## WILL EXHIBIT STOCKS AT FAIR

O. I. PETERSON OF SUNFLOWER DAIRY, ASKED TO SHOW HIS VALUABLE DUTCH BELTED CATTLE AT SALEM THIS FALL.

For the first time Clatsop county will be represented by pure bred stock from a farm in the county at the state fair at Salem. O. I. Peterson, owner of the Sunflower and Clover Nook Dairy farms will be represented by a small herd of Dutch Belted cattle, the only breed of their kind in Oregon.

By his importation Mr. Peterson is the pioneer breeder of Dutch Belted cattle in Oregon and such curiosity has been aroused over them by breeders throughout the state that he has been asked to exhibit them at the state fair. The breed originated in Holland and has been imported to this country in small numbers because of the fabulous prices demanded for them, and because they were controlled by the Dutch nobility.

Among the animals is Oyama 617, head of the herd, whose sire was Ymagatta No. 479 and his grandsire Chief Byron No. 219, a star in the showing and a sire of many prize winners, which have produced a number of noted daughters.

The bull is extremely handsome and was bred by A. Sydow, manager of the Dutch Belted herd at Glen-Hazel, Pa., and the heifers were secured by G. G. Gibbs of Vail, N. J.

They are all finely registered heifers and about a year old. As may be surmised by the name they have a belt of pure white surrounding them between their fore and hind quarters, the other portions being coal black. There are seven including the bull and all are without a blemish.

Mr. Peterson stated yesterday that these cattle are the foundation of his herd at the famous Sunflower Dairy, which in itself is unsurpassed in the county for its equipment and natural value.

### AT FORT STEVENS.

Notes From the Home of 93rd Company Columbia Artillery Corps.

An order was issued from headquarters, last year, to the effect that the mortars at Fort Stevens were to be dismantled every year and as target practice was finished a few days ago all drills were suspended and the work of dismantling the guns was commenced yesterday. Ordinarily, this work can be done in two weeks but owing to the scarcity of men in the company it will take a month or so to complete the work. The target practice for the quarter is finished, Fort Columbia having completed its work in that line on Wednesday. Some good shooting was done at the practice but the exact results cannot be stated until the reports from the different observing details are received.

Quite a number of men are to be discharged in a month or two and the company will be still more depleted.

Harry M. Miller and Ben F. Gilbreth were discharged a few days ago. The former was married to an Astoria young lady and both have gone to Dallas City, Ill., leaving last Saturday morning. Gilbreth has gone to Eugene, Oregon, to visit some friends and will then go to California. Sergeant Daniel Leary leaves tomorrow morning for Fort Totten to attend a school for electrical sergeants. After a course there he will take an examination for transfer from the 93rd company as electrical sergeant.

The district commander will make an inspection of all the guns and emplacements at the post and men were quite busy yesterday in anticipation of his visit.

Morning Astorian, 60 cents per month, delivered by carrier.

### Men Past Sixty in Danger.

More than half of mankind over 60 years of age suffer from kidney and disorders, usually enlargement of prostate glands. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rockport, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years and after taking two bottles of Foley's Kidney Cure I fell better than I have for 20 years, although I am now 91 years old." T. F. Laurin, Owl Drug Store.
