WHO DOES THINGS FIRST

RAILWAY NOT EXEMPTED.

Must Comply With Railroad Commission's Order.

Salem, Sept. 25.—By special order of the railroad commission, issued yesterday afternoon, the Portland Railway, Light & Power company will be obliged to comply with the provisions of the previous order of the commission prescribing rules and regulations governing the sanitation of passenger coaches and depots, as applied to other railroad and transportation companies operating in the state, but the company is exempted from supplying toilet rooms for its cars until such time as complaint is made against such omission and the company will have appeared before the commission and show cause why this accommodation should not be furnished.

Several weeks ago the railroad commission issued an order requiring all railroad and transportation companies in the state to furnish better sanitary and other accommodations to the traveling public than has been their wont in the past, and especial stress is laid upon toilet rooms and accessories in the coaches and depots and to the lighting of waiting rooms and platforms. The Portland Railway, Light & Power company, however, entered strong objections to the application of this ruling on the ground that it is not a common carrier in the sense of the order, but the commission, after thorough investigation, decided that there was no ground upon which the Portland corporation should be exempted from the order, hence the order of yesterday.

JEWEL THIEF GETS FIVE YEARS.

Greene Convicted of Robbing Tiffany's London Store—Rorer Freed.

LONDON, Sept. 25.—Arthur P. Greene and Charles Rorer, two Americans extradited from New York, charged with robbing Tiffany's London store and Bond Street jewellers of gems valued at between \$25,000 and \$30,000, have been tried at Old Bailey, the case ending today.

Rorer was discharged but Greene was sentenced to five years penal servitude and recommended for deportation at the expiration of his sentence.

LARGE NUMBER REGISTER.

SALEM, Sept. 25.—A large crowd of young men and women filled the registration halls of Willamette university upon its being opened yesterday for the beginning of the school year. A great many strange faces were seen while large numbers of old students chatted in the halls and renewed acquaintance. The registration is not completed, although the committee was at work from 8 o'clock in the morning until 5 o'clock in the afternoon.

For the benefit of the new students and especially those who are away from home, the Y. W. and Y. M. C. A. of the university have opened their rooms and are conducting a news and employment bureau where those desiring work or rooms may make their wants known and be given satisfaction. The associations work together and help a great many students in this regard.

Today the first chapel service will be held and the semester officially opened. The indications so far point to an active year in student activities and great doings may be heard from student enterprise and spirit.

Coach Chase is rounding up all the football material that the university at present affords and is beginning to put the boys through the pace up and down the field, to get the "summer fat off their frames," as he terms the exercises. At any rate when they are all out the line up will be pretty husky and formidable, though for a time, it was feared that the local institution would be handicapped by the loss of some of the "old stars."

An Insidious Danger

One of the worst features of kidney trouble is that it is an insidious disease and before the victim realizes his danger he may have a fatal malady. Take Foley Kidney Cure at the first sign of trouble as it corrects irregularities and prevents Bright's Disease and diabetes. T. F. Laurin, Owl Drug Store.

Stop It!

A neglected cough or cold may lead to serious bronchial or lung troubles. Don't take chances when Foley's Honey and Tar affords perfect security from serious effects of a cold. T. F. Laurin, Owl Drug Store.

PLAN REFORMS IN COREA.

Reorganization of Japanese Administration Effective Soon.

TOKIO, Sept. 25.—A new official organization of the staff of the resident-general of Corea was presented to the privy council this morning and passed. It is believed it will be promulgated Saturday. The office of deputy-resident-general has been established, and it is understood Baron Sone, the late minister of finance in the Katsura cabinet, will be appointed to the post.

Another feature is the permission granted the Japanese minister of the Corean Government and others serving as Corean officials, to retain their official standing in the Japanese Government.

Marquis Ito, the resident-general of Corea, will leave for Seoul Sept. 23, and it is expected that upon his arrival there the new system of reform will be pushed, especially in the matter of the judiciary.

WRITES FOR INFORMATION.

He ordered Cars Delivered to One Month Ago.

SALEM, Sept. 25.—Scott Brenner, of Gaston, a member of the Federal Union Growers' Association, has written to the railroad commission stating that, on September 3, he ordered two boxcars for delivery at Cove Orchard, on the west side division of the Southern Pacific, and that he has failed to receive any relief or satisfaction up to date of writing, September 23. He asks for instructions as to what course to pursue to collect demurrage charges when the cars finally arrive.

The order, M. Brenner asserts, was placed with the local agent at Cove Orchard, and, the commission has instructed him, in accordance with the provisions of the demurrage law, that he is entitled to demurrage at rate of \$2 per day for each day after the expiration of the 48 hours after the order has been placed. Suit for the collection of demurrage should be brought in the ordinary way in any court of competent jurisdiction in the event the railroad company refuses to liquidate the claim when presented.

THREE SUBPOENAED.

MILWAUKEE, Sept. 25.—The United States Marshal Well has subpoenaed three Wisconsin men to appear before Judge Landis in Chicago in the suit against John R. Walsh. Walsh was the promoter of the Wisconsin & Michigan Railroad. The men subpoenaed are: S. N. Harrison, superintendent of the road, and W. T. Fitzgerald master mechanic, and B. C. Gowen of Marinette.

WAS BURNED TO DEATH.

Children Romping Near Fire Ends In Fatality.

SALEM, Sept. 25.—While playing around the camp-fire at Horst Bros' hop-yard, near Independence, Monday evening, the 5-year-old daughter of Mr. and Mrs. S. Clark stumbled and fell into the fire, and before help could reach her, was burned to death. No particulars of the sad accident could be obtained beyond the fact that the unfortunate child was romping with the other children of the camp when her foot became entangled in some brush and she fell headlong into the flaming embers and death was almost instantaneous.

GOOD SEED SOWN AT HAGUE.

Choate Cables Peace Conference Will Close on October 5.

WASHINGTON, Sept. 25.—The State Department today received a dispatch from Mr. Choate, the head of the American delegation to the Hague, indicating that the conference will close on October 5.

Although not all that Mr. Choate had hoped for was accomplished, he expresses the belief that the seed was planted which will produce fruit in the future, and that, on the whole, the cause of international peace has been advanced.
