(From the Chicago Tribune.)

"Don't trifle with a cold" is good advice for prudent men and women. It may be vital in the case of a child. Proper food, good ventilation, and dry, warm clothing, are the proper safeguards against colds. If they are maintained through the changeable weather of autumn, winter and spring, the chances of a surprise from ordinary colds will be slight. But the ordinary light cold will become severe if neglected, and a well established ripe cold is to the germs of diphtheria what money is to the bee. The greatest menace to child life at this season of the year is the neglected cold. Whether it is a child or adult, the cold slight or severe, the very best treatment that can be adopted is to give Chamberlain's Cough Remedy. It is safe and sure. The great popularity and immense sale of this preparation has been attained by its remarkable cures of this ailment. A cold never results in pneumonia when it is given. For sale by Frank Hart and leading druggists.

Chamberlain's Cough Remedy a Favorite.

"We prefer Chamberlain's Cough Remedy to any other for our children," says Mr. L. J. Woodbury of Twining, Mich. "It has always done the work for us in hard colds and croup, and we take pleasure in recommending it." For sale by Frank Hart and leading druggists.
