DEPOSITIONS READ

Produced in the Haywood Trial
Yesterday

A QUESTION—BOMB OR GAS?

Bradley, Man Blew Up, Was Terribly Mangled, But Recovered and Sued Gas Company and Got Judgment—Depositions Were Lengthy.

BOISE, Ida., July 9.—The reading of the depositions taken in San Francisco in connection with the explosion at the residence of Fred Bradley, whom Orchard swears he twice attempted to assassinate, continued this morning as one of the closing features of the side for the defense in the trial of William D. Haywood, accused of the murder of Frank Steunenberg. By the state the Bradley incident is looked upon as one of the most important features of their case in support of the Orchard story. The defense has all along maintained that the attempt to poison Bradley and his whole household and the explosion at the house which Orchard says was caused by a bomb placed by him, are a fabrication. Orchard says that he was commissioned by Haywood to go to San Francisco and kill Bradley who had been a consistent enemy to organized labor. He swore that he first poisoned the milk with arsenic and failing in this placed a bomb under the Bradley's front door mat with a string attached to the door handle. It was, according to Orchard one of the bombs invented by Pettibone.

At the time given by Orchard an explosion occurred at the Bradley house just as Bradley himself was coming out of the house smoking a cigar. Bradley was terribly mangled but recovered and the front porch of the house was badly damaged. Shortly after the explosion the owner of the house sued the gas company for damages and got a judgment because of an escape of gas which, it was claimed, caused the explosion. Then came the Orchard confession and an appeal was taken against the judgment, but the higher court sustained the lower.

When the case against Haywood came up a commission was appointed to go to San Francisco and take depositions. Fred Miller, for the defense and Mr. Van Duyn of the prosecution were selected. The depositions are lengthy and the whole of the two sessions today probably will be taken up in the reading.

Bradley still maintains his first position that the explosion was caused by gas, but he modified his positive claim in that he says the theory of a bomb is possible. He does not deny that the milk was poisoned.

All of the witnesses so far examined under the depositions, however have admitted that the main features of Orchard's account are within the bounds of possibility. Orchard says that the bomb was placed under the door mat and Mr. Bradley says that his face was filled with the particles from the mat and with glass from the door.

It is not likely now that Moyer will go on the stand before tomorrow morning. His testimony will probably take one day and on Thursday Haywood will be called. His examination will probably take the remainder of the week and the state's rebuttal is hardly looked for before next Monday.

Take the Postmaster's Word For It.

He says: "Chamberlain's Colic, Cholera and Diarrhoea Remedy is standard here in its line. It never fails to give satisfaction and we could hardly afford to be without it." PUBLIC SCHOOL TEACHERS.

NEW YORK, July 9.—The Board of Education authorized the establishment of a school for the deaf. The step was taken on the recommendation of Superintendent Maxwell, who declared it was the duty of the board to make provisions for the education of all children, despite physical defects. Lip reading and oral speech will be taught exclusively in the school, signs and the manual alphabet forming no part in the course of instruction.

BACKACHE AND DESPONDENCY

Are both symptoms of organic derangement, and nature's warning to women of a trouble which will sooner or later declare itself.

How often do we hear women say, "It seems as though my back would break." Yet they continue to drag along and suffer with aches in the small of the back, pain low down in the side, dragging sensations, nervousness and no ambition.

They do not realize that the back is the main-spring of woman's organization and quickly indicates by aching a diseased condition of the feminine organs or kidneys, and that aches and pains will continue until the cause is removed.

Lydia E. Pinkham's Vegetable Compound made from native roots and herbs has been for many years the most successful remedy in such cases. No other medicine has such a record of cures of feminine ills.

Miss Lena Nagel, of 117 Morgan St., Buffalo, N. Y., writes:—"I was completely worn out and on the verge of nervous prostration. My back ached all the time. I had dreadful periods of pain, was subject to fits of crying and extreme nervousness, and was always weak and tired. Lydia E. Pinkham's Vegetable Compound completely cured me."

Lydia E. Pinkham's Vegetable Compound cures Female Complaints, such as Backache, Falling and Displacements, and all Organic Diseases. Dissolves and expels Tumors at an early stage. It strengthens and tones the Stomach. Cures Headache and Indigestion and invigorates the whole feminine system.

Mrs. Pinkham's Standing Invitation to Women
Women suffering from any form of female weakness are invited to write Mrs. Pinkham, Lynn, Mass. Her advice is free.

Son Of An English Earl Works For A Living.

NEW YORK, July 9.—Advices from London, published here today state that the son of an English Earl, whose name is not divulged, is living in New York and working for a living, having of his own choice given up a life of ease because of a desire to work and make his own way.

The Shipping Gazette first gave the news, saying that the young man worked his way across the Atlantic in the stowhole of a liner. Inquiry at Southampton is said to have confirmed this and developed the additional fact that he made a good record and was offered permanent employment on the steamer, but declined, as he preferred to take first chances in New York.

Best Medicine in the World for Colic and Diarrhoea.

"I find Chamberlain's Colic, Cholera and Diarrhoea Remedy to be the best remedy in the world," says Mr. C. L. Carter of Skrum, Ala. "I am subject to colic and diarrhoea. Last spring it seemed as though I would die, and I think I would if I hadn't taken Chamberlain's Colic, Cholera and Diarrhoea Remedy. I haven't been troubled with it since until this week, when I had a very severe attack and took half a bottle of the 25-cent size Chamberlain's Colic, Cholera and Diarrhoea Remedy, and this morning I feel like a new man." For sale by Frank Hart and leading druggists.

DÉSCENDENT OF KINGS.

New Doing California and Visits Yosemite Park.

OAKLAND, Jan. 9.—The descendant of an unbroken line of kings and rulers extending along a dynasty of eight centuries who is visiting the United States incognito, left Oakland yesterday on a trip to the Yosemite. He will return during the week and remain in this city for about a month. The name of the distinguished visitor is Prince d'Abro Pagratide of Cairo, Egypt. He is the son of Tigrane Pasha, the later Prince Minister of Egypt prior to the British occupation, and grandson of the reigning order at this time.

HOT IN CHICAGO.

CHICAGO, July 9.—Five persons died in Chicago yesterday from the heat. Ten more were stricken and three of these may die.

The maximum temperature was only 84 degrees, but excessive humidity combined with the sun's direct rays was too much for flesh and blood to bear.

Bad Burn Quickly Healed.

"I am so delighted with what Chamberlain's Salve has done for me that I feel bound to write and tell you so," says Mrs. Robert Mytton, 457 John St., Hamilton, Ontario. "My little daughter had a bad burn on her knee. I applied Chamberlain's Salve and it healed beautifully." This salve allays the pain of a burn almost instantly. It is for sale by Frank Hart and leading druggists.
