**RENTS ROOMING HOUSE; TAKES
ADVANTAGE OF THE LANDLORD'S
SICKNESS; COLLARS THE BOODLE
AND FLITS.**

Contractor Miller used to run a lodging house on Bond street during his wife's lifetime but latterly he has sublet it. His last tenants, to say the least, proved unprofitable. They were a Mr. and Mrs. Grant Anderson who were married a month ago by Justice of the Peace Goodman. It is the lady's third venture on the seas of matrimony and she came from Chinook. Anderson is a soldier and is due to serve the balance of his time at Fort Columbia on the 14th. This couple took the rooming house a month ago when they were married. The understanding was they were to buy it out, and the first payment of \$50 was to be made on the first inst. Meantime Mr. Miller took sick and went to the hospital. On Thursday he got out and on the same day Mr. and Mrs. Grant Anderson took the Volga for Chinook and incidentally about a wagon load of Mr. Miller's bedding, including blankets, sheets and quilts.

Needless to say the Sheriff is on the lookout for Mr. and Mrs. Anderson.

**NELS ANDERSON FALLS INTO FOUR
FEET OF WATER AND IS DROWNED
AT TONGUE POINT—WAS UN-
MARRIED.**

Nels Anderson fell out of a skiff last night about 8 o'clock while trying to board a scow, and was drowned in about four feet of water. Anderson had been drinking and was not very steady on his feet or the accident would never have resulted fatally. He was known to be one of the best swimmers on the river. At the time he fell into the river there was not anyone actually with Anderson, but he was pulled out almost immediately after and doubtless there was still life in his body had those who rescued him had the slightest knowledge of first aid measures. Anderson was an unmarried man of 40 years of age and was a native of Sweden.

Quick Relief For Asthma Sufferers.
Foley's Honey and Tar affords immediate relief to asthma sufferers in the worst stages and if taken in time will effect a cure.

WIRELESS FOG SIGNALS TO AID

**Schooner Resolute Ashore—Shipbuilding
In U. S. for Year Ending June 30—
The Hanging of Barometers, and Local
Shipping Notes.**

The steamer G. W. Elder sailed for San Pedro and way ports yesterday morning. She had a very large passenger list.

District Forecaster E. A. Beals has placed an exhibit in his office for the purpose of conveying to ship captains the proper method of placing their thermometers and barometers in order to get the best results from the instruments. The exhibit shows just how they should be hung and exposed.

July 8 the four-masted schooner Resolute went ashore near Dungeness light station, according to a message received by the lighthouse officials this morning. The information came from Keeper A. Brooks, who is stationed at that point. The schooner was bound from Puget Sound for San Pedro with a cargo of lumber.

The Lurline did not get in till three o'clock this morning which only makes her about 10 hours late. As a rule by Friday she is only about 7 or 8 hours late, but this week she overran her schedule a little. The freight up the river accumulates so rapidly that seriously the Lurline has an excuse. This morning she brought 10,000 feet of lumber for fish barrel heads for Brookfield, besides two carloads of shingles for the buoy station. Today the Undine will meet the Lurline half way on her return trip (or maybe at Tongue Point) and will transfer cargoes, so that the latter may recover her schedule.

The steamer Yosemite cleared for San Pedro yesterday. She had a cargo of 900,000 feet of lumber loaded at Prescott, Rainier, Linnton and Tongue Point.

The tug Dauntless came in yesterday for the big Benson log raft, which she will tow to San Diego.

The two-masted schooner Abbie is in from San Francisco. She is bound for Rainier.

The United States cruiser Charleston will be down at 3 o'clock this afternoon when the Mayor and reception committee will board the vessel and welcome Admiral Swinburn and his officers and crew.

The oil tank steamer Atlas came in yesterday and tied up at the Standard Oil Company's wharf. She had 2000 barrels of oil for Astoria, and in all her cargo consisted of 10,750 barrels.

The Breakwater came in yesterday on her first return trip from Coos Bay. She had a large quantity of freight and a goodly number of passengers.

The schooner Evie was at the O. R. & N. yesterday from Tillamook loaded with cases of salmon.

The Sue H. Elmore goes out at six o'clock today.

The steamship Columbia came in yesterday from San Francisco. She carried almost her limit in passengers and had a large cargo of general freight. Apart from prevailing northwest winds, which delayed her somewhat, she had a good trip up.

The gasoline boat Red Buoy built by Wilson Bros. of Astoria, is now in the water and about to depart for Bellingham. The official returns of her measurements were filed at the custom house yesterday. She is 50 3-5 feet long, 12 2-5 feet wide and her registered depth is 3 1-5 feet. Her tonnage is 14 gross and 10 net. The boat is owned by the Pacific American Fisheries of Bellingham, Wash., and Ralph Oakley is now in Astoria to take her over there.

The Redondo gill goes out on her next trip Tuesday morning for Seattle. She will make connections there with the steamer Pleiades which sails for Nome and other points in Alaska.

The tug Frances Leggett arrived in the river yesterday morning and went up to assist in oating the Hammond

log raft which is still aground near Stella.

Following close upon the establishment of wireless stations along the coast the announcement is made that the Government will equip lighthouse vessels on the Oregon, Washington and California coasts with submarine signals, by which it will be possible for them to proceed in safety through the thickest of fogs. The signals consist of bells placed on reefs and dangerous shoals, and receiving instruments on the vessels. The tolling of the bells is picked up by the receivers, from which the exact position of the ship can be accurately learned.

The submarine bell is a recent invention but has been given a thorough test. All of the dangerous points on the Atlantic Coast are being equipped with the apparatus. Its possibilities were first appreciated by the Great Lakes Shipowners' Association, who lost no time in having it installed on craft in which it is interested.

A short time ago a submarine message was transmitted to the steamer Pretoria, a distance of 12 miles, so far the longest on record.

NEW TO-DAY.

Wanted.
A chambermaid for a hotel. Address "J." Astorian office. 7-12-tf.

Panama hats cleaned and blocked.
Leave them with Dell Skully.

Oliver typewriters and automatic stenographers at A. R. Cyrus, 424 Commercial street. tf.

Columbia and Victor graphophones and latest records at 424 Commercial street. A. R. Cyrus. tf.

Just Received
The secret of making good pictures is in having the best materials to work with. Hart's drug store have just received a fresh supply of films and film-packs, so get in the game and do it right.

Astoria people will do well to take advantage of the 75-cent round-trip rate to Clatsop Beach points on Sunday July 14. The Oregon National Guard are encamped near the Seaside House and will afford the public an opportunity to see a regulation regimental encampment. 7-13-2t.

The Astoria & Columbia Railroad have named rate of fare and one-third for the round trip from all points on its line to Astoria and return to enable people to hear Vice-President Fairbanks' speak in Astoria on Monday afternoon, July 15th. Tickets will be good going Monday and returning the following day, July 16th. 7-13-2t.

Removal Notice.
Doctor J. M. Holt announces the removal of his offices from the Page building to the Astoria Savings Bank Bldg., room 304, third floor, where his patients may consult him between the hours of 10 A. M. and 12 noon, and 2 to 5 P. M. Telephone Main 2101; residence telephone, Main 1381. 7-3-tf

"Man and Master."

"Man and Master" is a play deserving patronage as it is well presented at the Astoria Theater by the Brigham Stock Company. Last night another large audience was pleased. Those who wish for comedy can find a continuous laugh by witness the production, while the dramatic interests of the play are by no means slighted. "Man and Master" is a play combining comedy and pathos, intense interest and dramatic action, and it will be the attraction at the Astoria Theater for the remainder of the week with a matinee today at 2:30 p. m.

Your Liver
is out of order. You go to bed in bad humor and get up with a bad taste in your mouth. You want something to stimulate your liver. Just try Herbine the liver regulator. A positive cure for Constipation, Dyspepsia and all five complaints. Mrs. F., Ft. Worth, Texas writes:

"Have used Herbine in my family for years. Words can't express what I think about it. Everybody in my house hold is happy and well, and we owe it to Herbine."
Sold by Hart's Drug Store.

After You've Bought Your Clothes

here and have worn them awhile we want you to be just as well satisfied with them as when you first put them on.

If they're not right in any way--fit, tailoring, quality--we want to know it. Hart Schaffner & Marx make the kind of clothes that they're willing to guarantee satisfaction on; and stand by it. We're not afraid to back to the limit anything that carries their label

They're the kind of clothes you want

W. D. Bain to Frank Bonhart, lots 1 and 2, block 7, Grimes Annex. \$800

IT MAKES A DIFFERENCE.

It makes all the difference in the world to the convivial man where, and what, he drinks. Most men desire beauty and cleanliness, and handsome appointments in the saloon they patronize regularly, as well as the essential pre-requisite of genuine wines and liquors that are served to them. And these things are so particularly and properly conspicuous at Otto Sund's elegant resort, the Commercial, at No. 509 on the street of that name that they account thoroughly for the fixed and splendid custom he enjoys. There is nothing allowed to pass his counter but the best and choicest in every department of indulgence, and the service behind it all, is the most pleasing and satisfying in the city.

One of the best vaudeville shows that ever got together is running at the Waldorf this week. Whilst the regular stock company is giving a series of new acts and songs which are all of a first-class order, and as far as the acts are concerned of a most laughable and humorous nature, the two new turns are something quite out of the ordinary run. The act of the Teat Trams is far and away above the ordinary run of shows given at a vaudeville house. The marvelous manner in which the male performer throws his knives at the board against which is companion stands and still leaves her unharmed, is extraordinary beyond comprehension, and must be seen to be believed. Stanley and Weaver, in their slack wire act, are a clever and humorous combination, which should not be missed on any account. The Irish act is execrably funny. Altogether, the whole show is very strong and there is no better entertainment in the city. Go and see this show and you will enjoy yourself immensely.

Pineules are for the Kidneys and Bladder. They bring quick relief to back-ache, rheumatism, lumbago, tired worn out feeling. They produce natural action of the kidneys, 30 days' treatment \$1.00. Money refunded if Pineules are not satisfactory. Sold by Frank Hart's drug store.
