PORTLAND, Ore, March 26 .- There is so slight an improvement in city creamery output as to be hardly notice able in the butter market. Driblets of country product make but slight impression also. .

City creameries say they do not look for much better supplies of cream for some weeks, especially if the cold weather continues. The only relief, therefore, that can come will be from California when rail traffic is re-

Do Not Crowd the Season. The first warm days of spring bring with them a desire to get out and enjoy the exhiliarating air and sunshine. Children that have been housed up all winter are brought and you wonder where they all came from. The heavy winter clothing is thrown away and many shed their flannels. Then a cold wave comes and people say that grip is epidemic. Colds at this season are even more dangerous than in mid-winter, as there is much more danger of pneumonia. Take Chamberiain's Cough Remedy, however, and you will have nothing to fear. It always cures, and we have never known a cold to result in pneumonia when it was used. It is pleasant and safe to take. Children like it. For sale by Frank Hart and Loading druggists.

I am pleased to say that now I am free from these complaints. I am sure I owe this to your liniment." For sale at Hart's drug store.

SUNDAY TRAVEL TO PORTLAND

Increases and \$2.50 Round Trip Rate via A. & C. R. R. is Popular. Travel from this city to Portland

on Sunday at the low round trip rate of \$2.50 is on the increase and many enjoy that day in the metropolis each week. This rate will be continued throughout the winter and the volume of travel toward Portland every Sunday would indicate that the public appreciates it. 11-8-tf appreciates it.

Many business men are shortsighted in not looking into things. They are daily losing money by not adopting the great Hollister Rocky Mountain Tea system. Makes them well and keeps them well. 35 cents.
