Do You feel sleepy and not a bit like working in the afternoon? Perhaps it's because of the kind of lunch you're eating—too heavy and too hard to digest. Why not try the Palace restaurant on Commercial street, where all the baking is done in those famous slow-process ovens, which turn out light appetizing, wholesome things? You'll save money, too.

Dull Day—Yesterday was an exceedingly dull day in the various courts. Judge Goodman reported nothing doing and the attention of Judge Anderson was occupied nearly all the afternoon in the trial of Florence Gordon, charged with vagrancy. After a protracted trial she was fined \$40; and sentence was suspended pending good behavior.

**Leave for Michigan**—S. N. Johnston and wife, who have resided near Olney for the past twenty years, have sold their farm to Neils Christian Jurgenson, and will leave next Friday for Sault St. Marie, Michigan, where they will in the future reside.

**Season Closed**—The fall fishing season on the Columbia closed yesterday by virtue of the laws of the state, but it was virtually closed a month ago on account of the light run of salmon. The fall pack on the river, both at the canneries and cold storage plants, will be considerably less than last year.

Mr. Snow, an experienced tailor and cutter, representing Messrs. Straus Bros., Master Tailors, Chicago, will show his immense line of cloths at C. H. **Acrobatic Dodgers**—Poll-Tax Collector Welch is the cause of great perturbation among some of the young gentlemen of this city whose antipathies against his office and its "13.00" demand upon them, severally, is so pronounced that when the close of business approaches, the neighbors are treated to the extraordinary display of various degrees of agility, as this group of "dodgers" emerge from their third story windows, and seek the common level of the street, in avoidance of the grim collector, who is known to be lingering at the front door at the foot of the stairs. But he never lets go, does Mr. Welch, and this acrobatic display is a daily waste of prowess, and besides, one good tumble would cost far more than the simple luxury of a poll-tax receipt.

**All at Sea**—Yesterday afternoon at 3 o'clock the intervention of the rugged hand of the law was to have been invoked at Justice Goodman's bench in a case of assault and battery, in which the ubiquitous John Doe figured as defendant, he being, in this instance, the cook of the steamer Robert Dollar, the complaining witness being a colored brother in the same crew, who based his action on a slathering swip in the eye delivered him by the cook aforesaid; but the whole transaction fell to the ground, or the water, by the departure of the Robert Dollar to sea at noon yesterday, bearing away the complaining witness, defendant, witnesses, and, perhaps, the constable.

**A Giant Oyster**—Al Carruthers, who has purchased 600 acres of Shoal-Water Bay tide-lands and is oystering there with an oyster dredge of his own invention, and which is said to be entirely successful, in digging up bivalves from any old depth, has secured some splendid specimens from the Eastern seed growth planted there. L. Mansur, who has just returned from there, shows one that measures 6 inches in length and 4 inches in breadth, and which is entirely covered with a baby-growth of oysters on the outside, the bivalve in the shell being a rich and luscious specimen of the genus.

**In Pursuit of Justice**—Three citizens who have been beset by Mr. Welch, the collector of road-poll-tax lately, for what is due from them under the law in that behalf, have seen fit to contest the payment of this money upon some hypothesis known only to themselves as yet, and the case will come off this afternoon at 2 o'clock at the court-room of Justice Goodman, the three matters being merged in the issue of one case entitled the State of Oregon versus A. B. Hutchings.

**Not for Some Time**—The rumor that Messrs. Dick Smith and George Noland were going to leave Astoria for the Klamath country, has given rise to the idea that they were to depart almost immediately. The gentlemen will not go away from this city until after the February term of the circuit court, Mr. Smith going first, and Mr. Noland following a bit later. They desire to wind up all their legal engagements and other matters, before departing for their new home.

**Returned From Bucoda**—Martin Foud returned yesterday from Bucoda where he has been the past two weeks looking after his lumber business. He states that the recent storm did little or no damage to the mill, but the freshets on the rivers brought down a large number of logs. The mill is being run to its fullest capacity filling orders, although they are somewhat handicapped by the car shortage.

**Tax Levy**—At the meeting of the county court in January, the tax levy will be made. Included in the regular levy will be a sufficient levy to complete the new court house, and as soon as the levy is made, a contract will be awarded for its completion. The county court intends to have the building completed, except interior decorations and furniture next year, so that all the county offices can be moved into it.

**From Holland to Astoria**—Direct from the famous home of the tulip, in Holland, there has arrived at the floral establishment of Ole Erickson, on Bond street, between Eleventh and Twelfth streets, a magnificent lot of Tulip and Hyacinth bulbs, in white, blue, pink and glowing red. The assortment is beautiful and not over large, and it were the part of wisdom to call and order them at once.

**Will Wed Today**—This afternoon at 2 o'clock, at the home of the bride, No. 426 Franklin avenue, Rev. W. Seymour Short, rector of Grace Episcopal church, officiating, the lives and fortunes of Miss Irena C. Johnson and Mr. Archibald McLean will be united

in the holy bonds of matrimony. Both the young people are widely and happily known here, and there are hosts of friends to wish them an abundance of the good things of life.

**Has Changed Occupation**—Miss Mary Fossett has resigned her position as teacher in the city schools and has been appointed by Dr. J. M. Holt, U. S. quarantine officer here, as clerk and typewriter in his office.

**Fire**—An alarm of fire was turned in last evening at 9:30 and the chemical responded. The fire was caused from a flue in the residence of Mrs. Grimes at No. 73 Fifth street. No damage was done.

**Seaside Election**—A. E. Miller, candidate for mayor of the town of Seaside, was in the city yesterday and reports a lively interest being taken in local politics. There are two tickets in the field, the citizens ticket and the independent citizens ticket. Mr. Miller speaks very hopefully of the result and believes the entire independent ticket will be elected.

**Scanning the Field**—E. T. Powell, of the great firm of Powell Brothers, of Liverpool and London, is in the city and domiciled at the Occident. He represents a house that is probably the largest buyer of salmon in Europe. Mr. Powell has been sojourning at Vancouver, B. C., during the past season, and is in Astoria scanning the salmon situation thoroughly.

**Death of a Child**—Edna Knobloch, the fourteen-year-old daughter of Mr. and Mrs. Karl Knobloch, died early yesterday morning at the residence of her parents in Uniontown. She was adopted by Mr. and Mrs. Knobloch about three years ago and was a winning little child. Notice of her funeral will be given later.

**Water Mains**—Assistant Superintendent Johnson has had a force of men at work the past week, repairing the damage done to the water mains in the various part of the city, damaged by the recent storm. All the mains in the city have been repaired and all families are being supplied with water as usual.

**Securing Logs**—Several steamers from Portland have been engaged by the mill men on the Cowitz river to corral the logs which went adrift during the recent storm. A large number have already been secured and it is expected that the bulk of them will be saved.

**More Road Levies**—County Clerk Clinton is in receipt of two more road levies: One from road district No. 5 (Chadwell), at 10 mills, on a valuation of \$45,821; and another from road district No. 3, in the same millage upon a valuation of \$79,921.

**Another Fancy String**—The management of the Waldorf Concert hall has put on another funny and realistic string of moving pictures, probably the best of the season, in which the substance of the fun is drawn from the freaks of luck, good and bad, that pursue a handsome couple just after their wedding and in which a wedding breakfast in the park is spoiled by the jealousy of the groom at the kissing of his wife by an old friend; the wedding trip on bicycles, with more falls than progress; the ride on the Merry-Go-Round and its attendant adventures; the dance on the green and its mix-up; a donkey-ride with a hundred crises; the boat-ride, the up-set and the drying out by the bon-fire. A splendid finale is furnished by Miss Violet Parker, who renders with brilliant effect the new and dainty ballad, "Somebody is Waiting for You." The entertainment is immensely funny and engaging from start to finish.

**Will Practice His Profession**—Dr. John Milton Holt, the United States quarantine officer, has decided to accept the courteous invitation of his fellow-practitioners of Astoria to engage in the private practice of medicine, and may be consulted at any time. He comes to Astoria from a two-and-a-half year tour of duty at the United States Marine Hospital at San Francisco, where he was detailed as operating surgeon, and in addition has served in the hospitals at New York, Chicago, Brooklyn, St. Louis, Honolulu and Manila.
