

## HATCHING STATION ON ALSEA RIVER

WILL BE LOCATED AT MOUTH OF  
ROCK CREEK—OREGON ANGLERS'  
ASSOCIATION TO HOLD IMPORT-  
ANT MEETING AT GOLD HILL.

Master Fish Warden H. B. Van Dusen has returned from an inspection tour of the Southern Oregon and coast hatcheries and reports that the stations are all getting well ready for the season. The season on the coast hatcheries will open about September 1.

The principal object of his visit was to select a site for the Alsea hatchery. He was successful in this and at the mouth of the Rock Creek on the Alsea River, 11 miles above tide water he has made the selection and a station capable of handling 5,000,000 eggs will be built. The work by this time has already started and will be pushed with vigor. Several men will be employed in building troughs and erecting buildings for the season's efforts in taking fish and others will be employed in constructing racks in the stream and in building the necessary live pens for the fish to be spawned.

Mr. Van Dusen also visited the Yaquina Bay hatchery and reports that everything at that point is progressing along well with the season.

The Gold Hill Chamber of Commerce is to hold a meeting of the Oregon Anglers' Association on September 14 and Mr. Van Dusen has been asked to attend and give a talk on the hatchery work. This is the first meeting of the association and its purpose is to form such an organization that proper fish laws can be obtained from the legislature for protecting the game fish of the Oregon streams. In addition to the business of the meeting there will be the sport feature. There will be fly casting contests and as there are a number of good fishing streams in the neighborhood of Gold Hill it is likely that a number of the sportsmen will take advantage of that fact and do a little trout fishing.

The object in holding the meeting is to conserve the game fish of the streams of the state such as the McKenzie, Umpqua, Rogue, Colquille, Clackamas, and other streams. These streams are known all over the country as being fine fishing streams and sportsmen spend a great deal of money in coming to Oregon to take advantage of the sport. Unless there is some legislation and a united support of the fishing laws these streams and their trout will soon be a thing of the past. The idea is to make the streams a source of pleasure and at the same time income for the state. People

coming from afar to fish will spend their money at some point of the state and in that way contribute to the resources of the state. It is a state interest and the Anglers' Association will be the official head of it.

The following distinguished persons will be present: Governor George E. Chamberlain, Hon. H. G. Van Dusen, Master Fish Warden of Oregon; Hon. J. W. Baker, State Game Warden; Hon. H. L. Kelly, Jr., Superintendent United States Fish Hatchery, Trill, Oregon; Hon. R. D. Hume, Wedderburn, Oregon.

### WILL PARTICIPATE.

Life Saving Crew Granted Permission to Attend Astoria's Regatta.

A letter has been received by Captain Wicklund, of the Hammond Life Saving station, allowing the crew of the station to enter the regatta sports and to take part in the celebration. The letter was sent by D. F. Tozier, acting superintendent and assistant inspector of the Life Saving Service, of San Francisco. He states that while he has no power to allow them the privilege of participating in the event, the fact that there may be some lives to save, will warrant their being on the spot in case of need.

### WINS BOUT AT TILLAMOOK.

Long Boy, Astoria's famous welter weight boxer won his bout at Tillamook last Saturday night over a Kanaka from Honolulu named Peters. The mill went three rounds and was a good exhibition of boxing. Peters was faster than Long Boy, who is a colored boxer with long arms, but was outclassed in a knowledge of the game and in the length of arms. Peters in the third round was forced to give up the bout and referee Wallace awarded the contest to the 'Boy.'

### Looking Backward!

Now that the fishing season is over and it is proven, that the fishwheels destroy the salmon as they are about to ascent to nature's spawning grounds, it is well to look back a few years ago when for successive sessions of the Legislature, Herman Wise joined the committee of the Fishermen's Union in fighting for the preservation of this great industry, if the other merchants had done like Mr. Wise who spent his time and money and worked like a Trojan, the bill prohibiting fishing above tide water might have passed. But most merchants are short-sighted; they are willing to have the fishermen's trade, but won't spend money or work to the end that the fishermen get more fish, that's why the intelligent fishermen trade with Herman Wise. A dollar spent with Wise always means the upbuilding of Astoria.

Morning Astorian, 50 cents per month, delivered by carrier.

## DAIRY PRICES WILL INCREASE

BECAUSE OF SCARCITY OF MILK  
AND HIGH PRICE OF BUTTER THE  
DAIRYMEN FORM AGREEMENT TO  
RAISE PRICES, SEPTEMBER 1.

The dairymen of Astoria met together yesterday morning and by mutual agreement will raise the price of milk commencing September 1. The high price of butter and the growing scarcity of milk decided them to make the advance. The following schedule of prices has been arranged to take effect on the first of the month:

Milk, wholesale, 60 cents per can.  
Cream, wholesale, \$1.20 per gallon.  
Milk, retail, \$1.50 pint, monthly.  
Milk, retail, \$2.50 quart, monthly.  
Milk, retail, \$3.50 3 pints, monthly.  
Milk, retail, \$4.50 2 quarts, monthly.  
Milk, retail, \$5.50 5 pints, monthly.  
Milk, retail, \$6.50 3 quarts, monthly.  
Milk, retail, \$8.50 gallon, monthly.  
Cream, retail, \$2.75 1 pint, monthly.  
Cream, per month, 1 pint, \$5.50

The dairymen have made the above raise in prices, to take effect on September 1, because of the dearth of milk and the raise in the price of butter, the concerns in the agreement being: The Acme Dairy, Sunflower Dairy, Bartoldus Brothers, Henningsen & Son, Lewis & Clark Dairy, Carl Sarajarvi, John Erickson and G. G. Nurnberg.

Sunday excursions to North (Long) Beach. Round trip fare \$1.00 to any point on North Beach. Tickets good returning on either the steamer Potter or Nahcotta. Call at O. R. & N. dock for particulars.
