DR. PETERS UNPOPULAR.

African Explorer Has to Have Police Protection on Streets of Munich. MUNICH, June 29.—Dr. Peters, the African explorer who is suing the Muencher Post for calumny, is so unpopular that the authorities are obliged to protect him coming to and going from the court. Several assaults on him have taken place. One man has been arrested for throwing the Doctor from a street car and attempting to stab him. Yesterday's hearings was confined to an expression of opinions by persons who had had experience in Africa. These were mostly unfavorable to the necessity for harshness toward Dr. Peters. Some of the witnesses, however, said that the position of the Peters exhibition called for stern measures. The case went over until Monday.

SCHOOL BOYS SHOOT.

Students of High School In Target Practice at Creedmore. NEW YORK, June 29.—School boys hobnobbed with officers of the National Guard yesterday at Creedmore Park, and shot with a coolness and precision under the critical inspection of Colonels, majors and captains, that invoked favorable comment. The event of the day was the first of two days shooting, held under the auspices of the Public Schools Athletic League, and was an individual competition for the Peters prize. Forty-nine students from nine high schools kept the rifles cracking during the afternoon and the ease with which come of the youngest aspirants for honors bit the bullseye time and again would have aroused the enthusiasm of President Roosevelt. The lads are anxiously awaiting the presence of the President at Creedmore today, when the final match for the Peters trophy will be shot, the prize being an autograph letter from President Roosevelt. All of the contestants in these school shoots must be under 21 years of age. The winner of the prize and the gold medal was A. V. Arnold, of the Boys High School, Brooklyn. He scored 47 out of a possible 50, getting three bullseyes out of his five shots in the 100 yard shoot and four bullseyes in the 400 yards shoot.
