TO REVOKE PATENTS.

Title to Nearly Two Thousand Acres Fraudulently Obtained.

ALBANY, Sept. 28.—Notices were filed this afternoon with County Auditor Froman that the United States had commenced action in the U. S. Circuit Court for Oregon, to cancel the patents obtained to 1920 acres of government land by certain persons. The actions were filed in the United States Court on the 20th of this month by Assistant United States Attorney for Oregon James Cole. The land which the government seeks to recover is located in the famous "11-7" district in Linn county, and embraces some of the finest timber land in the state. The land was acquired by the defendants under the homestead act, and the twelve homesteads of 160 acres each which the government would recover were patented on March 17, 1903.

It is alleged by the government that the patents obtained by the defendants were secured fraudulently. It is said that some of the defendants, in fact, are mythical persons and that the land in reality was secured by other parties. The defendants in the twelve actions filed in the U. S. Circuit Court are as follows:

Willis Burne, J. J. Collins, and Edmund Dorgan; Sebastian C. Dilley; Patrick Colburt; don Carlos Smith, J. J. Collins and Edmund Dorgan; John Reese; Pohn F. Foster, Geo. A. Howe; Mattie C. Lowell and George A. Howe; Ed Reese and W. E. Stearns; William McLaughlin and George A. Howe; Mary E. McCoy, A. O. Austin and George A. Howe.

Morning Astorian, 50 cents per month, delivered by carrier.

EUGENE'S FIRST CARS.

Trial Run Made From the Depot to the University of Oregon.

EUGENE, Sept. 28.—The electric cars were operated on the streets today for the first time and the occasion was a gala one for Eugene. Large crowds gathered on the streets to witness the starting of the cars, and just as soon as A. Welch, general manager of the Eugene & Eastern, and Tom Richardson, secretary of the Portland Commercial Club, alighted from the Southern Pacific train and took seats in the front car, the juice was turned on and while the band played and the people shouted the car whizzed up Willamette street and out on Eleventh street to the University of Oregon. The two other cars followed in quick succession. The real estate men occupied the last car with tin horns and whistles and rent the air with their discordant sounds. But anything to celebrate the event.

The cars went along without a hitch, but the track was a trifle rough on account of the accumulation of dirt in the rail groove. After the cars have been operated a few days this roughness will disappear and they will travel along as smoothly as those in Portland or any other city.

Best On The Market.

For many years Chamberlain's Cough Remedy has constantly gained in favor and popularity until it is now one of the most staple medicines in use and has an enormous sale. It is intended especially for acute throat and lung diseases, such as coughs, colds and croup, and can always be depended upon. It is pleasant and safe to take and is undoubtedly the best in the market for the purposes for which it is intended. Sold by Frank Hart and leading Druggists.
