MARINE MEMORANDA

Latest notes of interest in Regard to the Melanope.

COLUMBIA OFF FOR SOUTH

French Bark Empereur Menelik Due Down, En Route to Europe with Grain—Schooner Alpena on Her Way Down.

The French bark Melanope is still quite an object of interest in this port and sightseers are not few in her neighborhood. The bar tug Walluta has done a lot of pumping on her and her ballast will be shifted back to normal lines and she will be placed on an even keel at once. Bids have been called for, for re-rigging her, and it is expected she will have to go to Puget Sound to have the work done.

Captain Willis, her master, has gone back to Port Angeles for his family and will return as soon as he can and take up his quarters on board the ship. It is said he went the other day when he returned to the vessel and went to the cabins from whence he, his wife, son and daughter, were driven at the height of the recent gale off this coast, to take refuge on a passing schooner bound for the Straits of Fuca; everything was just as they had left it, in the prime order usually observed by a thorough-going seaman, backed by the deft hand of a devoted wife and fine house-keeper. The cabins had been sealed up the instant she entered this port, by Inspector Charles Haddix of the customs service, and were not opened until the arrival of Captain Willis, and after his conference with the people representing the owners of the steamer Northland, the vessel that towed her into port, and her officers. It is understood that a definite and satisfactory agreement has been reached by all parties concerned, and that the interests of all who participated in the salvage will be respected fully.

The three little pug dogs found on the Melanope, and which were preempted by some of the visitors to her from the Northland, out of pity for

their starving condition, are all in good hands. The captain is very anxious to get the dogs back, as they belonged to his boy and girl and were prime pets with all hands; they were a mother-pug and two puppies, and he may have some difficulty in tracing them, as their owners now will be loath to give them up, unless it be to comfort the children to whom they belonged.

It is said the necessary repairs to the Melanope will cost between \$8,000 and \$10,000.

Among the important items of news on the Astoria water front yesterday, was the contemplated withdrawal from active steamboat work in these waters by Captain John Pickernell, one of the veterans of the "wheel" on the lower Columbia section. That he has put out options on all his steamers and their routes and business, The Callender Navigation Company will, it is said, take over the Mayflower; the Shamrock will go into Shoalwater Bay service, for Captain Reid; and Captain J. W. Babidge has an option on the Deep River service, and will put a steamer on that run. It will seem a strange state of affairs to have Captain Pickernell "off duty" here, after all the years of his capable and conspicuous service here.

The steamship Columbia arrived down from Portland yesterday morning, and went to sea at 11 o'clock; that is, she went to the bar, but whether the weather permitted her getting out, is yet a matter of conjecture. Among the hundred and odd people in her saloons yesterday, were, Mrs. Julia Reinhardt, Mrs. B. S. Worsley and Mrs. Louis Hartwig, of this city; and in her steerage, she took John Plus, of Astoria.

The steamship Costa Rica is due to arrive back from San Francisco on Friday evening or Saturday morning.

The French bark Empereur Menelik grain laden for Limerick, Ireland, is due down from Portland some time today, Captain Moret, commanding.

The steamship Roanoke is due down from Portland some time tomorrow on her way to the south. Her running mate, the Geo. W. Elder, is expected to arrive here tomorrow.

The steamer Alliance is due in from Eureka and Coos Bay points some time tonight or tomorrow, Portland bound.

The schooner Alpena, Captain Lorenz, is due down from the metropolis en route to San Diego, today, or in the morning.

The schooner Marconi, from Knapp-ton for San Francisco, has cleared from this port, with nearly a million feet of lumber.

NO OPIUM IN CHAMBERLAIN'S COUGH REMEDY.

There is not the least danger in giving Chamberlain's Cough Remedy to small children, as it contains no opium or other harmful drug. It has an established reputation of more than thirty years, as the most successful medicine in use for colds, croup and whooping cough. It always cures and is pleasant to take Frank Hart and Leading Druggists.

HILL ON HAND.

MINNEAPOLIS, Dec. 18.—President Hill of the Great Northern arrived today to attend the hearing and appear as a witness, but owing to the lateness of the hour, it was decided that Mr. Hill would be called tomorrow morning.

Bee's Laxative Cough Syrup containing Honey and Tar, is especially appropriate for children, no opiates or poisons of any character, conforms to the conditions of the National Pure Food and Drug Law, June 30, 1906. For Croup, Whooping Cough, etc. It expels, Coughs and Colds by gently moving the bowels. Guaranteed. Sold by Frank Hart's Drug Store.

CHAS. D. MOYER.

CHICAGO, Dec. 18.—Charles Daniel Moyer, secretary and treasurer of the Chicago Junction Railway and of the Consolidated Stockyards and Transit Company, died yesterday following an operation for appendicitis. Mr. Moyer was born 44 years ago in Freeburg, Pa. In 1890 he was married to Frances Guthrie, the grand opera singer.

Here is our condensed opinion of the Original Laxative Cough Syrup: "Nearly all other cough syrups are constipating, especially those containing opiates, Kennedy's Laxative, (containing) Honey and Tar moves the bowels. Contains no opiates. Conforms to the National Pure Food and Drug Law. Sold by Chas. Rogers, Druggist.

NOBEL PEACE PRIZE.

Was Not Bestowed upon President Roosevelt Voluntarily.

NEW YORK, Dec. 17.—According to advices received by the Times, the Norwegian storting did not bestow the Nobel peace prize on President Roosevelt without opposition. For some months before the bestowal of the prize, it is stated, there had been considerable agitation in favor of awarding the prize to the so-called "Karlstad commission," the group of Swedish and Norwegian statesmen who arbitrated the differences between Sweden and Norway and who negotiated the peaceful separation of the two countries.

The well known Norwegian author, Elizabeth Schoyen, lead the fight on the Norwegian side.

"Pineules" (non-alcoholic) made from resin from our Pine Forests, used for hundreds of years for Bladder and Kidney diseases. Medicine for thirty days, \$1.00. Guaranteed. Sold by Frank Hart's Drug Store.

LIQUID VENEER
MAKES OLD THINGS NEW

Liquid Veneer is a wonder! It will make the whole interior of your house shine like new, making re-finishing or re-varnishing entirely unnecessary. It is not a varnish, but a surface food and cleaner, building up the original finish and making it brighter than ever. It is applied with a piece of cheese cloth and no experience is necessary. No drying to wait for. Removes all scratches, stains, dirt, dullness. It can be applied to any finish with beneficial results. Natural wood, as well as any color of paint, will be better for an application of Liquid Veneer.

Liquid Veneer will improve even the most beautiful furniture. It will take that smoky look from the Piano and other Mahogany, and is highly beneficial to Golden Oak, White Enamel, Gilt, Silver and other finishes. Liquid Veneer sells at 50 cents a bottle, and a bottle is enough to renovate the ordinary home. Try it and you will always buy it.
