**POSTOFFICE ROBBED MAY DROP SUITS AT SEASIDE**

**BROKEN INTO ON SATURDAY NIGHT AND SAFE OPENED BY PROFESSIONALS—MONEY AND STAMPS TAKEN.**

The postoffice at Seaside was entered, on Saturday night, and robbed of its valuables. An entrance was effected through a rear window that is located on the principal street near the bank yet the work of the culprit or culprits was not heard and nothing was known of the affair until the opening of the office on Sunday morning. The work was evidently that of experts, the results showing that the opening of the safe was done by one conversant with the details of such an operation. There was \$565 taken. A good portion of the money, about \$350, was in silver coin, some stamps being also taken. The burglars have disappeared and no trace whatever of them remains. Investigation of the scene and surroundings show the work of professionals. It was thought that the job was done by a remnant of the gang that have operated in Sellwood and other places near Portland. No description of the men can be had as they were not seen. Merrifield's blacksmith shop in the vicinity was entered and a hammer and punch were taken and no doubt used on this job. Postmaster Abbott found the records and papers intact but the money and stamps gone. Sheriff Pomeroy spent all day yesterday in Seaside working on the case but was unable to gain any clues but has not given up hope.

**COUNTY COURT AT TILLAMOOK**

**MEETS THE COUNTY COURT OF TILLAMOOK COUNTY AND DISCUSS ROAD MATTERS—THE PARTY RETURNS.**

Judge Trenchard and Commissioner Larsen of the county court, F. L. Parker and F. A. Fisher were in Tillamook last week and returned Saturday night. These gentlemen were in conference with the members of the county court of Tillamook county in regard to the construction of a road to connect the two counties. They made an inspection of both the "outside" and "inside" trails on their trip and it is thought that the inside trail will be selected for line.

The intention is to have surveys and other arrangements made so that construction can be commenced on both roads next spring. The party returned Saturday evening pleased with the results of the trip.

At Nehalem they found the people anxious for the construction of the road. Two routes were discussed and it was decided by both courts to build the two roads, one a short distance back from the coast and the other further inland, the latter traversing a rich agricultural district. Surveyors will be at once placed in the field.

(Continued from Page 1)

up for settlement and the farmers and fruit growers will be able to find a market in Astoria. Everything favors the building of this road and I fail to see why the land owners do not jump at the prospect.

"There has been something said about them wanting special rates in consideration of the right-of-way privileges they might grant. But for the railroad to grant any special rates would be impossible. It is against the laws of the country and the railroad officials would be liable to prosecution and imprisonment if they granted special rates to anybody."

That there is a great anxiety on the part of Astoria's progressive citizens to see the construction of the Portland-Oregon & Seacoast Railroad commenced as early as possible there is not the shadow of a doubt. The suits will not stop the railroad from building, but owing to the state laws they cannot build over the property while the suits are not settled. It means merely that the property owners, for their own reasons, are delaying the work several months, and there is some talk that they are doing this to help the Harriman interests.

The fact that even if the larger railroads do contemplate building (they will take their time about it) the completion of this line, connecting Astoria with transcontinental lines, will serve its object just as well. It is considered that it is of little difference who owns the railroad, as long as it assists Astoria to more business and opens up the valuable resources of Clatsop county.

**A GREAT EVENT.**

**Dunlap Opening Day To Be An Event In Astoria, August 29.**

It is the custom of the Dunlap Hat Co., of New York, to set an opening day for their agents in various localities which day is known as "Dunlap Day" when a display is made of samples of the product of their factory and particular attention is paid to that line.

P. A. Stokes, of Astoria, being the exclusive agent for this line, has been notified by his company that they have set Thursday, August 29, as "Dunlap Day" in Astoria and Mr. Stokes is making great preparations to make this day a red letter one. In his beautiful new window on Twelfth street as fine a display of men's hats than has been ever seen in Astoria will be on exhibition. Mr. Stokes' reputation in business is such that if he says the goods are what is claimed for them, the best made, you can depend upon it that they are. The Dunlap hats are so well known that few questions need be asked about them but still it is assurance doubly sure to have Mr. Stokes vouch for them. That our readers may know a "Dunlap" we reproduce a facsimile of the trade mark found in every hat. Drop around to P. A. Stokes' store on corner of Commercial and Twelfth streets and see the crowd on Thursday the 29th.
