Consider San Francisco School Question Local Issue.

NO BOYCOTT CONTEMPLATED

Prominent Japanese Newspaper Man Believes Board of School Directors in San Francisco Are Making Serious Mistake.

SAN FRANCISCO, Nov. 27.—Arthur May Knapp, editor of the Daily Advertiser of Yokohama, arrived on the Siberia from the Orient yesterday. Asked about the impression created in Japan by the Japanese school exclusion in San Francisco, he said he did not think it did or would ultimately lessen the cordiality of the entente existing between Japan and the United States.

"The matter has attracted much attention and has been discussed in the vernacular press of Japan," he said, "but the impression at Tokio, when I left, was that purely a local matter and was confined to San Francisco. No one believes that the United States wished to discriminate against Japan."

Fortigners in Japan believe the Japanese will try to divert transportation from San Francisco to other coast ports. No other form of boycott is believed to be contemplated. The foreigners, I might add, are unable to understand the attitude of San Francisco in the matter. From a purely trade view point they think San Francisco is making a mistake.

Knapp said the Manchurian question was overshadowed by the constantly growing importance of the Korean problem and that the latter was the big thing in Japan at the present time.

**CONDITION IN PHILIPPINES.**

Native Governors Take Interest in New Government.

SAN FRANCISCO, Nov. 27.—Dr. D. P. Barrows, director of the education of the Philippines, was a passenger on the steamer Siberia arriving from the Orient yesterday. In speaking of the conditions on the islands, Barrows said:

"The islands are in a good condition generally speaking. The political situation there at the present time is the best it has ever been. The provincial

Jewish Residents of Chicago form Protective Organization.

DENOUNCE CHICAGO POLICE

Immense Mass Meeting Held at Which Speeches Were Made, Denouncing Chicago Justice as Ridiculous and Police as Bullies.

CHICAGO, Nov. 27.—Denouncing the Chicago police as "bullies and tyrants," and Chicago justice as "ridiculous," the recently formed Hebrew Protective Association announced last night its determination to abandon direct appeal to the police department in cases of "Jew baiting," and conduct its fight by vigilance committee methods.

Details of the association's plans were reported to the Jews of the Ghetto at a mass meeting held at the West Side auditorium. Nearly a quarter of the audience was made up of the alleged victims of rowdyism.

Some had their heads swathed in bandages. Others limped or carried crutches. All were eager to lay their cases before the organization and obtain its aid. To this end everyone talked at once until the meeting broke up in disorder from sheer excess of enthusiasm.

The association is preparing to conduct a campaign almost wholly independent of the city authorities. A private detective force is to be organized, made up partly of amateurs and partly of men from detective agencies. A medical staff will be formed to care for victims of riots without charge and a legal department will collect evidence and conduct prosecutions.

To aid the Jews who are unable to give the police satisfactory accounts of themselves and are detained for this reason each member of the association is to be known by a number and badge bearing this number and the telephone number of the association will be worn.

More than twenty cases of Jews injured or robbed were laid before the executive committee of the association at a session held at the close of the mass meeting.

**BROOKLYN BRIDGE.**

Plans Made for Entire Rebuilding of Bridge.

NEW YORK, Nov. 27.—The daily crush of the Brooklyn Bridge is receiving the earnest attention of Mayor McClellan and other city officials. At a conference yesterday important plans for temporary and permanent relief were discussed. Longer trains and increased headway, it is expected, will bring temporary relief.

Plans for permanent relief include an almost entire rebuilding of the bridge. Double backing will probably be resorted to in order to make room for additional lines of railroad tracks. The engineers have informed the Mayor that the stress on the anchor bars is only one-third of their capacity and that the double decking of the structure is entirely feasible. This form of relief, however, will be a matter of years.

Disgraceful scenes at the terminal during what are known as rush hours have led to a strong public demand for relief from prevailing conditions.

SPOKANE, Nov. 27.—Twenty-three union printers, all night men on the Spokesman-Review composing room, excepting two, walked out tonight. The grievances are concerning the new wage scale which has been under consideration between the Spokesman-Review and the union for some time.

President Lynch of the International Typographical Union, telegraphed tonight, ordering the printers back to work pending a settlement of the difficulties by arbitration.

**DISBANDED COMPANIES.**

President Roosevelt Considering Reinstatement of Discharged Soldiers.

WASHINGTON, Nov. 27.—President Roosevelt holds that he has the power to reinstate in the army any members of the three companies of the 25th

infantry (colored) whom he discharged without honor as a result of the trouble at Brownsville, Texas, if the circumstances justify. Whether he will avail himself of that power, according to the president's statement, depends on such evidence as may be presented to him. The President wants evidence, not deductions, as he told callers today, of non-participation before anything would be done.

Both Burns and O'Brien today announced themselves as perfectly fit for the contest. In this city odds of ten to six are offered on O'Brien and the betting is extremely brisk.

By the terms of the agreement Columbia is to provide a site on the university grounds.

**WANT FOOTBALL.**

Columbia University Students Hold Big Demonstration.

NEW YORK, Nov. 27.—The fraternity houses and the dormitories at Columbia university poured out a lot of students last night who were bent on giving another demonstration in the hope of getting football back, although the season in most other colleges has ended. About 1,500 men gathered in South Field and started a giant bonfire.

The students danced about it, yelling, "We want football!" Speeches were made by James A. Taylor, '05; R. L. Vanvorck, '04; and Arthur Algentender, '07, who was elected captain of the '07 football team, although there was not any. President Butler was not about to hear the cries of the students.

**MOTOR CLUB.**
