SHIP BAYONNE SAILS IN PORT

Passenger Fleet Sails South—Thomas Wand Goes Outward—New Launch Comes to Harbor—Jordanhill Enters Port from Rotterdam.

On her next visit to Portland from San Francisco, the steamer F. A. Kilburn, which arrived last night, will be flying the houseflag of the Monterey, Fresno & Eastern Railroad Company.

The British bark Jordanhill, Captain Kenneally, from Rotterdam, reported in these columns yesterday morning, as outside the bar, entered port yesterday under the pilotage of Capt. Cann and is anchored in the lower bay awaiting towage to the metropolis.

The Palo brothers of Uniontown, have just completed a handsome 24 foot gasoline motor launch for young Mr. Cherry of this city, and she will be launched at an early day.

The ship, John Currier, which has been on the dry-dock at St. John's for the past eight days, will not come off until Friday, and will be down here on Saturday or Sunday, to prepare for her northern voyage in the interests of the Alaska Fishermen's Packing Company.

The French ship Bayonne, Captain Baudry, 169 days out from Cherbourg, and consigned to Kerr, Gifford & Co., at Portland, sailed into this harbor yesterday, and is now at anchor below Smith's Point.

The Harvest Queen came down yesterday morning with the schooners A. B. Johnson and Letitia on her hawse and returned up the river with the British ship Dimsdale.

The steamer Thomas L. Wand arrived down yesterday and cleared from the custom house here, with a big load of lumber from Linton, for San Francisco delivery.

The schooner Bangor arrived in yesterday from San Francisco, and will go up to Kalama for her lumber for the return voyage.

The steamships Columbia, Roanoke and Kilburn came down the river early yesterday morning in a bunch, and went over the bar shortly afterward.

The steamer Johan Poulsen was due in yesterday from San Francisco, but will probably enter this morning. She goes to Knappton for lumber outward.

The French bark Alsie, loaded with wheat for European delivery, is on her way down from Portland and will reach here sometime this afternoon.

The schooner Letitia also cleared from here yesterday for the Bay City with a cargo of lumber from Rainier.

The bark Agate went outward yesterday on her way to the Bay City with her cargo of lumber.

The French bark Muskoka, grain laden for Europe, is due down from Portland sometime today.

The schooner James Rolfe was among the getaways yesterday from the lower harbor.

The schooner Anne Larsen went over the bar yesterday on her way to San Francisco.

J. G. Ross has returned from Toledo where he has been on a business trip. Mrs. A. Johnson of Ilwaco was in Astoria yesterday.

H. Flarding of Tacoma was in this city yesterday.

Richard Evans is down from the metropolis for a short stay. He will probably be engineer on the A. & C. this summer taking his former run.

H. J. Miller, travelling agent of the Northwestern Line is down from Portland on a business visit.

He Passed Anyhow.—Word reached this city yesterday, that C. Lawrence Rogers, the son of the well known druggist Charles Rogers, has passed with pronounced success in his recent pharmaceutical examinations at Portland, although he had three months more in which to finish his studies at the department of pharmacy at Corvallis. Secretary, Miss Kittle Harbor, of the State Board of Pharmacy, at Portland, yesterday apprised him that he had passed with the following ratios, in his classes: Pharmacy, 75; chemistry, 82; materia medica, 77; toxicology, 81; specimens, (telling drugs by sight) 80. All of which means that the young Astorian has labored diligently and succeeded handsomely, as all young Astorians are supposed to do.

Credit to Astoria.—The San Francisco Chronicle has the following to say involving a well known and popular young Astorian: "Local members of the Northwestern University alumni met in the offices of Dr. George A. Wood, at Ellis and Gough streets, Friday night and perfected a temporary organization by the election of A. H. Briggs, 1889, president; Albert G. Morse, 1900, vice-president; Dr. Henry B. Carey, 1905, secretary; Dr. George A. Wood, 1905, treasurer. Arrangements for a banquet some time in April were started, and the desirability of a Northwestern University clubhouse in San Francisco was discussed. This university has nearly 300 alumni in California, some of them occupying high positions in medical law, educational and business circles."

OIL TANK ORDINANCE VETOED.

MEASURE PASSED BY COMMON COUNCIL PROVIDING FOR FOUR FOOT RETAINING WALL IS REFUSED SANCTION.

The ordinance passed at the meeting of the common council, specifying the safeguards to be provided for oil vetoed by Mayor Herman Wise: The veto message read as follows: Astoria, Oregon, March 26, 1907. To the Honorable Common Council of the City of Astoria: Gentlemen:

I herewith return an ordinance, entitled "An Ordinance to regulate the storage or keeping of petroleum, crude oils or any product of petroleum in any greater quantity than 1,000 gallons within the city of Astoria" for the same reasons given in my veto of Repeal Ordinance No. 3381. To that I can only add that I showed my willingness to meet the oil people more than half way, when I offered to agree to a concrete wall of a sufficient height to contain the contents of the tanks, provided these walls were far enough removed from the tanks so the oil would not run over in case of a fire or an explosion.

Mr. Flanders, the Portland agent for the Standard Oil Company, himself stated before this council that no wall would be of any avail in case of an explosion, but a large number of resident users of oil petitioned this honorable body for some concession and thinking that a wall might help some in case of a fire in the vicinity of the tanks, I waived my objections, provided the walls were built a reasonable distance from the tanks but the Standard Oil Company insists that it must have its own way, that they will not buy another foot of ground, but that they will build the wall four feet high, right close up against the tanks which are 30 feet high, so that the oil must necessarily flow into the yards of the adjoining property if it flows out at all; it is stated that in the event of an explosion the top of the tank and the oil from within the tanks will always go up in the air; even so, where will it land when it comes down? Their oil undoubtedly has many good qualities, but I have never before heard that when an explosion occurs, the oil will stay in the air.

In the face of the facts herein enumerated in addition to the evidence submitted in my last veto, I regret that I must refuse to accept the rule or ruin ultimatum of the Standard Oil Company.

Respectfully, HERMAN WISE, Mayor.

INVESTIGATE ASTORIA THEATRE.

State Health Board Hear Charges it is Fire Trap.

Dr. Alfred Kinney informs us that at Tuesday's session of the State Board of Health the condition of the Astoria Theatre was ordered inquired into.

The Board does not give out for publication matters coming up for investigation, but the Portland Journal obtained and printed a garbled version of the action taken, in which the charges against the Astoria theatre was taken as having been proven. As a matter of fact, all the testimony presented was hearsay information.

The charges are that the building is practically without ventilation and without precautions against fire. It is charged that the means of exit are, very inadequate, especially in the gallery, where the way of egress is down a narrow and tortuous stairs. Upon motion of Dr. Kinney, it was ordered that the secretary write to the local health officer requesting him to make an investigation of the premises and report the facts to the State Health Officer.

The matter has several times been presented to the common council by the city physician, but no action has been taken.

Whenever you have a cough or cold, just remember that Foley's Honey and Tar will cure it. Do not risk your health by taking any but the genuine. It is in a yellow package. T. F. Laurin, Owl Drug Store.

CAN'T BE SEPARATED

Some Astoria People Have Learned How to Get Rid of Both.

Backache and kidney ache are twin brothers. You can't separate them. And you can't get rid of the backache until you cure the kidney ache. If the kidneys are well and strong, the rest of the system is pretty sure to be in vigorous health.

Doan's Kidney Pills make strong, healthy kidneys. Jacob Morelock, farmer, living on Rural Ave., between Hazel and Laurel Sts., Salem, Oregon, says: "What I said about Doan's Kidney Pills three years ago after having used them for which had troubled me for some time, was only the plain truth. I procured them and they acted up to the representations made for them and before I had used a whole box I found great relief. In a short time the action of the kidney secretions was corrected and the pain and aching was removed from my back. I cheerfully recommend Doan's Kidney Pills to anyone troubled with backache or kidney complaint."

SAVED HER SON'S LIFE.

The happiest mother in the town of Ava, Mo., is Mrs. S. Ruppee. She writes: "One year ago my son was down with such serious lung trouble that our physician was unable to help him; when by our druggist's advice I began giving him Dr. King's New Discovery, and I soon noticed improvement. I kept this treatment up for a few weeks when he was perfectly well. He has worked steadily since at carpenter work. Dr. King's New Discovery saved his life." SUNDAY TRAVEL TO PORTLAND

Increases and \$2.50 Round Trip Rate via A. & C. R. R. is Popular. Travel from this city to Portland on Sunday at the low round trip rate of \$2.50 is on the increase and many enjoy that day in the metropolis each week. This rate will be continued throughout the winter and the volume of travel toward Portland every Sunday would indicate that the public appreciates it. 11-8-tf
