Say They Will Protect Themselves.

Situation in Vancouver is Tense and Police Unable to Meet Situation.

CANADA MUST APOLOGIZE

Steamer Monteagle Which is Due With Orientals Aboard Will Not be Permitted to Land Passengers—Citizens Want Militia to Protest Foreigners.

SEATTLE, Sept. 9.—A special to the Times from Vancouver, B. C., says as a result of the disorders Saturday and Sunday evenings the situation with regard to Asiatics is increasing in menace. The Japs have notified Chief of Police Chamberlin that police protection is inadequate and they will take steps to protect themselves.

Chinese and Japanese employed in hotels and restaurants have withdrawn from work.

It is said the oriental leaders have instructed them that they must not work under a \$100 penalty. The Japanese are purchasing firearms and the aspect is threatening.

The steamer Monteagle, which is due in Wednesday or Thursday with many orientals aboard, will be met by a hostile demonstration. It is freely declared the orientals will not be allowed to land. There is growing uneasiness in the city.

The feeling is increasing that in view of the number of Japanese, Chinese, and Hindus in Vancouver the Minister of Militia should take steps to protect them. Several restaurant keepers met this morning and resolved to employ a big but white labor.

The early reports of disorders on Saturday night were exaggerated, the crowd amounted to about 10,000 but the temper displayed was merely boisterous. The crowd surged through the streets in the oriental quarter cheering everything white and hooting and denouncing everything colored. At intervals from some indistinguishable point in the crowd brickbats would hurl over the intervening heads and crash through windows. Chief of Police Chamberlin recognizing the inadequacy of the force at his disposal relied on diplomacy, fearful of arousing the passions of the mob, he directed his men to lay aside their truncheons.

Later the order regarding truncheons was revoked but at no stage did the police and populace come to blows. Personal encounters were limited to isolated attacks in the Japanese quarter.

The Japanese resisted armed with knives, daggers, clubs and bottles. They charged the crowd with shouts of "Banzai." The crowd carried no arms and scattered after a large amount of damage. One white man was stabbed badly, another cut by a stiletto and another had his head laid open with a broken bottle. The man stabbed is at the hospital.

The report that the disorders started by a number of Bellingham men is not credited. All arrests are local. They show that rioting is not confined to any particular class, bookkeepers, loggers, and laborers are among those arrested from the crowd, several thousand of which gathered last evening.

Nineteen arrests in all were made. Hearing of charges against the participants in the police court has begun but little progress is made. The court room is crowded and crowds also line the streets in the vicinity of the courts.

The arming of orientals is becoming more alarming. Downtown dealers including second hand stores have been cleared of firearms. Oriental labor is suspended in the city. Restaurants are

hard put to carry on their business. Lumber mills report that oriental laborers going to work this morning were met by pickets of fellow countrymen and induced to return home.

Prominent Japanese residents take a grave view of the situation declaring that the coming of the steamer Monteagle Wednesday in view of the present state of feeling among the Japanese and whites alike is fraught with serious danger. Business in the city is not disturbed.

LONDON, Sept. 9.—News of the attacks on Japanese and Chinese at Vancouver, B. C., did not surprise colonial and foreign officials, who had long expected an outbreak against the Asiatics in Canada, but they have great confidence that Canada will be able to suppress any further outbreaks. At the same time the officials realize a most serious problem has arisen, particularly as the feeling appears to be strong against the subjects of Great Britain's eastern ally and that it will require careful handling, for whatever action is taken is likely to be resented either by the Colony or Japan.

OTTAWA, Sept. 9.—The general opinion in official circles is that Canada will have to pay damages and apologize to Japan for damages caused by the Vancouver riots. Regret is expressed that the outbreak should have taken place and when the Japanese immigration question was all but solved between the Canadian and Japanese governments.

DOCTOR CAUGHT IN CHICAGO.

CHICAGO, Ill., Sept. 9.—Arrested after fleeing thousands of miles following an alleged murder was the fate of Dr. T. Cox of Ireland last night. Dr. Cox was seized at the home of Mrs. Margaret Rohan, 1929 West Polk street, by two detectives. He was arrested five months ago after the killing of Joseph Murray, Postport, County Mayo, Ireland, and fled after being released on \$10,000 bail.

GOVERNOR'S DAUGHTER ILL.

BLOOMINGTON, Ill., Sept. 9.—Mrs. Anna E. Davies of Middletown is critically ill at a hospital in Lincoln. She is the daughter of Thomas Ford, seventh governor of Illinois, and the last survivor of his family. Her age is 73.

FOUR SHOTS AT WIFE

But Bullets in Crowded Room Only Wound Her Sister.

W. HERBERT SHOTS HIMSELF

When She Sees Crazy Husband About to Fire Mrs. Herbert Grabs One of Her Children and Crawls to Door While She is Target for His Bullets.

WASHINGTON, Sept. 9.—Falling in attempt to affect a reconciliation with his wife from whom he had been separated, Wellington B. Herbert, 28 years of age, last night fired five shots into a crowded room where his wife was seated, slightly wounding her and her sister. Several others in the room narrowly escaped being struck.

With one remaining cartridge in his pistol, he turned the weapon upon himself and sent a bullet into his left breast just below his heart. He is not expected to live.

But for the presence of mind of Mrs. Herbert she undoubtedly would have been killed. Seeing the revolver pointed at her, she grasped one of her children and threw herself prone upon the floor. The shot missed her, she crawled toward the door and a second shot passed over her head, striking her sister in the arm. This shot grazed Mrs. Herbert's cheek.

MIDDIES SLATED FOR DISMISSAL.

WASHINGTON, Sept. 4.—The names of the four midshipmen whose dismissal from the Naval Academy was recently recommended by Supt Badger became known to-day. They are Joseph Elliot Austin, of New York, first class; George Frederick Humbert, of Pennsylvania, third class; Oscar Salb, of Indiana, and C. C. Riner, of Wyoming, fourth class.

Chorus girls are alleged to have induced Salb and Riner to overstay their leave.

Riner and Salb have appealed to the Secretary of the Navy against the sentence of dismissal.

BONES IN WRIST BREAK

Jimmy Britt Unable to Continue Fight.

GANS GETS DECISION

But Accident Was Britt's Salvation as He Was Outclassed by the Negro.

PAYS NO HEED TO SECONDS

Britt Continues to Fight for a Round After Wrist is Broken But Gave up in Sixth Round—Doctors Hold Examination and Disclaim Cries of Fake.

SAN FRANCISCO, Sept. 9.—A left swing to the body cleverly blocked by Joe Gans cost Jimmy Britt any chance he might have had to win the lightweight championship of the world today and brought to a close five rounds of fast fighting witnessed by a crowd of 14,000 people at Recreation Park. The blow, which caught Gans on his elbow, was struck in the middle of the fourth round. It broke Britt's wrist and though he went on again in the fifth round he was helpless in both offense and defense. It was not until this round that he informed his seconds of this mishap.

"What's the use of going on? I can't fight. I'm helpless," he said to Tim Kreling. Captain of Police Gleason was notified at the ringside and stopped the fight. Referee Welch gave the decision to Gans.

Three doctors, after examination, stated that the injury was a fracture and dislocation of the lower end of the ulna, the innermost bone of the wrist. Whether it was genuine fracture or not Britt showed such intense suffering while the doctors were manipulating his wrist that tears rolled unchecked down his cheeks.

"I was utterly helpless," he said. "I could not even hold up my left hand after I broke it. I had no guard for Gans' left and no punch except my right."

The fight while it lasted was a slugging match but it was perfectly evident to every trained observer that Britt had no chance to win from the negro. For the first time in his life he was out-matched.

Britt's lack of coolness was partly responsible for the miserable ending of

the fight. From the first tap of the gong he appeared over-eager. He was not content to take advice showered on him by his seconds to make Gans do the leading, but rushed headlong into quarters that developed inevitable slugging match in which the champion had by far the advantage.

In the first round Britt staggered Gans to the ropes with a left swing on the neck that had lots of force in it. In the same round he also used his left and right successfully to the body and face, but took in punishment a straight left on the nose that slowed him down.

The second round developed a mixup at the rope in which both men exchanged vicious rights and lefts, Gans taking the advantage.

In the third round Gans followed his tactics of crowding Britt into a corner, and the Californian had his hands and feet busy working his way out. The round was even. Gans drew first blood in the fourth with a lightning-like straight left that brought a scarlet stream trickling from the corner of Britt's mouth. It was right after this that Britt threw all his strength into a left swing that proved his merciful undoing.

The decision of the doctors effectively disposes of any claim of "fake."

BORAH IS GAME.

Will Not Try to Escape on Well Grounded Objections to Indictment.

BOISE, Sept. 9.—It developed today that Senator Borah, who is under an indictment for alleged timber frauds in connection with the transactions of the Barbour Lumber Company, has positively declined to permit his counsel to interpose any technical objections in connection with the trial. After his attorneys looked over the indictment they reported in their opinion a motion to quash it would be sustained owing to the vulnerable character of the document. Senator Borah declined to consent to such a procedure and instructed his counsel to proceed without raising any technical objections although agreeing that some of the objections they raised were well grounded.

ATTEMPTS TO BRIBE.

SPOKANE, Sept. 9.—Frank Bruno, keeper of the notorious Main Block dive, pleaded guilty this morning of attempting to bribe Chief of Police Rice. He was fined \$450. His brother, A. D. Bruno, was dismissed. Chief Rice stating he did not believe the man knew the letter he carried to him contained a bribe.

GERMANY ON PACIFIC.

PARIS, Sept. 9.—A dispatch to the Liberte from Berlin says the Kaiser has invited a number of colliery owners and shippers to study a scheme for a contract to coal the American battle ship fleet on its way to the Pacific, whereby German coal will be supplied by German ships at lower rates than those of English colliers on English ships. In this way the Kaiser wishes to give another proof of his pleasure at seeing Germany co-operate in the Pacific initiative of his friends in America.

ANOTHER WALKOUT

Telegraph Operators Try to Increase Strike.

CIRCULATE A PETITION

Movement is to Get Out Operators Who Are Bound By Contract or Agreement.

ONLY 100 SIGN PETITION

Movement is in the Hands of the More Radical Members of the Union and Opinions as to Its Success Vary—Secretary Russell Says it is Unauthorized.

CHICAGO, Sept. 9.—Another flurry in the telegraphers' strike was caused today by an effort to call out 500 more operators now employed in brokers' offices, newspapers and on leased wires. A meeting of the men will be held tomorrow to consider the proposed walk-out.

Union officials attributed the move to the more radical element of the union. It originated in a petition circulated during this afternoon among the strikers, making a demand upon the executive board of the local union to order out every member of the union in Chicago, regardless of the existence of contracts or agreements signed since the strike began. About 100 names were signed to the petition.

"I cannot say anything about the proposed spreading of the strike until the national executive board meets tomorrow," said Secretary Wesley Russell. Mr. Russell said similar petitions were being circulated among strikers in Seattle, Portland and Memphis. He declared that the movement had not been authorized by officials of the union in any of these cities.

MOROCCANS ARE RESPONSIBLE.

French Cabinet Draws up Conclusions—Will Present Them to Government.

PARIS, Sept. 9.—A special meeting of the cabinet was held today for the purpose of considering the Moroccan situation. Following are the conclusions reached:

1—The Moroccan government should be held responsible for the massacre of July 30 at Casa Blanca, as well as for damages suffered as a result of pillage or repression of disorders.

2—Indemnities should be fixed by an international committee.

These conclusions are based on a precedent established after the bombardment of Alexandria by the British fleet in 1882.

The cabinet requests foreign Minister Pinchou to examine the general question of Morocco and prepare a note on the subject to be issued as soon as possible.

Premier Clemenceau has no message from General Druce or from Admiral Philbert, commander of the French forces at Casa Blanca regarding the armistice.

MRS. PHILLIPS ARRAIGNED.

CLEVELAND, Sept. 9.—Mrs. Charlotte Phillips was arraigned today and pleaded not guilty of the charge of killing her husband, J. J. Phillips, a week ago. She is held in \$7500 bonds for examination September 20. While the bonds were being arranged Mrs. Phillips remained in the invalid's carriage.

DEED OF INSANE PATIENT.

TACOMA, Sept. 9.—Edward Aloia, aged 37, was pounded and choked to death by another insane patient, T. J. Brown of Tacoma, in the hospital for the insane at Fort Steilacoom last night. The men were sleeping in the same room when Brown became violent and attacked his sleeping companion.

The murder was not discovered until they opened the door this morning.

HAZELWOOD DESTROYED.

New Building Being Built For Company Is \$50,000 Loss.

PORTLAND, Sept. 9.—An exploding gasoline stove ignited tar and asphalt in the cold storage room and caused a fire which gutted the new building of the Hazelwood Creamery Company, at Third and Hoyt streets; this morning, resulting in damage of approximately \$50,000, with practically no insurance. J. W. Taylor, of Hillsboro, was cut off by the flames and had to leap three stories to the ground. Despite the fall, Taylor's injuries consisted of a severe nervous shock and a fractured finger. Four other workmen only escaped by sliding down a rope. Two fire horses were injured running to the conflagration when truck No. 2 and a hose wagon collided with a sand wagon at Third and Ankeny streets, throwing the driver of the former to the street.

The loss will probably fall on the contractors, as the building had not been accepted and the contractors carried comparatively no insurance. The building, a five-story brick, was being erected by the Hazelwood Creamery Company, with ex-United States Senator Joseph Simon, at a cost of about \$70,000. It was so nearly completed that the company was preparing to move in next Sunday. Several offices on the third floor were ready and the ice chests and cold storage on the upper floors were on the point of being finished.

M'KINNON FOR PRESIDENT.

GOLDFIELD, Sept. 9.—C. H. McKinnon has been elected President of Local 220, Western Federation of Miners, defeating John Roach by a small majority. Other officers elected were: J. Gibney, Vice-President; R. Elmer, Secretary-Treasurer; Theodore James, Recording Secretary; M. J. Sullivan, Business Agent, and Dr. Wheeler, Physician and Surgeon.

The election was held last Tuesday, but the result was not known until yesterday, the Australian ballot being used and a long time being required to count the votes. Roach was the candidate of the conservative element in the union, and his friends were confident of his election up to Wednesday night.

AID COMES AT LAST

Railroad Commissioners Better Service.

ON O. R. & N. AND ON THE S. P.

If S. P. Train No. 12 is Two Hours Late at Roseburg a Stub Train Will Have to be Put on to Run on That Time Into Portland—Similar on O. R. & N.

SALEM, Or., Sept. 9.—Orders were given by the Railroad Commission this afternoon requiring the Southern Pacific Company to run an extra train out of Roseburg to Portland on the time of No. 12, northbound passenger, whenever that train is two hours behind schedule time and requiring the O. R. & N. Co. to run its trains Nos. 7 and 8 regularly between Portland and Pendleton, trains to leave Portland and Pendleton each morning, respectively, equipped so as to give reasonable accommodations to the traveling public patronizing them. The schedule is to be so arranged that connections shall be made with the trains on the Condon, Columbia Southern and Heppner branches.

Both of these cases came up for hearing upon the Commissioner's own motion several weeks ago. That order affecting the Southern Pacific No. 12 train goes into effect 20 days after service of the certified copy of the order is made, and that affecting the O. R. & N. train service becomes operative within 30 days after service.

POLICE STRIKERS SHIFTED.

LONDON, Sept. 9.—As a result of the strike of the constabulary at Belfast during the recent labor troubles there, the Dublin Castle authorities, besides transferring 300 of the constables to country districts, have awarded them an unfavorable record, which means complete stoppage of all promotion for them.

It has been decided to hold a series of court martials until every known ring leader in the strike has been dismissed from the force.
