel, where the union conferences are in progress, the hope is expressed that the Erie company will avoid trouble by making a counter proposition. Such a proposal, it was said, would receive due consideration and would be replied to though a strike vote is and has been counted. There have been numerous conferences this week by the engineers and firemen of the Lackawanna, New York Central, New Haven & Hartford and the Central Railroad of New Jersey.

It was stated on Saturday that Grand Chief Stone would leave for his home in Cleveland yesterday. He was still at the Hotel Belmont last night and it was understood it has been determined that he would remain here indefinitely. Assistant Grand Chief Hurley will also remain on the ground.

SUNDAY TRAVEL TO PORTLAND

Increases and \$2.50 Round Trip Rate via A. & C. R. R. is Popular.

Travel from this city to Portland on Sunday at the low round trip rate of \$2.50 is on the increase and many enjoy that day in the metropolis each week. This rate will be continued throughout the winter and the volume of travel toward Portland every Sunday would indicate that the public appreciates it. 11-8-16

OHIO ASSOCIATION.

Will Erect Tablets Commemorative of the Early History.

NEW YORK, Nov. 12.—Many distinguished persons are scheduled to speak at the third celebration of the Ohio Company of Associates, which is to include a dinner at the Waldorf Astoria, on Wednesday evening, Dec. 13.

Those invited include Charles W. Fairbanks, Gov. A. L. Harris of Ohio, Gov.-elect Charles E. Hughes, of New York, Congressman and Mrs. Nicholas Longworth, and Andrew Carnegie.

The Ohio Company has undertaken to erect a chain of memorial tablets, commemorating stirring events of his tory interest following the revolutionary war. The second tablet, erected on October 15 last, at Marietta, Ohio, in commemoration of the first settlement in the Northwest Territory, was unveiled by Mrs. Longworth. The next is to be installed on the site of the Bunch-of-Grapes Tavern in Boston, where General Rufus Putnam and others of Washington's generals organized the original Ohio company.

tion only to be compared to that extended to Mack Swain, whose clever interpretation of the part of "Den nis" still further established him as the premier fun maker of the current theatrical season. Miss Swain presented one of the most finished examples of emotional characterizations ever presented in this city, lending to the part an artistic conception only possible to a most versatile actress.

Mr. Layne was a most acceptable "Captain Hale" and Miss D'Arva as "Violet Summers" proved herself a mistress of characterization.

Mr. Berrell as "Bolton" gave a most scholarly interpretation of a most difficult part.

Mr. Frank as "Gordon" and Miss Jordan as "Ernie" were delightful in two widely diverging roles.

ager a change in the basis of contract between us.

The fact that I personally and exclusively manage this particular company precluded the possibility of this change being made during my absence.

Mr. Gevurtz then declared that the company could not appear at his theater that night and caused that fact to obtain widespread notoriety throughout this city, to the immediate detriment of my interests, and by his action jeopardized the salary of the eighteen people in my company who draw no salary for non-playing nights.

At a late hour he concluded to keep the house open. On my return here Friday an effort being made to coerce me into a less profitable contract, I simply took such action as would preclude patrons of my company being either disappointed or disgusted by the house management during my absence from the city, and arranged to transfer my company to the more commodious and comfortable Astoria Theater. In addressing the public I am prompted simply by the obvious intention of Mr. Gevurtz to rush into print to contest these questions.

My efforts are to the entertainment of the public and once they enter the theater "the play's the thing," not the edifice in which it is presented. That Mr. Gevurtz really took advantage of my absence is immaterial, that my patrons were disappointed is of monumental importance and the dereliction of one management has led me to take steps that will insure the patrons of any and all of my enterprises any repetition of the present unpleasantness. Yours for pure entertainment, MACK SWAIN.

The Star Theater was crowded last night and judging by the applause given the different numbers, the performance was thoroughly appreciated. The Nellie Andrews Opera company made a decided hit in the Bohemian Girl, and their presentation of the opera was equal to any ever presented. Al Harris, said to be the greatest monologue artist on the stage, furnished amusement and entertainment for the audience. O'Brien and West, the comedians and dancers, were appreciated and they are certainly a good team. The illustrated song, "The Stars and Stripes and You" was well rendered. The comedy moving pictures were above the average and kept the audience in good humor. Manager Gevurtz has certainly made a hit in securing this excellent company from the Grand theater in Portland. The company will play again tonight and every night this week. They are well worth seeing.

AT THE THEATER.

One of the largest and most enthusiastic houses ever in the new Astoria theater greeted the Swain company last evening in their initial production of "When Women Love," a play of sterling dramatic merit played with striking climaxes and thrilling situations, whose key note breathed of a heart interest that left not a dry eye among the auditors of its final scenes. As "Dolores," Miss Swain was given a well-deserved ova-

ented by Mr. Lorch and his company, under the personal direction of Mr. Tom B. Loftus, and the management of Messrs. Felton and Smutzer. Aside from Mr. Lorch there are many other well known and capable artists in the cast, including Mr. Francis J. Long, Mr. Percy Morris, Mr. George L. Graves, Mr. E. F. Hawkins, Mr. E. J. Earle, Miss Lota Mareky, Miss Cecil Fay and Miss Camille Lewis. The play is presented in four thrilling acts. Act I shows the studio of Sherlock Holmes in his London lodgings where the famous Holmes is introduced and the first thread of the difficult case on which he is working presents itself. Act II finds him at Pendicherry Lodge and "The Sign of the Four," which is the subtitle of the book and play. Act III is in two absorbing scenes, changing from Broad street, London to Smith's boathouse. Then in Act IV the audience is carried back to Pendicherry Lodge and the sensational climax of the play that both entertains and instructs, and seen once always invites a second visit. Mr. Lorch and his notable company will present the great character of Sherlock Holmes at the Astoria theater on the evening of Thursday next. The advance sale of seats promises to be the heaviest of any demand that has been made by the theater going people of Astoria.

TO THE PUBLIC.

Supplementing the communication of Mr. Gevurtz in Sunday's issue of this paper, I hasten to further inform the public upon the subject of the differences resulting in the appearance of my company at the Astoria instead of the Star theater.

The Mack Swain Theater Company has at different times of the year from one to four companies playing at points between the Pacific coast and the Missouri river.

Contracts signed for their appearance stipulate the appearance of a certain company, but never certain people.

The contract held by Mr. Gevurtz is for the Theater company, a well known and successful stock aggregation and makes no mention of either my wife nor my self. After 65 weeks of almost continuous playing my wife and self were en route to Astoria, after a pleasure outing, when Mr. Gevurtz demanded from my stage man-

IN THE CITY THEATERS.

The great character of Sherlock Holmes in the "Sign of the Four," the best known of all fiction detectives, has been ably introduced to the reading public of the world by Conan Doyle, that many there are who believe that Sherlock Holmes is a real flesh and blood detective, carries even greater interest in the stage version than in the book. When produced by such artists as Mr. Theodore Lorch, supported by a large company of capable people such as Mr. Lorch carries with him, Sherlock Holmes takes on an added interest and the audience entirely forgets that it is a play it is witnessing and becomes entirely absorbed in the interesting and thrilling story so cleverly unfolded before it. Mr. Lorch carries his own special scenery and mechanical effects are presented that are the marvel of stage history. Never was the realistic so nearly approached in a stage production as in Sherlock Holmes as pre-

Here is one case of it: E. C. Ruland, printer, living on Astoria St., Astoria, Ore., says: "I have tried several guaranteed kidney cures, but consider Doan's Kidney Pills the best and highly recommend the remedy to my friends. My trouble had bothered me off and on for many years. I had pain in the small of my back, sharp twinges when stooping or lifting and the aching bothered me a great deal at night. I was tired, languid and very nervous, but since using Doan's Kidney Pills I have not had these nervous spells nor the headaches I used to suffer from. The results have been a great improvement in the condition of the

kidney secretions. Doan's Kidney Pills have been so great a help that I am continuing with them and feel sure of relief whenever suffering from these troubles."
