

SHIP IN TYPHOON. Latter Worries Former Under False Pre-rible Buffeting.

SAN FRANCISCO, Sept. 21.—In the grasp of a terrific typhoon, which raged unceasingly for five days and nights, the army transport Sherman, which arrived here today, received a terrible buffeting during the voyage from Nagasaki.

Heavy seas swept over the Sherman's bow and but small progress was made during the four days of the voyage which followed.

When 750 miles off San Francisco the Sherman established a new record for the transport service by communicating

with the wireless station at Mare Island. The Sherman brought the members of the Sixtieth infantry and the Sixth engineering corps, in addition to a full list of cabin passengers.

Chamberlain's Cough Remedy One Of The Best On The Market.

For many years Chamberlain's Cough Remedy has constantly gained in favor and popularity until it is now one of the most staple medicines in use and has an enormous sale. It is intended especially for acute throat and lung diseases, such as coughs, colds and croup, and can always be depended upon.

TIGHE AND TOOTSIE. Latter Worries Former Under False Pre-terence.

NEW YORK, Sept. 21.—"Tootsie" Morrell, the feathery young woman, who was arrested on complaint of having stolen several hundred dollars' worth of jewelry from Mrs. William Wilson, of 356 Schermerhorn street, was discharged today by Magistrate Tighe in the Adams street court despite the fact that two or three complainants appeared and wanted to have her incarcerated.

Detective Quigley told Magistrate Tighe that he could not press a charge of vagrancy, and asked for her discharge. Just then a pale-faced young man with a clean shaven face rushed up to the judicial bar and exclaimed excitedly:

"I want this woman arrested. She is my wife!"

"What is the charge you wish to make against her?" inquired Magistrate Tighe. "Abandonment, false representation, and desertion," replied the young man in a breathless way.

"What were the false representations?" inquired Magistrate Tighe.

"I met the young woman at Coney Island and she asked me to marry her. I told her I had no money to marry with and she said she had \$22,000 in the bank. Then when I hesitated she said she had \$48,000."

"Raised the ante," interjected Magistrate Tighe, grimly.

"Yes, and then she told me she had 5,000,000 francs in a German bank."

"And then she deserted you," interposed Magistrate Tighe.

"Yes, she left me right after we were married."

"Please let me go," burst in Tootsie. "I didn't do anything of the kind."

"You are discharged," said Magistrate Tighe.

"How am I to get my jewelry back?" chimed in Mrs. Wilson.

"And how about the books belonging to the library which she has?" chimed in another voice from behind.

The books were shown to the court. They are all in German.

"I will return those books myself," said Tootsie, covering her face with her hands. The books were turned over to Detective Quigley, to be returned to the library.

All the parties left the court room in a highly excited frame of mind, and there was an indignation meeting held on the sidewalk.

Counselor John E. Seaman, who appeared for Tootsie, said that no criminal action could be taken against her, because Mrs. Wilson simply loaned her the jewelry, some of which had been returned.

The young man who claims Tootsie as his wife is Victor Bronson, 22 years old, of 1566 Atlantic avenue.

Morning Astorian, 65 cents per month, delivered by carrier.

S. P. IMPROVES ROAD BED. Better Connection at Whiteson—Bridge Material Arriving at Oswego.

DALLENS, Or., Sept. 21.—At least five minutes will be cut off the running time of the Dallas-Portland passenger trains by the use of the new curve now being built to connect the Yamhill division and west side tracks at Whiteson. With the completion of this connection, it will no longer be necessary for the Yamhill division trains to back through the Y at that station. A large gang of men and teams are engaged in scraping and clearing away the surplus earth for the new track.

After the curve is finished, the crossing will be taken up, and all tracks east of the main line, except the sidings will be removed. The depot will be moved about 100 yards north to the intersection of the main lines. This improvement will be greatly appreciated by the train men and the traveling public.

The contractors are getting the material on the ground for the big bridge across the Willamette river at Oswego, and construction of the new line will begin in the near future. But little of the old track for the first four miles south of Oswego will be used, as the company will straighten the curves and avoid grades as far as possible. The West Side track from Beaverton will connect with the Yamhill division about three and one-half miles south of Oswego, where a Y will be established.

The company has been operating a big steam shovel in cleaning out a deep cut just south of Lafayette. The dirt from this cut was used in filling some small trestles between Lafayette and Dundee. The shovel is now at a point about one mile south of Middleton, where a sharp curve will be cut out and a small trestle filled in. It is the company's intention to straighten the sharp curves of the Yamhill line wherever practicable and to put the roadbed in the best possible shape for the operation of heavy trains.

PLEASED AT SITUATION.

ABERDEEN, Sept. 20.—Louis H. Burnett has returned from the last meeting of the Alaska-Yukon-Pacific commissioners, and expects to remain at home for a time, or until the commissioners, accompanied by Gov. Mead, go to North Yakima on the 23rd, to attend the state fair, where they will be the guests of honor. Mr. Burnett seems to be very well satisfied with the way things are going in regard to the exposition, and says that everything will be in pretty good shape by the first of next year.

NOT TO HOLD PARADES.

VANCOUVER, Sept. 20.—The civic authorities have declined to allow any further parades of the Asiatic Exclusion League. Official notice of this fact was posted today, when it was proposed to hold another procession next week. Rioters who were committed for trial last week are being allowed out on bail. They will be tried next month by juries, and it is a foregone conclusion that all will be acquitted.

Many Hindus who are sleeping in tents in Vancouver today arranged to erect temporary shelter for the winter. Six thousand dollars have been subscribed for this purpose.

NEEDS 10,000 MINERS RGENTLY.

West Virginia and Western Pennsylvania Operators Face Crisis.

PITTSBURG, Sept. 21.—A shortage of coal miners in the fields of West Virginia and western Pennsylvania has become so alarming that a meeting of the West Virginia operators has been called for Charleston next Thursday to devise ways and means for getting more miners. This afternoon word was sent from western Pennsylvania that the operators there would join the meeting.

At least 10,000 men could be used in the coal fields at this time. Operators of both western Pennsylvania and West Virginia have great contracts for coal for the western roads which they must fill next month or have the contracts cancelled.

It is not unlikely that an advance in mining prices will be authorized at the meeting Thursday.

WAR MINISTER TRIES BALLOON.

German Official Pleased With Handling of Army Airship.

BERLIN, Sept. 21.—The new airship of Major von Parceval, of the German army staff, made an ascension yesterday in the presence of the minister of war and other chief military authorities. The war minister himself was one of the passengers during the 20 minutes' trial.

On descending he said the perfect management of the balloon gave a feeling of security. The only disagreeable feature was the rattling of the motor.

Sick Headache.

The disease is caused by a derangement of the stomach. Take a dose of Chamberlain's Stomach and Liver Tablets to correct the disorder and the sick headache will disappear. For sale by Frank Hart and leading Druggists.

NATURE PROVIDES FOR SICK WOMEN. Lydia E. Pinkham's Vegetable Compound. A more potent remedy in the roots and herbs of the field than was ever produced from drugs.
