DAIRY COLONISTS FOR ASTORIA

EXPECTED THAT 20 OR 30 FAMILIES WILL ARRIVE IN MAY OR JUNE.

Manager Whyte of the Chamber of Commerce yesterday received a letter from E. W. Richter, of Owatonna, Minn., saying that he wanted to bring a special colony, to this territory, to settle on dairy lands. Mr. Whyte has taken up the work of securing options on the available dairy land in the vicinity and it is thought that Mr. Richter and the colonists, consisting of from 20 to 30 families will arrive some time in May or June. Manager Whyte is anxious to learn of any dairy land that may be for sale, in this vicinity.

A letter from the Portland Commercial club has been received asking Astoria's consent to Portland's entertaining the vice-president, after the banquet here. The matter will come up at the next meeting of the Chamber and it is very likely that their wishes will be granted. Manager Whyte expressed himself yesterday that he could see no harm in Portland entertaining the distinguished visitor, after his visit in Astoria and thought it would be a good thing for the vice-president to see all of the northwest that he can. He stated further that Portland had been very courteous in the matter and he would like Astoria to return the compliment. There will no doubt be a special train, to convey Vice-President Fairbanks, after the banquet here, to the metropolis and everything possible for his convenience and comfort will be done.

A. E. Buttner called at the Chamber rooms yesterday and stated that his interests henceforth were identical with those of Astoria and that he could be counted on to do anything in his power to further a "Greater Astoria." Mr. Buttner clinched his statement by equaling the largest subscription on the books, by signing his name for \$200 and depositing it in cash.

Mr. Buttner is traveling auditor for the Weinhard brewery and stated that Paul Wessinger and an architect will arrive in Astoria next month, to confer on the plans for a new hotel. Mr. Wessinger expects to have the foundation laid sometime in June and the

whole completed before the year is out. The building will be thoroughly modern throughout and is to have a banquet hall that will accommodate any convention the state cares to hold.

A letter was also received from C. A. Peplow, of Seattle, in response to a letter from Manager Whyte asking why the power used to operate the new mill of Mr. Hammonds could not also be realized for the purpose of running a flour mill. Mr. Peplow stated that providing Astoria secured the common point rate on wheat the mill would be built and predicted a great future for Astoria in the flour business when that condition is fulfilled.

A postal card and letter from Master Adrain Ford, a 10-year-old school boy of Astoria, containing the names of 125 persons to whom the advertising literature is to be sent. This is by far the greatest list that has been turned in by any one person. Dr. C. C. Rosenberg has notified Manager Whyte that he will in the near future send in a list of 5,000 names for this purpose.

PRESCRIPTION TO CLEAN THE BLOOD.

Anyone can easily mix the following prescription at home, which is said to be splendid, because of its peculiarly beneficial action upon the kidneys, which are made to properly filter and strain from the blood, the impurities, acids and poisons.

Get the ingredients from any good pharmacy and mix them by shaking well in a bottle: Fluid Extract Dandelion, one-half ounce; Compound Sarsaparilla, three ounces. Take in teaspoonful doses after each meal and at bedtime. Drink plenty of good water too.

Those whose veins are filled with sour acids and Rheumatic poison, who require a good blood cleanser and system tonic, or if the kidneys are weak and clogged up, should prepare this mixture and take as directed for a few days, and note results.

Talk about your breakfast foods, A thousand you can see; I wouldn't have them as a gift; I'd have Rocky Mountain Tea, For sale by Frank Hart.

The safe, certain, reliable little pills, that do not gripe or sicken are Dade's Little Liver Pills. Best for sick headaches, biliousness and lazy livers. Sold by Hart's Drug Store.

Mr. S. L. Bowen, of Wayne, W. Va., writes: "I was a sufferer from kidney disease, so that at times I could not get out of bed, and when I did, I could not stand straight. I took Foley's Kidney Cure. One dollar bottle and part of the second cured me entirely." Foley's Kidney Cure works wonders where others are total failures. T. F. Laurin.

Yesterday's Doings in the Cross Bay Town—Automobiles and Good Roads—Personalities.

WARRENTON, Ore., April 19.—In my letter of the 13th inst., mention was made of the illness of one of Mr. Tellow's sons at Hammond, information is now at hand, that the lad has recovered his usual health.

Quincey Robinson is now progressing favorably, and is able to be about town.

Frank Halferty is now getting around with the use of crutches.

Mr. J. Wilkinson of Seaside, is in Warrenton on business.

Mr. E. C. Judd and wife of Astoria, have been here on a visit to Dr. Judd, the former's brother, from Warrenton. The visitors went to Seaside.

Mr. Fred Bremner of Astoria is in town today.

Among the passengers from Warrenton to the city named after the founder of the present wealthy Astor family, today were, Mr. George W. Warren, Mrs. V. H. Coffee, Miss Mary Coffee, Mrs. Lee, Mrs. Pauldanius, Mrs. Wheeler and Miss Frances Matson.

Mrs. D. K. Warren is home again town yesterday.

here, on their way to the seashore. Invariably those who stop for awhile in this city speak in praiseworthy terms of the good road between Astoria and Warrenton. Such commendation should be extremely gratifying to all concerned. Wealth and automobiles, if a necessity, go together, so if we can please these travellers by providing them good roads, it may be possible to interest them in the splendid opportunities for sound investments, in and around this locality.

Spring is with us, and it behooves the residents to commence their annual spring cleaning,—not only inside the home but also the exterior of the house, fences, where broken, ought to be repaired, the debris lying in full view of the passerby removed or burned and in fact, anything and everything, that is an eyesore to the public, requires to be entirely obliterated.

The planing plant of the Old Oregon Mills, was shut down last Monday evening, owing to the fan breaking. The damage has since been repaired and work resumed.
