

COUNCIL MEETING

Bids on Street Improvements Were Accepted.

BILLS WERE ORDERED PAID

Petitions In Regard To Redeeming Property Acted Upon—Ordinance Regulating Macadamizing of Future Pavements Also One Regulating Saloons.

The common council met last evening in the last regular session of June, in the council chambers of the city hall, all members being in their seats with the exception of L. O. Belland.

Nothing of unusual importance transpired, the business transacted dealt principally with the improving of streets during the coming summer.

A communication was received and read from Isaac Bergman in regard to delinquent street assessment sales pertaining to lots 7 and 8, block 10 and lots 7 and 8, block 12, McClure's. Mr. Bergman alleges that all of the assessments due on the property were paid to the city treasurer and that through errors he was not given proper credit. He asks that the council instruct the city auditor to cancel the said errors and render proper credit. The petition was referred to committee on ways and means who reported back that in absence of receipts no definite action could be taken. However, it was decided that if the petitioner could produce the receipts or paid the assessments with the interest before the sale which starts on the 24th, the assessment would be cancelled.

A communication from the Fourth of July committee was received and read asking that the members of the council participate in the Fourth of July parade as usual and also that the city hall be decorated as in former years. The invitation was accepted and placed on file and the janitor of the city hall instructed to decorate at that time.

A communication from K. Osburn asking that his company be given a portion of the insurance on the new engine house was read and referred to committee on public property.

The following petitions were received in regard to the redemption of property.

S. Elmore petitioned that he be allowed to redeem lots 1, 2, and 3, block 54, Shiveley's Astoria for the amount the said property was sold to the city for, \$254.02.

G. Wingate petitioned that he be allowed to redeem lots 5 and 6, block 71, McClure's and tendered \$615.50 in payment for the same.

A petition was received from Mrs. Josephine Lunden in which she desires

to redeem lot 7, block 17, Adair's for the sum of \$55. D. H. Welch petitioned that he be allowed to redeem certain property for the sum that the city paid for it plus 6 per cent interest. C. H. Carnahan asked that he be allowed to buy back certain property for the sum that the city paid for it. Laura B. Parker asked that the council cancel the assessments against lots 5 and 6, block 16, and lot 8, block 17, Port of Upper Astoria, which was bid in by the city to pay for the Fifth street assessment. Frank Spittle, administrator for the estate of Mary Ann Adair petitioned the council to postpone the sale of lots 5 and 6, block 1, Shiveley's Astoria, owing to the administrators' sale which is now pending. And a petition of E. C. Jeffers asking that he be allowed to redeem certain property for the sum the city paid for it and 6 per cent. The petitions were referred to the ways and means committee and owing to the immediate need of action because of the sale which will take place before the council will meet again the committee was allowed a recess in which to pass upon them. The committee reported that those who paid the amount of the assessment plus 6 per cent interest per annum from the time the assessment was made up to the present time would be allowed to redeem the property. The report of the committee was adopted.

The Acme Dairy & Grocery Company tendered \$40 in payment of a \$60 assessment on lot 1, block 2, Taylor's Astoria. The petitioner claims that the assessment was purposely made proportionately high in order to furnish a test case for the city attorney so that he might test the city's power under the new charter. The petition was placed on file.

The petitions of John Stephenson, who formerly ran the Savoy dance hall, asking that the money which he paid the city for a second-class theater license, amounting to \$40 and the remainder of an unexpired liquor license, be refunded to him pro rata, were granted.

Renewals of liquor licenses were granted Swan Wilson and Johnson & Cook. The petition of J. V. Burns asking that his name be removed from the liquor

bond of O-car Hill was granted. Building permits were issued to Axel Johanson and Otto Dufer.

The report of the city physician was read and ordered filed. Dr. Mohr reported 11 cases of measles and one case of diphtheria.

A list of the material needed to put the fences and gates of the Ocean View Cemetery in repair was submitted by the sexton. The committee on public property was authorized to order the material and instruct the sexton to have the necessary gates and fences installed.

The street assessment roll for the improvement of Forty-second street and the certificate of ownership for the same were read and ordered filed. The certificate of completion for the improvement of Grand avenue between Seventh and Eleventh streets was ordered placed on file.

An ordinance regulating the construction of macadam paving for the city in the future was given its first and second reading. The ordinance provides that where the pavement is to be of 12 inch depth the first layer shall be of crushed rock 6 inches deep and to be as nearly cubical as possible and of a size not larger than will pass through a four-inch ring, the second layer to be four inches in depth and not to exceed 2 1/2 inches in size while the top layer is to be 2 inches thick and 1 1/2 inches in size. In 9-inch pavements the layers will be 4, 3 and 2 inches respectively and with the same size stone on the various layers as the 12-inch pavement. The ordinance provides that the pavement shall be rolled with a roller at least 10 tons in weight and shall be done to the satisfaction of the superintendent of streets, the city surveyor and the committee on streets and public ways. Where the city's steam roller is used a charge of \$10 per 100 lineal feet will be made.

The ordinance regulating the licensing of saloons and dram shops was introduced and given its first and second readings. The ordinance provides that after July 1st the number of licenses shall not exceed one to every 500 inhabitants and that no licenses shall be issued for saloons in the territory south of Commercial streets between Second and Twenty-third streets. This does not apply to saloons in hotels and does not effect the places of business on the south side of Commercial street.

Ordinances to improve Irving avenue from Fifteenth to Eleventh street and Fourth street between Bond and Commercial streets were passed under a suspension of the rules, as was the ordinance to improve Harrison avenue from eighth to Twelfth streets, Irving avenue from Ninth to Eleventh and Tenth street from Grand avenue to Irving.

An ordinance fixing the salary of the city physician at \$75 per month was introduced and read the first and second times.

The ordinance confirming special assessment roll No. 146 for the expense of improving of Eleventh between Commercial and Bond was passed under a suspension of the rules.

An ordinance appropriating \$900 out of the general fund for the benefit of A. G. Long to defray the cost of 1000 feet of hose for the fire department was given first and second readings. An ordinance appropriating \$1150 out of a special fund for the benefit of E. A. Gierding for the improvement of Exchange street was read first and second times.

In the matter of the Sixteenth street property owners who were given permission to improve the street themselves and who have so far failed to accomplish anything owing to a squabble over the manner in which it is to be done, the city auditor was directed to notify the property holders, that if by July 1st they had not agreed and let a contract for the work, they would lose the right and the council would go ahead and do the work.

The committee on public property were instructed to advertise for bids for the painting of No. 3 engine house. The committee on streets and public ways opened the bids for street improvements on Saturday and recommended to the council that the following bids be accepted which was done. John Slotte's bids on the following streets were low and were the ones accepted: Columbia avenue between Lincoln and Melbourne, \$2350.00; Lincoln avenue between Columbia and Duane, \$1260.00; Melbourne

ALL WOMEN SUFFER

from the same physical disturbances, and the nature of their duties, in many cases, quickly drift them into the horrors of all kinds of female complaints, organic troubles, ulceration, falling and displacements, or perhaps irregularity or suppression causing backache, nervousness, irritability, and sleeplessness.

Women everywhere should remember that the medicine that holds the record for the largest number of actual cures of female ills is

Lydia E. Pinkham's Vegetable Compound

made from simple native roots and herbs. For more than thirty years it has been helping women to be strong, regulating the functions perfectly and overcoming pain. It has also proved itself invaluable in preparing for child birth and the Change of Life.

Mrs. A. M. Hagermann, of Bay Shore, L. I., writes:—"Dear Mrs. Pinkham:—"I suffered from a displacement, excessive and painful functions so that I had to lie down or sit still most of the time. Lydia E. Pinkham's Vegetable Compound has made me a well woman so that I am able to attend to my duties. I wish every suffering woman would try Lydia E. Pinkham's Vegetable Compound and see what relief it will give them."

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female illness are invited to write Mrs. Pinkham, at Lynn, Mass. for advice. She is the Mrs. Pinkham who has been advising sick women free of charge for more than twenty years, and before that she assisted her mother-in-law Lydia E. Pinkham in advising. Therefore she is especially well qualified to guide sick women back to health.
