### RAILROAD INDICTED

Great Northern Will Be Prosecuted for Rebat.

### GIVEN TO THE SUGAR TRUST

American Sugar Company Returned Ten Thousand Dollars by Single Railroad—Other Indictments to Follow.

NEW YORK, Feb. 19.—The federal grand jury indicted the Great Northern Railroad Company on charges that in 1904 it paid \$10,000 in rebates on sugar shipments to Lowell M. Palmer, traffic agent of the American Sugar Company. The second count of the same indictment charges that \$4,554 additional rebates were paid Palmer by various railroads in conjunction with the Great Northern. The indictment charges that the Great Northern company effected freight combinations with the Lehigh Valley, the New York Central and the New York, New Haven and Hartford Railroads by which sugar was transported from New York and Boston to Sioux City, Iowa, at less than the published tariffs. It is charged that the sugar refining company was granted a rate between these points of 33 cents per hundred weight against the published tariff of 52 cents. It is reported more indictments will follow.

### FIND GIRL'S SKULL.

Head of Victim of Cincinnati Medical Students Found by Roadway.

CHICAGO, Feb. 19.—A dispatch to the Tribune from Cincinnati, O., says C. H. Glandorf, a contractor who has the contract to fill in the ground between Newport and Dayton, Ky., across the river from Cincinnati, yesterday discovered a skull that is believed to be that of Miss Pearl Bryan, the Green castle, Ind., girl, who was murdered and her body decapitated on February 1, 1896, by Jackson and Walling, Cincinnati medical students, who were afterwards hanged. Her headless body was identified by her mother but the head was never found. The evidence which points to the fact that the skull was that of Pearl Bryan is this:

The skull was found in the soil which forms part of the roadway that a carriage, en route to the proved scene of Pearl Bryan's murder, near

Port Thomas, Ky., would take from the residence of a doctor, in Newport, where the testimony at the trial showed Miss Bryan underwent treatment just before she was killed. The skull alone was found. No other parts of the skeleton to which the skull belongs has been found or can be found by the workmen.

The measurements of the skull tally with the measurements of those of Miss Bryan's skull.

### WILL MAKE TESTS.

Cause of Wreck Will be Ascertained by Coroner's Inquest.

NEW YORK, Feb. 19.—The coroner's inquest into the wreck of the New York Central's White Plains express in the Bronx Saturday night will begin at 2 o'clock this afternoon in Coroner Schwennecke's office. Officials of the road, those who were in charge of the train and everybody who might have any knowledge of the wreck or the conditions prior or subsequent to it will be called. It is expected that the testimony and the exhibits which will be introduced in evidence will establish the cause of the disaster and enable the authorities to fix the blame. It is likely that after the coroner's inquest the grand jury will be asked to make a thorough examination into the case.

The state Railroad commission began an investigation of the wreck yesterday which will be continued today. At 10 o'clock this morning, the experts of the state board, together with Commissioners Dickey, Rockwell, and Baker, will meet a number of officials of the New York Central Road, when the party will take a special electric train and go to the scene of the wreck. The electrical expert will make various tests with the train, including speed, stops and grade experience.

Wise's  
Great

Sale.

THERE have been sales before and there will be sales again some day, BUT, it will be a long time before such "Good Goods" are offered at such really "honest" reductions.

GENERALLY sales are started to get rid of old goods or when new goods are offered the reductions claimed are largely imaginary.

BUT, we cannot afford to fool anybody; a residence of twenty-seven years in Astoria and the upbuilding of a reputation would prevent us from lying if nothing else would.

WHEN WISE SAYS:---I will take 20, 25, 30 or even 50 per cent off IT IS TRUE. Because Wise cannot afford to lose his reputation. What we offer to do WE DO.

### JAPANESE DISSATISFIED.

Do Not Like Roosevelt's Amendment to Exclusion Measure.

TOKIO, Feb. 19. Afternoon.—The official text of President Roosevelt's amendment of the exclusion bill has been published. As expected, it has created the strongest dissatisfaction among the interested parties, although their movements of procedure have not yet assumed a definite shape.

The Japanese residents of the Hawaiian Islands have telegraphed President Roosevelt and the Hawaiian representatives in the House, indicating the seriousness of the injury which will be caused to their rights and interests by this legislation. The leaders of opinion here are aware, however, that under the circumstances the only alternative is to calmly resign themselves to the situation.
