CHAMBER COMMERCE MEETING

A. J. GRACE WILL LECTURE ON
SEAWALL PROPOSITION IN THE
NEAR FUTURE—THE PASSENGER
RATES GONE INTO.

At the regular meeting of the Chamber of Commerce last night the report from the Chapman Advertising Agency was presented for the benefit of members and showed where the advertising of the Chamber is to be placed during the coming month. It was indeed a gigantic affair and had on it the names of about one thousand newspapers some of which, however, were repeated for various ads.

The question of having transcontinental lines apply the normal west-bound passenger rate to Astoria, which is now discriminated against to the extent of \$1.50 was referred to the committee on Transportation who will take this question up with the proper traffic

officials of the lines interested.

The question of having the A. & C. R. R. stop its trains at the Eleventh street crossing en route to and from Seaside, as a matter of great public convenience, was also referred to the committee on transportation who will immediately confer with the proper local officials.

Mr. Richard J. Grace, civil engineer of Portland, has communicated with the Chamber saying that he had his lecture on the seawall proposition well in hand and that he will soon be ready to deliver it.

PERSONAL MENTION.

W. J. White, of Portland, was a guest at the Occident yesterday.

John Adair of Warrenton was a visitor in Astoria yesterday.

Mr. Mac Affee, the wireless operator at the North Head Station, was in town yesterday.

R. H. Jenkins of the A. & C. R. R., who has been in Portland, arrived back last night.

W. H. Ormsby, traveling freight agent for the N. P., was through town yesterday. Mr. Ormsby is busy looking after

the overhauling of his cottage at Seaside, for his summer vacation.

Mrs. F. P. Leinenweber returned to Astoria from Portland Sunday on the Telegraph. Mrs. Leinenweber brought her sister with her, who has been very ill but is now on the road to convalescence.

J. A. Howerton of Ilwaco is interested in the Ilwaco Independent Telephone Line in connection with W. A. Graham. They already have a line connecting beach points and they will in the near future build about a mile more to make connections with the Western Union at North Head. The W. U. does not at present connect with Ilwaco.

HON. B. YOUNG RETURNS.

Has Been Attending 25th Annual Commencement Exercises at Monmouth Normal School.

Hon. Benjamin Young returned from Monmouth last night where he has been attending the final session of "The Board of Regents of that institution, and also the commencement exercises. These latter were made unusually interesting by the fact of its being the twenty-fifth anniversary of the founding of the school.

Owing to the result of the recent act passed by the legislature concerning the normal schools of Oregon the offices of the entire present board of regents will cease and a new one be appointed today, the first Monday in July.

Mr. Young having acted as regent for ten years, has a great affection for the normal and expresses much regret at its failure to secure its appropriation from the last legislature.

However, the people of Monmouth still consider their school a normal and are showing great energy towards its maintenance. The business meeting of the board re-elected the president and faculty at their same salary for another year, the banks guaranteeing the money to maintain the school with expectations of its being refunded at the next session of the legislature. Summer school begins tomorrow.

STABBING AFFRAY AT WARRENTON

G. K. Itami, a Japanese, Attempts Murder of Fellow Countryman.

G. K. Itami is undoubtedly a savage. On Saturday he stabbed Sam, the foreman of the Jap gang at the Old Oregon Mills, five times with a pair of scissors. Itami used to work at the mills but had not done so recently. On Saturday, he

ing broke, he tried to get some money from Sam, but was refused. Later on he sneaked up to Sam's room and whilst the latter was bending over his desk at work Itami stabbed him five times in the back of the head. One of the wounds was an inch long. Dr. Judd attended to the injured man. Meanwhile Itami escaped and no trace of him has been discovered. His brother, however, works in the Columbia restaurant in Astoria.
