That success may follow his efforts in the future, is the earnest wish of the Court.

It is ordered that the resignation of Mr. Masten be accepted.

It appearing to the County Court that a county commissioner should be appointed to fill the vacancy caused by the resignation of Mr. Masten, and the Court being now ready to consider said matter, Commissioner Larson placed in nomination Mr. John Frye and there being no further nominations, upon a vote Mr. Frye was unanimously appointed to fill the vacancy caused by the resignation of Mr. Masten.

In the matter of the resignation as Road Master. Now at this time John Frye having presented his resignation as County Road Master. The Court while loth to accept same, hereby places themselves on record as to the record of said officer. And it is ordered by the Court: That the thanks of the tax payer and of this Court are due to Mr. Frye, for his careful attention to the duties required of him, and his careful, honest and economic administration. In the matter of the Port of Columbia. The Court having selected as Attorneys Messrs. G. C. Fulton, Frank J. Taylor and J. F. Hamilton and they being present and the Court having discussed the matter. It is ordered that the Clerk write the County Court of Columbia County, stating that Clatsop County, through its County Court, and other Commercial bodies, having protested against the "Port of Columbia" bill, and desire to know the stand that the County Court of Columbia County will take in the matter of testing the law.

The Court having considered that matter of tide boxes at W. J. Ingalls place, is of the opinion that the same expenditure of money in raising the road across the tide land would improve the road and obviate the necessity of placing the tide boxes in the dyke. The County Surveyor is instructed to place grade stakes, raising said road at least two feet in low places, making a true grade from Ingalls Hill to the Reith Hill.

Fast Being Realized by Astoria People.

A little backache at first. Daily increasing till the back is lame and weak.

Urinary disorders quickly follow. Diabetes and finally Bright's disease.

This is the downward course of the kidney ills.

Don't take this course. Follow the advice of an Astoria citizen.

J. Pederson, longshoreman, living at 613 Commercial Street, Astoria, Oregon, says: "For twenty years I was alicted in one way or another with kidney trouble. I suffered a great deal of pain in the small of the back and was constantly tired and nervous. I had occasional headaches and also a blurring of the eyesight. Every time I took cold it settled in the kidneys and added to my troubles, the secretions at such times being irregular was much disturbed at night on this account. I began taking Doan's Kidney Pills, procured at Charles Rogers' drug store, and found unexpected relief, for which I am very thankful.

Plenty more proof like this from Astoria people. Call at Charles Rogers' drug store and ask what customers report.
