

## The American citizen has stood for more imposition in the matter of cigars than in anything else he buys with money

In fact, he's so used to being "worked" by the cigar manufacturer day after day, that he's pretty near come to believe there's no way of knowing what he is getting, anyhow.

The American Cigar Company stands for full value in cigars. It believes the man with five cents to invest is entitled to get his money's worth as much as the investor in any other property.

It is against box-stuffing, against substitution, against shoddy, poor cigars and against every kind of cigar imposition on the public,—and it is adopting every possible method of exposing them.

It believes the only way to build up a great and permanent business is to deal honestly with the people, to give good value and uniform dependable quality all the time.

Several million smokers have found it out—and are buying their cigars by the "▲" (Triangle A) mark on the box instead of taking everything for granted and smoking whatever is handed out.

### That's Your Cue!

If you want to get acquainted with "▲" (Triangle A) quality and satisfy yourself as to whether our claims can be proved or not, try

### The New CREMO

Every box is now extra-wrapped in glassine paper, sealed at each end with the "Triangle A" in red. The cigars are kept clean, fresh and in perfect smoking condition until the box is opened.

## WARRENTON LETTER AT HAND

Astoria's Correspondent Passes the News From That Lively Center as it Happened Yesterday.

WARRENTON Oregon, April 11.—The City of Warrenton went on record today with three minor accidents none of which, it is hoped, will have any fatal or really serious results: Frank Halferty, the twelve-year-old son of Landlord D. T. Halferty, of the Hotel Warrenton, while wrestling with a comrade on the school grounds about 10 o'clock this morning, fell and hurt his feet, and the matter was deemed but a passing hurt at the time, but as his suffering grew with the minutes, and Dr. Judd, of this city, being absent in Astoria, with his mother who is visiting here from "Old Marion," Dr. Henderson, of Astoria, was telephoned for, and came down on the noon train, accompanied by Dr. Judd as well. Examination of the injured member showed that the bone above the ankle was broken, and the ankle itself, sprained. The promptest of proper treatment was given the lad, and he is now resting easy under the administrations of Dr. Judd.

Quincy Robinson, who has been longshoring at the Flavel dock below here, either fell or was struck, yesterday morning, in a fashion that left a couple of ugly cuts across his scalp, one 2 1-2 and another 1 1-2 inches long, and evidently imposed by a swinging hook. Dr. Judd made things easy for the injured man and he is resting easily at this time.

A Japanese who has been working for some time at the D. L. Kelly lumbering plant in this city, was caught between a couple of heavy timbers and had the second finger of his right hand badly torn and mashed and will be laid up for several days on account of the injury.

Yesterday morning, M. J. Anderson, acting depot agent in place of M. J. Stanton who is back east on a vacation, received a telegram, informing him that his father is lying seriously ill in Tucson, Arizona. Mr. Anderson immediately applied to the railroad officials for leave of absence. He will be relieved of his duties today and intends taking the evening train for Tucson.

Emil Erickson is putting up a new tank for Sidney Campbell, as the latter gentleman is desirous of securing a bountiful supply of water ere the "long dry spell" sets in.

John and Henry Arnold are back again. They have been away making improvements on their homesteads at Pleasant Ridge, near the Dalles, Oregon. Each has built a house on, and a substantial fence round, his respective claim.

There is approximately seventy acres of fine timber, yellow pine and fir, on both quarter sections, the balance of the land is rich farming soil. Both brothers speak highly of the country adjacent to their homesteads, they say excellent crops of wheat, oats, barley, and potatoes are raised there, and that corn grown in that vicinity last year, yielded thirty-eight bushels per acre.

William Haggman is hard at work adding attractions to his fine home, doubtless when he is through with his carpentering he will have the whole thing repainted.

Mrs. D. K. Warren has gone on a visit to Portland.

Quite a number of residents went to Astoria today. Among them were Mrs. and Miss Parker, Mrs. McElroy, Miss Munson, Mrs. Malarky, Mrs. Moore, Mrs. Woods Mrs. Keats, Mrs. Pauldenas and Mr. C. W. White and wife.

The road supervisor is making steady progress collecting poll taxes, despite the nearly worn out argument of some of the citizens that the tax is unconstitutional.

Mrs. George Moore is back home again.

Business continues to be brisk here, work is plentiful, and further real estate deals are pending.

One hundred boys in the Topeka reform school will march to the capital grounds to the music of the school band and aid in digging up the weeds.

### DE BROGLIOS' HISSED.

Prince and Princess Hooted Off Stage Because Of Published Interview.

ROME, April 11.—Prince and Princess de Broglio have been barred from the vaudeville theatres here by the city officials as a result of a row Tuesday night at Margherita Hall. The row resulted from an interview with the Prince, in which he scored the local aristocracy for their ill-breeding. Following the publication of this interview the couple, when they appeared upon the stage, were vigorously hissed and the Princess' voice was drowned by whistles and other noisemaking instruments.

A Woman Tells How to Relieve Rheumatic Pains.

I have been a great sufferer from the dreadful disease, rheumatism, for a number of years. I have tried many medicines but never got much relief from any of them until two years ago, when I bought a bottle of Chamberlain's Pain Balm. I found relief before I had used all of one bottle, but kept on applying it and soon felt like a different woman. Through my advice many of my friends have tried it and can tell you how wonderfully it has worked.—Mrs. Sarah A. Cole, 149 S. New St., Dover, Del. Chamberlain's Pain Balm is a liniment. The relief from pain which it affords is alone worth many times the cost. It makes rest and sleep possible. For sale by Frank Hart and all leading druggists.

### IMMIGRATION RULING.

Matter Of Japanese Making Round Trips On Ocean Going Vessels.

SAN FRANCISCO April 11.—Commissioner of Immigration North confirmed the action of the special board of inquiry in ruling that a Japanese leaving this port on an American vessel as a sailor for the round trip did not leave American soil and therefore had not been on an insular possession and therefore should be allowed to enter again without a passport.

The new law relating to the landing of Japanese from insular possessions will be tested when the Ventura arrives from Honolulu in a few days as she is reported to have a number of Japanese on board.
