

Important Announcement

Morse's Department Store Sold Out

And from this date will be known as the **BOSTON STORE.**

I wish to announce to the public that I have bought the entire stock and fixtures with lease of the Morse Department Store, at 63c on the dollar. This includes about \$12,000 worth of new merchandise, such as Comforts, Blankets, Dress Goods, Hosiery, Underwear, Ladies' Cloaks, Suits, Skirts, Furs, Fall and Winter Shoes and, in fact, a full line of fall and winter goods that were contracted for about six months ago and are now just coming in. While these goods are worth today about 25 per cent more than when they were bought by Mr. Morse, yet by securing the stock at such an extraordinary low price all these new and up-to-date goods will be thrown on the market at less than eastern manufacturers can produce the same for today. All old goods left from the Great Closing Out Sale just ended, will be put in bundles and lots and closed out at one-half and one-quarter their former price. We quote just a few prices to give the public some idea of the great opportunity of laying in their winter supply at about one-quarter what they would pay for the same in any other store in Astoria.

MUST OBSERVE STRICT RULES.

Training Table Established and Team Must Eschew Sweetmeats.

EUGENE Oct. 3.—From now on men trying for the football team at the University of Oregon will be expected to observe regular hours and the usual training rules. Such things as smoking staying out later than 10 o'clock, eating pie, cake and sweetmeats is under the ban.

The candidates must live in a way that is dangerous to germs that bring on any kind of sickness, and in fact are required to exist in a really healthful manner.

Coach Frost will soon put his men down to hard football. So far they have simply been taught some of the elementary rudiments. Frost has plenty of time for that, since it is nearly three weeks before the first game.

The punters are worked out and

every other man kept busy in his line. To see the coach handle his men is a pleasure to dozens of lovers of football each day.

Joseph Knapp, the engineer in charge of the timber testing station, left last night for Washington, D. C., where he will make out a bulletin of the reports and statistics obtained from the work of the timber testing plant during the last two years. Mr Knapp hopes to return in a short time to his work.

He believes that when the bulletin is finished and distributed that the Oregon lumbermen will realize the importance of the station more than at any previous time.

Trainer Hayward announces that two trophy cups and 10 individual gold medals will be given to class teams this winter. The first event will be a class race in a cross-country run of two miles. Each class will be represented by a team of five men. Two teams may be entered but the points on the other. The

team winning the most points will be given the trophy cup, and each man in the winning team presented with a medal. The event will be run off some time before the Christmas holidays.

On Washington's birthday a class relay race of five miles will be run. Each man will run five miles. The winning team in this instance will also be presented with a splendid trophy, and each man with a medal.

Quinsy. Sprains and Swellings Cured.

"In November, 1901, I caught cold and had the quinsy. My throat was swollen so I could hardly breathe. I applied Chamberlain's Pain Balm and it gave me relief in a short time. In two days I was all right," says Mrs. L. Cousins, Otterburn, Mich. Chamberlain's Pain Balm is a liniment and is especially valuable for sprains and swellings. For sale by Frank Hart and Leading Drug-gists.

TRIES TO DERAILED TRAIN.

DALLAS, Oct. 3.—Word came by phone today to Sheriff Chrisman while at luncheon that an Indian had attempted to derail No. 2 by throwing the switch just as she left the yards at noon. The conductor had seen the Indian and wired back to Agent Young who immediately notified the sheriff, who captured the red man putting him in the county jail for safe keeping until a complaint should be filed by the trainmen.
