WARRENTON IN NEED OF A CLEANUP

MUCH RUBBISH IN STREETS AND RESIDENTS OF THAT LIVELY TOWN IN NEED OF A BRACE-UP - OTHER BRIEF TIMES.

WARRENTON, Or., May 11.—Despite the request of the city council that the residents comply with the city ordinance relating to nuisances there is still to be seen many piles of debris laying in conspicuous places adjacent to the main thoroughfares of the town. Those persons who are to blame for this needless neglect should endeavor to clean up without further delay. Usually personal pride will cause the individual to keep up the appearance of cleanliness, others do it out of respect for their neighbors and some, to give the city a clean neat aspect, each without any intimation of the need of so doing from the city fathers. In the present instance it is necessary to remove the rubbish, if only to maintain a reputation of law-abiding citizens.

After being closed for several months the Methodist Episcopal Church will once more ring with joyous voices of preacher and congregation next Sunday. Rev. J. C. Edwards is to conduct the services, which will commence at 3 o'clock p. m.

On Sunday evening at 8 o'clock the Rev. Howard will preach in Warren's Hall. There will be special singing by the choir.

John Arnold will journey to Morrison tomorrow morning to commence his duties as superintendent of the re-

cently organized Sunday school there.

The Warrenton baseball club play Skamokawa at Skamokawa Sunday. The local team will get aboard the steamer Pilot at Flavel dock at 10 a. m.

J. Crandall, of St. Paul, Minn., is visiting his brother, Bert Crandall, head sawyer at the Old Oregon mills. Mrs. George W. Warren, Miss Eva Parker, Miss Mabel Taylor and D. T. Halferty spent part of yesterday in Astoria.

At The Waldorf—

The moving pictures at the Waldorf this last week have been very successful. They are placed on the screen very distinctively and justify all that has been said of them. The last series depict the spot of ski skating in all its phases. There are scenes of skiers behind fast horses being pulled over the frozen ground at the rate of an express train. Also the champion high and long distance jumpers performing their marvelous trips through the air high over the heads of the breathless spectators. The pictures present, with remarkable distinctness, the ludicrous tumbles of the unfortunate ones whose nerve gave way at the last moment or who were not trained aright in making the famous Loeban dip just before the rise. The second series last night depicted the humorous adventures of two thieves in a strange house and their attempts to find a hiding place when the master of the house returns. The Waldorf management will put on a new series of pictures tonight which are warranted to be up to the high standard of those given in the past. There is no danger of a headache from these pictures as they are remarkably clear and steady.

STRIKE ON THE S. S. SELENGA

Chicago Fireroom Crew Raises Cry For Better Food—Strikers Win Out—Captain and Crew of Lightship 50 Hand in Resignations.

PORTLAND, May 11.—River steamboatmen are drawing up a uniform scale of wages for their employes. In some instances the salaries will be increased. The object is to regulate the matter so that men on the same class of boat will receive the same pay.

At a meeting of representatives of the various lines yesterday afternoon in the office of the Diamond O Company the sentiment was unanimously in favor of a uniform scale. A committee was appointed to look into the matter thoroughly. The scale will include the pay of captains, mates, engineers, firemen, coalpassers, stewards, deckhands and all members of the crew.

At present there is no regular wage scale, and the pay varies in all classes of help. Deckhands have been drawing from \$40 to \$45 a month. Captains and pilots are getting all the way from \$125 to \$200 a month. Engineers are paid in about the same way. Employers and employes alike are dissatisfied.

On certain classes of boats the hours are not so long, and the labor is less. It is claimed that the passenger steamers on short runs should have less expensive crews. Log towing boats in the busy season put in long hours, but often they remain in port for a day or two at a time. These will be put in a class by themselves. It is said there may be three different wage scales arranged, to show fairness to all.

The Russian steamship Selenga passed down the river yesterday bound for Shanghai. She suffered from a strike of the fireroom crew yesterday morning, as they objected to the class of food with which they were served. The crew was composed of young men who hailed from "good old Chicago town" and were used to the good things of life. In some erroneous manner they had become impressed with the idea that the mess on a Russian ship was "a thing of beauty and a joy forever." The voyage had scarcely begun when they realized their mistake and accordingly struck. They were successful and their objection was sustained. A hearty breakfast of beefsteak and other culinary delights was passed out to them and they resumed their labors. The Selenga goes to Comox to coal and will probably secure a new fireroom crew there.

It was reported that the Gerald C. had gone ashore in yesterday morning's blow on the sands between Nantucca and Tillamook but as her owners, the Pacific Navigation Company, have not been notified, the report was probably erroneous.

The Roanoke left out at 1 a. m. yesterday morning for Eureka, San Francisco and Los Angeles. On her return trip she will probably have a full passenger list of Shriners from Southern California.

The Lurline made no trip Friday night as she was so far behind in her schedule that it was thought best to skip a day. She is now running on her regular time.

The barkentine John Palmer was yesterday reported to be outside the bar awaiting a favorable crossing. She is bound from Frisco to Astoria.

The steam schooner Johan Poulsen went to sea yesterday with a cargo of lumber for San Francisco.

The oil tank steamer Asuncion left out yesterday morning for Southern California points.

FOR SERVICE AND CONVENIENCE

The prime essential of a business establishment is to have it open for the purposes of business when it is needed; not closed by custom nor any rule of hours. This essential attaches to the drug store of Dr. C. E. Linton at 185 Eleventh street, which is open every one of the 24 hours in the day; and with a stock that meets every requirement likely to arise in that time. It is one of the exceptions and is thoroughly endorsed.

Remember the big closing out sale of millinery goods at Mrs. Ross's. Children's hats at less than cost. This sale will continue until everything is sold.

For The Little People.

Every parent in this city should investigate, at once, the new and appreciable shoe for the youngsters, at Charles V. Brown's Commercial street house. They are called the "E. C. Scuffer" and are the very epitome of good wear and real comfort. They

are going like wild-fire and the kids themselves are after them because they look so "comfy."

If a man knows anything of his own anatomy he must be aware that his stomach is a magnificent organ and entitled to the utmost consideration; knowing that he will eat at the Palace when he can conserve its safety and comfort, by eating only the best cooked, best served and most compensating meal in the city of Astoria, day, or night, it is always the same, and the Palace habit is one that pays to acquire. Arthur Smith is a master of the art of preparation and service, of all things edible.

For your watch and clock repairing go to Frank J. Donnerberg the reliable Jeweler, 110-11 street.

Go to A. D. Craig for your tents, awnings and all kinds of canvas work. 12th and Exchange.
