WOMEN NOT ALLOWED IN BARROOMS

POLICE ANTICIPATE MOVE OF CITY ATTORNEY AND PROCEED TO ENFORCE ORDINANCE.

City Attorney Abercrombie yesterday announced his intention of enforcing the ordinance prohibiting the loitering of women in barrooms. The steps which he will take in the matter will be inaugurated as soon as the dance hall cases now pending in police court are disposed of. The city attorney believe it better to have them off his hands and be able to devote his whole time to the new move which he intends making.

Last night however the police anticipated the move of the city attorney and the chief of police issued orders to the officers on the beat below the dead line that no women were to be allowed in the barrooms hereafter. The officers in turn passed them on to the resort keepers who at once put them in force.

Stephenson, of the Savoy, when interviewed last evening by an Astoria reporter, said that he had been instructed by Officer Linville that henceforth no women were to be allowed in the barroom and further the officer instructed him that women could not even sing from the stage for which Stephenson had taken out a second-class theater license. Mr. Stephenson said that he had intended closing his place, the first of the week anyway so that it didn't matter as far as he was concerned. He said that he would have closed it before but for some of the girls and musicians who had not the money to make their getaway with and he was merely keeping the place open for that purpose. But four girls remain in the place and these intend to leave Monday as soon as they have the necessary funds. The others it is understood have scattered and gone in various directions, some to Aberdeen, some to Raymond, some to Hoquiam, and some to other places.

It is said that owing to the trouble that has been brewing below the dead line for the past week quite a number of women have left the town and sought fresh pastures.

If any one has any doubt as to the virtue of Foley's Kidney Cure, they need only to refer to Mr. Alvin H. Stimpson, of Willimantic, Conn., who, after almost losing hope of recovery, on account of the failure of so many remedies, finally tried Foley's Kidney Cure, which he says was "just the thing" for him, as four bottles cured him completely. He is now entirely well and free from all the suffering incident to acute kidney trouble. T. F. Laurin, Owl Drug Store.

HARRIMAN IS SAFE

Violated No Laws in Raising U. P. Dividends.

SURPRISE FOR THE PEOPLE

Leading Members Interstate Commerce Commission Are of Opinion That No Law Has Been Violated by Harriman—White House Conference.

CHICAGO, May 24.—A dispatch to the Tribune from Washington, says:

"There is a big surprise in store for people who have been expecting the Interstate Commerce Commission to recommend to the Attorney General the prosecution of E. H. Harriman and his associates and the dissolution of the railroad combination for violation of the Sherman anti-trust law.

At a conference at the White House yesterday the fact was brought out that in the opinion of leading members of the commission, no law has been violated by Mr. Harriman. Grave evils have been discovered which warrant the enactment of laws to prevent their recurrence. But so far as the commission's investigation has established neither the federal nor state law was broken by the financial operations connected with the exploitation of the Chicago & Alton, nor was there any infringement of the law caused by the raising of dividends of Union Pacific to ten per cent per annum in spite of the circumstances surrounding this step.

The conference at the White House was between the President and Chairman Martin A. Knapp of the Interstate Commerce Commission. Mr. Knapp declined absolutely to discuss his conversation with the President, but from an authoritative source it was learned that he was called to the White House by Mr. Roosevelt, who desired to ascertain the fact in connection with the commission's report on the so-called Harriman case.

The commission desires to complete its report by the first of July. It will merely present the facts and submit them to the attorney general for his consideration. But upon the showing of facts to be made the commission does not believe that prosecution will be begun, or, if it is begun, that it will be upheld by the United States Supreme Court.

HENEY AND BURNS

(Continued from page 1)

tie Burns are expected to return to the government service for the prosecution of the timber and mineral land thieves. Some of the grafters in San Francisco are also said to be implicated in the frauds.

The frauds have been under investigation by the Secret Agents of the Interior Department for more than two years. These secret agents have unearthed startling evidence, showing that the public domain has literally been looted by corporations who have been protected and aided in their operations by United States senators and federal officers.

Most of the lands acquired by the so-called conspirators were timber tracts in the West, of which hundreds of thousands of acres have been taken from the public domain.

In some instances "dummy" entrymen were used for the purpose. In others the title was obtained through the use of lien land script.

In obtaining the conviction of the men said to be involved the government expects to regain possession of large areas of forest land, some of which have been in the hands of lumber operators for many years. Much of the land, it is understood, has not yet been cut over.

It is admitted by certain officials that in a number of instances the offenders will be immune from criminal prosecution owing to the fact that the statute of limitation will apply, but in all such cases the title to the land will revert to the government.

HIGH PRICE PAID FOR SAFETY OF RAILROADS.

Union and Southern Pacific Has Spent Millions For Safety.

CHICAGO, May 24.—Figures just compiled in the office of the director of maintenance and operation of the Union and Southern Pacific systems show that expenditures for safety appliances made by the present management of the two systems, total nearly \$12,000,000.

For block signals, distant switch signals, interlocking plants, crossing bells and gates, all of which are charged to roadway, the Southern Pacific alone has spent more than \$3,500,000. Safety devices on trains have cost the Southern Pacific in the same time almost \$4,000,000. On all the lines of the two systems, block signals represent an outlay of \$5,460,000. Air brakes and high speed attachments have cost \$3,206,000.

On the Union Pacific lines nearly \$2,000,000 has been spent on roadway safety devices, and \$874,238 on equip-couplers, train signals, grab-irons electric and acetylene headlights. The Oregon Short Line and the Oregon Railroad and Navigation Company have altogether absorbed \$847,000 in roadway safety expenditures, and \$650,000 for safety devices on cars and engines.

The total outlays on account of safety appliances of all kinds are \$2,845,297 for Union Pacific—an aggregate of \$11,835,320. This total takes no account of the labor cost of operating safety devices, but is an indication that safety on railroads comes high in price.

MODUS VIVENDI.

Plan To Increase Fund For The Maintenance of the Pope.

ROME, May 24.—It is reported that a proposition has been made to the government for a modus vivendi as to the fund set apart under the laws of Papal guarantees.

Under article four of that law a sum of \$640,000 was annually set apart for the maintenance of the pope. It is now proposed to capitalize this fund into state bonds which will furnish the pope a revenue of \$760,000.

It is stated that a majority of the ministers would accept such an arrangement, which would be a step toward a political modus vivendi. The opposition, however, would combat the proposal.

PRINCE EITEL FREDRICK.

Said To Be Destined To Be Futur King of Hungary by the Kaiser.

LONDON, May 24.—The Berlin correspondent of the Daily Mail says that one of the many theories concerning the future of Prince Eitel Frederick, the Kaiser's second son, is that he is destined by his father to be the future King of Hungary. This idea is revived by the presence in Budapest of Baron Von Myrbach, chamberlain in the Kaiser's household. He is reported by Hungarian journalists as saying that the Berlin court cherishes the liveliest sympathy with the Hungarian people. The Baron admitted that the Prince speaks Hungarian. Apropos of the Hungarian throne, however, the Kaiser is quoted as saying, "I and my sons belong exclusively to the fatherland."

STEEL PLANT TO MOVE.

Gary, Indiana, Mills Largest in World—Home of Steel Corporation.

CHICAGO, May 24.—The Chronicle today says: The Illinois Steel Company, employing more than 7000 men, supporting 20,000 persons and operating a plant valued at between \$30,000,000 and \$40,000,000 may abandon South Chicago and become absorbed in the mammoth steel plant in progress of construction at Gary, Ind.

It was admitted by a representative of the company yesterday that no further extensions are contemplated at the South Chicago Mills, and that ultimate abandonment of the local site is probable.

The Gary Mills when completed will be the largest steel center in the world and the home of the United States Steel Corporation.

BOECK INDICTED.

Diamond Broker's Thefts Are Said To Amount To Half Million.

NEW YORK, May 24.—Two indictments charging grand larceny were returned by the grand jury against J. Edward Boeck. It is alleged that while posing as a dealer in precious stones on commission Boeck obtained jewels to the value of many thousands of dollars from Maiden Lane dealers and made no return. Startling disclosures are said to have resulted from the investigations thus far made by detectives who are acting for the Jewelers' Society Alliance of the United States.

NIGHTS OF UNREST.

No Sleep, No Rest, No Peace for the Sufferer From Kidney Troubles.

No peace for the kidney sufferer—Pain and distress from morn to night.

Get up with a lame back, Twinges of backache bother you all day.

Dull aching breaks your rest at night, Urinary disorders add to your misery.

Get at the cause—cure the kidneys. Doan's Kidney Pills will work the cure.

They're for the kidneys only. Mrs. B. Schreiber, of 560 High street, Salem, Or., says: "The good reports I have heard concerning Doan's Kidney Pills induced me to procure a supply. I had been suffering from an incessant backache which not only troubled me through the day but broke my rest at night. I began to feel the effects of Doan's Kidney Pills after I had taken a few doses. Relief speedily came and then an absolute cure. There has been no sign of the backache nor any other symptoms since. I am only too pleased to let others know of such a valuable and effective remedy."

Plenty more proof like this from Astoria people. Call at Chas. Rodgers drug store and ask what his customers report.
