TO BREAK BLOCKADE

British Boat Crusader Crush Passage from Portland.

HEAVY LOAD AIDS ATTEMPT

Columbia Still at Warrior Rock—Aragonia Has Reached St. Helen's—Roanoke Still Fast, But Passengers Are on America.

PORTLAND, Jan. 19.—The British steamship Crusader, completing a cargo of lumber at Portland for the Far East, is to be a blockade runner. That is, she will become one if the ice jam at Warrior Rock is not out of the river by Monday, when she will be ready to leave down for the sea. The steamer will have on board 3,300,000 feet of lumber. Captain Milburn is confident that the steamer can cut a path through the ice gorges. At any rate, he intends to make the attempt. Heavily laden with lumber, it is argued that it will be a comparatively easy matter for the steamer to strike the ice floes with sufficient force to set them adrift and open up the channel. This can probably be done more easily by a steamer going down stream than by coming up the river.

The Oriental liner Aragonia, the Roanoke, and the Columbia are still unable to proceed up the river. Reports from down there this morning state the Columbia is held firmly as ever in the big jam at Warrior Rock. The Aragonia reached St. Helen's last evening, but it was decided not to make any effort to bring her through the seas of ice. The Roanoke's passengers arrived at Portland yesterday on the steamer America, and she will remain idle until the thaw clears out the passage, or the Crusader performs that task.

RETAINS OLD OFFICERS.

National Convention of Wool Growers Elect But One New Man.

SALT LAKE, Jan. 19.—The convention of the National Wool Growers' Association, in session here for the past three days, adjourned tonight, after electing their old officers, but one exception, and selecting Helena as the next convention city. Senator F. S. Warren was re-elected president, and by similar action Dr. J. M. Wilson, of Douglas, Wyo., Western vice president, Colonel George Truesdale, of Washington, D. C., was elected Eastern vice president. G. S. Walker was reappointed Secretary and A. J. Knollin, of Chicago, treasurer. The executive committee consists of: Arizona, E. S. Yosney; California, H. H. Jasper; Colorado, J. H. Hawley; Idaho, F. W. Gooding; Michigan, O. Wood; Washington, C. E. Lockwood; Montana, William Lindsay; Nebraska, Robert Taylor; Hawaii, A. G. Wallie; Nevada, M. L. Brady; New Mexico, S. Newman; Ohio, A. A. Bates; Oregon, J. T. Smyth; Utah, Heber A. Smith; Wyoming, E. J. Pell.

The convention adopted a resolution suggesting amendments to the bill introduced in the Senate by Senator Burkett, authorizing the President to establish grazing districts in the public domain. The convention regards this as an usurpation of state authority and would have the authority given to the president in the bill divided between the President and the state authorities.

EPIDEMIC CONTINUES.

No Signs of Abatement Have Been Shown in Chicago.

CHICAGO, Jan. 19.—An emergency appropriation of \$15,000 that may be used at once, without waiting for action by the Chicago city council, was made by the finance committee yesterday to enable the city health department to combat the comparatively epidemic of contagious diseases. No diminution in the number of Chicagoans stricken during the last 24 hours could be observed by Commissioner Whalen, to whom were reported seventy cases of scarlet fever, and 75 of diphtheria. The only action taken upon the school question was in the form of an order for the disinfection of 34 schools. It is reported that eleven schools already have been fumigated.

STOCKS DEPRESSED.

No Response to Relaxation of Stringency of Money Market.
NEW YORK, Jan. 19.—Stocks have been depressed by the consideration of the requirements of new capital and no response has occurred to the material relaxation of the stringency of the money market. The topic of capital requirements has been kept before the public by the utterances of presidents Hill of the Great Northern, Thomas of the Lehigh Valley and Finley of the Southern, inferences being drawn from

the remarks of last two named of coming reductions in dividend disbursements and diversion of earnings into the needed betterments. The unprofitable results of the underwriting of the American Telephone and Erie Convertible bond issues served to discourage confidence in the ability of the markets to absorb prospective trusts.

TEA FOR TROOPERS.

Is Easy to Carry and Prepare and Most Healthy of Beverages.

WASHINGTON, Jan. 19.—Tea will replace coffee in army subsistence if the recommendation of Colonel Valery Havard, assistant surgeon general of the United States army, be adopted. This is the result of his observation while with the Russian army in Manchuria. It is in practice in the English, Russian and Japanese armies. Tea is superior to coffee, because it is easier to transport, easier to prepare, and can be drunk without any disagreeable after effects. The House today, after passing a number of bills, under unanimous consent took up the bills on the calendar and adjourned until tomorrow (Sunday) when memorial address will be made on the late Senator Bate, of Tennessee.

OIL FOR COAST.

New Ships Mark Epoch in Petroleum Carrying Trade of Pacific.

SAN FRANCISCO, Jan. 19.—An epoch in the oil carrying trade on the Pacific Coast was marked yesterday by the arrival of the steamer W. S. Porter and the tug Navigator. The Porter will carry crude petroleum from the Coalinga and Santa Maria oil fields and will supply the cities on the coast and Hawaii. She has a gross tonnage of 5999 and 12 cargo tanks holding 55,000 barrels, is of 300 h. p. and equipped with two cargo oil pumps of a capacity of 7000 barrels an hour. The Navigator will be employed towing oil barges for the Associated Oil Company to all ports on the Pacific Coast and to the Hawaiian Islands. She is the fastest and best equipped tugboat on the Pacific.

ARRANGE CUBAN TREATY.

HAVANA, Jan. 19.—A new party has been formed here which is arranging to adopt a platform demanding negotiations with the United States for a treaty of friendship, commerce and political treaty guaranteeing freedom to Cuba and also guaranteeing that revolutions will be impossible.
