WANT COOS BAY LINE.

Roseburg Citizens Hold Meeting and Declare in Favor Of It.

ROSEBURG, Or., May 11.—The citizens of Roseburg met in mass meeting at the Roseburg theater yesterday afternoon to discuss the possibilities of an electric line from Roseburg to Coos Bay, and hear the report of Attorney Lewis Brazee, secretary of the Roseburg Merchants' Protective Association, who was delegated by the citizens of Roseburg to visit the Coos Bay country and learn the wishes of the citizens of that district regarding the proposed project.

Upon proclamation of Mayor Hoover, issued Thursday, declaring Friday a half holiday, all business houses were closed and the theater's seating capacity was taxed to hear the report of Mr. Brazee. The Roseburg band, led by Mr. Bellows, gave a concert, announcing the hours of closing of the business houses and the opening of the meeting of which A. C. Marsters acted as chairman.

Among those who spoke were Mayor E. V. Hoover, E. L. Eddy, Attorney Lewis Brazee, Senator O. P. Coshow, District Attorney George M. Brown, J. T. Prior, Rev. Mr. Strong and T. E. Alley. All speakers urged that the road be built and pledged their support. Resolutions were adopted pledging all an every support that lies in the powers of the citizens of Roseburg for the construction of the proposed road, and A. C. Masters and W. H. Festin, with others, to be appointed, were named a committee to confer with the Coos Bay committee regarding the proposed road.

CORTELYOU'S SUMMER HOME.

NEW YORK, May 11.—Secretary of the Treasury Cortelyou has taken a cottage at Bay Crest, Huntington, L. I., for the summer season. Oyster Bay, where President Roosevelt lives during the summer, is about seven miles away.

ON ROAD TO RUIN

Greely Says Government Starts Esquimaux Downward.

CET UNFAIR TREATMENT

CHICAGO, May 11.—Rule of the United States government in Alaska was criticized severely last night by Major-General A. W. Greely, commander of the northern division of the United States army, in an address before the Geological Society of Chicago.

General Greely has made several polar expeditions on one of which his party established a record for "Farthest north" and all but seven of the party perished. Within the last two years, he has explored parts of Alaska.

The same trouble predominates in Alaska today that has characterized the attitude of the United States government towards all the aborigines with which it has come in contact," said General Greely. "It never treats them fairly. It has put the Esquimaux or the Alaskan Indians on the road to ruin.

"A few years ago the United States courts were a fiasco. It was a wonder to me that the entire lot of government officials were not hanged by mob law. I have been in mining camps where as the old saying goes, they hung five men before breakfast for less provocation than was imposed on the people of Alaska. The courts were only instruments of private interests."

General Greely said the "Blood-thrilling episodes of Alaska described by certain writers are exaggerations.

BODIES SCALDED

(Continued from page 1)

Roth, or Rother, Reading; Henry Lebanon, Ohio; J. W. Cutler and wife, Birmingham, Ala.; Oliver Kauffman, Reading; Miss Long, Cleveland; Harry Cutler, Lebanon.

J. Douglass Hipple, who is mentioned as one of the killed, was a conspicuous figure at the Los Angeles Conclave.

NO MONEY IN HOPS.

Lane County Growers Abandoning Hop Yards This Year.

EUGENE, Or., May 11.—George A. Dorris, a former Eugene attorney but now engaged in farming above Springfield, who has heretofore had what has been known as the best hop yard in the world, has decided to go out of the hop-raising business because he says the cost of labor, the difficulty of securing pickers and the uncertainty of the market during the past few years make it almost impossible for him or any other grower to make any profit. He is now plowing up a portion of his yard and says he will plow up the remainder next year.

A number of other Lane county hop-growers have decided to abandon their yards this year. The ground became so dry that it was impossible to work it properly. The present rain has helped conditions materially, but the general opinion is that there will be much more than half a crop in this county.

WILL NOT STRIKE.

DENVER, May 11.—At a regular meeting of the Building Trades Council last night it was decided not to call a general strike in sympathy with the strike of the millmen and woodworkers.

WHEAT ADVANCING

Causes Excitement On Chicago Board of Trade.

WINTER WHEAT CROP SHORT

CHICAGO, May 11.—Excitement such as has not been seen on the Board of Trade since the "Black Rust" scare of 1904, existed today when wheat, which has been steadily advancing for several days took another jump of more than three cents. Frantic efforts were made by the bears to get from under the advance but they were met by a demand which came from all parts of the country and swept everything before it. The high mark for July option was 91¢, for September 83¢ and for December 85¢. All options closed at very close to high mark and with the bullish feeling still unabated.

The cause of the upturn which has taken place in the last few days is the widespread belief that this year's crop of winter wheat will show a big decrease as compared with that of 1906. Cold weather in the west and northwest, freezing temperatures in the Canadian northwest and damage said to have been done in the southwest by the green bug, aided the rush upward.

It was reported here today from Winnepeg that not more than one fifteenth of the estimated acreage had thus far been seeded in the Province of Manitoba. Local traders were of the opinion that wheat has been advancing

too rapidly during the last few days and that a reaction was due. So many orders poured in from the country, however, that it was certain the expected setback would not come until later in the day. Once the trading was in full swing, orders from the country came so fast and in such number that the local crowd was carried before it. Desperate efforts were made from time to time by the shorts to stem the advance and once they forced the price of July option down 7-8 cents but this was only temporary. The flood of buying orders continued and when the market closed prices were close to the high mark of the day and the movement seemed to have lost no force.

ELECTORS STRIKE.

PARIS, May 11.—A local grievance, caused a strike of the electors in the commune of Grenoble. On the first ballot of the municipal election nobody voted. On the second ballot one vote was cast for 18 officials who were thus elected much to the surprise of several of the successful candidates.

Died of Typhoid—

August Hekala died of typhoid fever at St. Mary's Hospital at 1:30 this morning. Mr. Hekala has been in the hospital for several weeks and finally succumbed to the deadly fever.

WOMEN'S WHIST LEAGUE.

NEW YORK, May 11.—Defying fatigue, 1,400 women battled for six hours yesterday in the final rounds of the Women's Whist League's most famous congress, which concludes this afternoon with one combination team and pair journey at the Waldorf Astoria. The attendance at the games has been phenomenal.

The Brooklyn Trophy was won by the Hamilton Club of St. Louis, and the Quaker City trophy by the Cavenish Club of Philadelphia.
