RUSSIAN SAILORS ARRESTED.

LONDON, June 14.—A dispatch to a news agency from Sebastopol says that Vice-Admiral Wren, recently appointed successor to Admiral Skrydlov, in command of the Black Sea fleet, has sifted out and arrested the dissatisfied seamen at that port and placed 600 of them on board a cruiser under a strong guard. Additional arrests are being made, and it is probably will be necessary to fit out another penal cruiser.

A Fortunate Texan Mr. E. W. Goodloe, of 107 St. Louis street, Dallas, Texas, says: "In the past year I have become acquainted with Dr. King's New Life Pills, and no laxative I ever before tried so effectually disposes of malaria and biliousness." They don't grind nor gripe. 25c at Charles Rogers Drug Store.

Will Cure Consumption A. A. Herren, Finch, Ark., writes: "Foley's Honey and Tar is the best preparation for coughs, cold and lung trouble. I know that it has cured consumption in the first stages." THE GREAT "WAR COMET."

Its Fiery, Spreading Tail Was Fifty Million Miles Long.

The wonderful "war comet" of 1891 sprang so suddenly into view and blazed with such unexampled brilliancy as to astonish the astronomers and frighten those unlearned in cometary lore half out of their wits. The unlearned declared that the civil war, which was just getting well under headway, must have something to do with it. However this may be, it burst forth, unheralded and uninvited, shining with greater brilliancy and magnitude than any phenomena of a similar nature which that generation had ever seen.

On the night of July 3 of that year it exhibited a most wonderful spectacle. In the evening the nucleus did not appear to be larger than a star in the first or second magnitude. As the small hours of the morning approached, however, the nucleus visibly increased in both magnitude and brilliancy. The tail waved back and forth over our little world in a most threatening manner, at times sending rays almost to the zenith. On the morning of July 5 the astronomers announced through the daily papers that the head of the great comet was only separated from the earth by a distance of 12,000,000 miles. According to the report sent out from the Cambridge observatory, the comet appears to have passed its ascending node between the 27th and the 29th of June in longitude 270 degrees, the longitude of the earth being 277 degrees at the same time.

On Oct. 19 its tail extended over a space of 50,000,000 miles and at several points was not less than 10,000,000 miles in width.

At first it was generally conceded that it was the famous comet of 1559, the one which caused the Emperor Charles V. of France to resign his imperial throne, he taking it to be a warning from God. All surmises were subsequently set at rest by the discovery that it was the famous Thatcher comet, discovered by Professor A. P. Thatcher at the Rutherford observatory in New York city.

A Lesson in Health

Healthy kidneys filter the impurities from the blood, and unless they do this good health is impossible. Foley's Kidney Cure makes sound kidneys and will positively cure all forms of kidney and bladder disease. It strengthens the whole system. T. F. Laurin, Owl Drug Store.

TIMBER LAND SOLD.

Chicago Parties Buy 56,000 Acres in Vancouver Island.

SEATTLE, June 14.—For \$200,000, a tract of 56,000 acres of timber land on the north end of Vancouver Island, has been sold to Hugh Armstrong and associate Chicagoans by James A. Moore, of Seattle, and Victoria capitalists. The tract is estimated to contain more than 2,000,000 feet of standing timber, consisting of fir, cedar, spruce and hemlock. The new buyers, at a cost of \$500,000, will immediately erect a big lumber plant at Quatsino Sound and a complete pulp and paper mills. The products will be sold large to the merchants of Japan and Australia. It is said that the Oregon paper mills at Willamette have offered to take 75 tons of pulp every day from the new concern. The greater part of the lumber cut on the island will be sold to the Grand Trunk Railroad for ties and telegraph poles, and also much sawed lumber for the building of towns along the route of the new transcontinental line.

The Magic No. 3

Number three is a wonderful mascot for George H. Parris, of Cedar Grove, Me., according to a letter which reads: "After suffering much with liver and kidney trouble, and becoming greatly discouraged by the failure to find relief, I tried Electric Bitters, and as a result I am a well man today. The first bottle relieved and three bottles completed the cure." Guaranteed best on earth for stomach, liver and kidney troubles, by Charles Rogers, druggist, 50c.

AERONAUT'S NARROW ESCAPE.

HARTFORD, Conn., June 14.—Roy Knabenshue, the aeronaut, had a narrow escape while making an ascension in an airship from a local amusement park today. The engine of the ship stopped suddenly and in descending the car was carried to the edge of Pope Park. Knabenshue managed to control the machine long enough to steer the car about fifty feet from the water.

W. R. Ward, of Dyersburg, Tenn., writes: "This is to certify that I have used Orino Laxative Fruit Syrup for chronic constipation, and it has proven, without a doubt, to be a thorough, practical remedy for this trouble, and it is with pleasure I offer my conscientious reference." T. F. Laurin, Owl Drug Store.
